Dear Hailey Tree Committee:

I wanted to thank you for giving me the opportunity to serve the City of Hailey for the past few years. It has been a pleasure working with each of you and I have enjoyed being able to take part in helping to manage the trees of Hailey. Unfortunately I will be resigning my position with the Tree Committee. My family and I have decided it is time for us to be closer to our extended family back in the Midwest and we will be moving away at the end of the month. Thanks again for the opportunity to work with you and serve the trees of Hailey.

Best regards,

Dear Tree City USA Supporter,

On behalf of the Arbor Day Foundation, I write to congratulate Hailey on earning recognition as a 2012 Tree City USA. Residents of Hailey ought to be proud to live in a community that makes the planting and care of trees a priority.

Your community joins more than 3,400 Tree City USAs, with a combined population of 140 million. The Tree City USA program is sponsored by the Arbor Day Foundation in partnership with the U.S. Forest Service and the National Association of State Foresters.

As a result of your commitment to effective urban forest management, you already know that trees are vital to the public infrastructure of cities and towns throughout the country, providing numerous environmental, social and economic benefits. In fact, trees are the one piece of community infrastructure that actually increases in value over time.

We hope you are excited to share this accomplishment. Enclosed in this packet is a press release for your convenience as you prepare to contact local media and the public. If you wish to receive an electronic version of the release, please email Sean Barry, Director of Media Relations at sbarry@arborday.org and we will reply with a copy within one business day.

State foresters are responsible for the presentation of the Tree City USA flag and other materials. We will forward information about your awards to Gerry Bates in your state forester's office to coordinate presentation. It would be especially appropriate to make the Tree City USA award a part of your community's Arbor Day ceremony.

Again, we celebrate your commitment to the people and trees of Hailey and thank you for helping to create a healthier planet for all of us.

Best Regards,

John Rosenow
Chief Executive

FOR IMMEDIATE RELEASE:

Arbor Day Foundation Names Hailey Tree City USA

Hailey, ID was named a 2012 Tree City USA by the Arbor Day Foundation in honor of its commitment to effective urban forest management. This is the 5th year Hailey has earned the national designation.

Hailey achieved Tree City USA recognition by meeting the program's four requirements: a tree board or department, a tree-care ordinance, an annual community forestry budget of at least \$2 per capita and an Arbor Day observance and proclamation.

The Tree City USA program is sponsored by the Arbor Day Foundation, in partnership with the U.S. Forest Service and the National Association of State Foresters.

"Everyone benefits when elected officials, volunteers and committed citizens in communities like Hailey make smart investments in urban forests," said John Rosenow, founder and chief executive of the Arbor Day Foundation. "Trees bring shade to our homes and beauty to our neighborhoods, along with numerous economic, social and environmental benefits."

Cleaner air, improved storm water management, energy savings and increased property values and commercial activity are among the benefits enjoyed by Tree City USA communities.

More information on the program is available at arborday.org/TreeCityUSA.

MEMORANDUM

TO: Mayor Haemmerle, and City Council
CC: Heather Dawson
FROM: Mary Cone, City Clerk
RE: Animal Shelter of Wood River Valley
DATE: April 15, 2013

Mayor and Council:

In 2004 Hailey began a partnership with the Animal Shelter of Wood River Valley. Hailey needed resources to temporarily house running at large animals. The Animal Shelter needed funds to enable them to take in more temporary running at large animals. An annual contract for services met these needs. Hailey pays \$16,000 annually plus any unclaimed euthanized animals that are not eligible for adoption or who do not get adopted within a specified timeframe.

Although, the county has an animal control officer, the Hailey Police Department and Citizens in general, contribute to the running at large enforcement by impounding animals.

By contract, the Animal Shelter sends a quarterly report on its activity. The report groups the data by month and by categories – Reclaimed and Unclaimed. If animals are not reclaimed within 5 business days, the shelter begins the process of health evaluations, immunizations, micro-chip placement and spayed/neutered - enabling adoption eligibility for these animals. Sometimes a litter of animals are found, these are identifiable by having the same description (Species, Breed, Sex), Location of Pickup, and Impounded By information. License fees are not collected for 3 situations: 1) animal is younger than 6 months old – too young to give rabies shots to 2) Animal already has a license 3) animal does not reside in the Wood River Valley.

Attached is the Animal Shelter's report on its previous quarter activity.

Thanks,

Mary
