Re: Hiawatha Canal
Maintenance Program

Dear Mayor and City Council:

This spring the Hiawatha Canal Company is undertaking a maintenance program on major sections of the canal. This program will be phased over the next several years. The work will include removing vegetation, rocks and other obstructions, and clearing and straightening the canal channel.

As you know, the City has an easement along and uses the canal for municipal drainage purposes. The Board of the Canal Company would like to be placed on an upcoming council meeting agenda to discuss participation by the city in the maintenance program.

Sincerely,

Dave Cropper, President
Hiawatha Canal Company
