RE: In Support of the Transportation Enhancement Program

Dear Board Members:

Thank you for consideration of this letter in support of the federally funded Transportation Enhancement (TE) program. Our coalition of Idaho businesses, cities, counties, and non-profit organizations urge you to fully support this program and consider the TE program as an integral part of transportation planning. As more and more people call Idaho home, it is increasingly important that we work to create vibrant and livable communities. Please consider the TE program as an essential part in preserving Idaho's unique quality of life.

The TE program gives communities access to irreplaceable funds that support bikeways and pedestrian pathways, and the preservation of historic transportation corridors and structures. This program supports Idaho communities that seek to safely link important destinations by providing a funding source for sidewalks or bike paths. Transportation Enhancement funds can be used to create a greater sense of place and fund needed beautification projects through gateway landscaping. This program also supports the preservation of Idaho's history, such as the Oregon Trail and the Pony Express corridor. It is important to note that all of these amenities boost tourism in Idaho's rural communities. By providing pedestrians and bikers with dedicated paths or renovating an old train depot station, this program allows Idahoans to create and preserve livable communities in a fast-growing state.

In fiscal year 2009, the Idaho Transportation Department (ITD) expects approximately 5.5 million dollars in federal-aid expenditures for TE projects that will begin development in 2011. These expenditures amount to approximately 1% of the total ITD budget. To Idaho communities, this funding is considered priceless.

For instance, projects benefiting from TE funding in the northern Panhandle include the Bonners Ferry Pedestrian Underpass and the Dover to Sandpoint Community Trail. Both have had enormous positive impact in these communities. The underpass has created a safe passage across U.S. Highway 95 from the Kootenai River Inn and downtown Bonners Ferry, while the Dover to Sandpoint pathway is used regularly by commuters, high school sports teams, dog walkers and untold numbers of joggers, bicyclists, preschoolers and senior citizens.

Additionally, in 1999 and 2000, over 2 million dollars of TE funds were used to develop the Three Island Crossing State Park in Glenns Ferry, and the National Oregon/California Trail Center in Montpelier, Idaho. These historical museums take visitors through the pioneer experience of traveling along newly created transportation corridors such as the Oregon and California Trails in Idaho. These centers attract tourism to Idaho communities and provide innumerable social and economic benefits. These projects were highlighted in *Connections: The National Transportation Enhancement Clearinghouse Newsletter*. In this article, Patti Raino, then ITD Enhancements program coordinator expressed the true value of the TE program:

*“The Oregon Trail is Idaho’s first road, after all, and ITD has helped preserve that important piece of history through various programs **and projects that would not have been possible without the Enhancement funding.**”* (emphasis added).

These are just a few examples of how these relatively small projects greatly impact Idaho communities. As you consider budgeting alternatives and the importance of various programs during this Board meeting, we urge you to consider the many direct and indirect benefits of the TE program. The TE program funds projects that build better communities, provide Idahoans with safe alternative transportation options, preserve Idaho’s historical heritage, and foster good- will between state and federal agencies. Limiting the TE funding opportunities that are currently available to Idaho communities would be depriving Idahoans of important quality of life options. We urge you to support the Transportation Enhancement program to the full extent possible.

Sincerely,

List groups

Hi Trina,
Somebody is going to hate me there, but my name change for the Music Festival has been overruled on our side. It needs to be the Rock n' Ride Music Festival rather than the Hailey Music Festival.

Sorry for the inconvenience.

Subject: Special Event Approval

Dear Piers:

Congratulations! The amendment request to change the date and name for the BCRD Rock N' Ride Special Event, scheduled for June 29, 2008, has been approved by the City Council. The special event now named the Rock N' Ride Music Festival is scheduled for June 28, 2008. Enclosed you will find an updated and signed copy of the City Council's Decision, as well as an Agreement form. Please sign the Agreement form, make a copy for your records and return the original to the City of Hailey. The Decision form and the permit certificate do not need to be returned.

Please note the following conditions connected with the approval of your event:

- A plan of the event layout; stage, parking, crowd, vendors; is required and is subject to Public Works Department approval.
- Traffic control needs to minimize parking at Lions Park and provide a means of closing off Lions Park parking. Traffic going to Lions Park and being turned around needs to be controlled.
- If more than 500 attend additional portable restrooms would be required.
- Park lighting for clean-up activities is minimal. If additional lighting is required for clean-up the applicant will need to provide it.
- Applicant will be responsible for repair of any turf and/or sprinkler damage.
- Any power requirements will need to be approved by the Public Works Department.
- List of contact cell phone numbers for that day will need to be provided.
- Signs and Banners may not be displayed more than 72 hours without a permit.

Thank you for choosing the City of Hailey as the venue for your Special Event.

Sincerely,

Mary Cone
City Clerk
