

The City of Hailey, Ketchum, Sun Valley, Bellevue,  
Sawtooth Botanical Garden & Wood River Land Trust announce:

# Trout Friendly's Water-Wise Seminar Series

Explore landscape design principles focusing on water conservation and utilizing native plants to create a beautiful outdoor setting and home garden! **All Water-Wise seminars qualifies for the City of Hailey's Water Smarty Rebate program.** Join us this winter for this two part seminar to help create your own landscape design.

**Friday, Jan 18:**

**Design an attractive landscape** that embraces water conservation for all types of garden styles. **Kathy Noble** (Sawtooth Botanical Garden) will walk through the basic steps for creating a landscape design with a focus of water conservation and incorporating native plants into you landscape. You will use this knowledge to create your own landscape design for the next part of this seminar! **Cost: FREE**

**Time: 6:30-8:00 p.m.**

**Hailey City Hall**

**Thursday, Jan 24:**

**Bring your conceptual design to the landscape professionals!** Industry experts from **Clemens Associates, Gardenspace Design, Webb Landscape, Inc.** and **Sawtooth Botanical Garden** will review your conceptual design to fine tune your plans focusing on basic design principles, native plants and irrigation. **Cost: FREE**

**Time: 6:30-8:00 p.m.**

**Hailey City Hall**
