**ESTIMATED COST OF CONSTRUCTION:** \$ \_\_\_\_\_

**Guidelines:**

- Snow Load is 100 lbs. per square foot. All roof systems must be engineered to meet and/or exceed this requirement. Seismic Design Category is D1. Wind Load is Category II (115 mph).
- Roof work involving changes to height, slope, footprint, structural framing, or cavity insulation requires a Building Permit.
- Patching less than one (1) square foot does not require a Building Permit.

*The Completion of this Application Does Not Constitute a Building Permit*

**NOTE:** Original Permits are valid for 548 days; Extensions are valid for 180 days; A maximum of four (4) Extensions are allowed only; Demolition Permits are only valid for 90 days.

In the event there is a dispute between the owner and contractor as to the refund of the final inspection fee deposit and such dispute is not resolved within ten (10) business days of a demand for payment of the deposit, the city of Hailey shall be entitled to file an interpleader action in the Fifth Judicial District, Blaine County, Idaho, as provided by statute, and shall recover its attorney fees and costs as provided in Idaho Code §5-321.

I hereby acknowledge that I have filled in this application accurately to the best of my knowledge and that I agree to comply with all City Ordinances and State laws regulating building construction to the City of Hailey, Idaho.
