

Hailey Fire Department
PERMIT FEE SCHEDULE (Revised May 2006)

General Fire & Life Safety Plan Review Requirement: (35% of Building Plan Review Fee)

All new building construction and remodel projects will be subject to a general fire safety and life safety site review. This site review will insure that adequate fire lanes, signage, hydrants, and other fire safety features are addressed in the planning stages. Building located within the designated Urban/Wildland interface areas, will be reviewed for special requirements pertaining to that hazard. This fee will also include the local plan review and installation permits necessary for the installation fire suppression system or fire alarm system that may be required for the building, when the plans for these systems are submitted concurrently with the initial building construction plans.

Exemptions

Single family and duplex dwellings are generally exempt from this inspection and fee if they:

- are less than 35 feet in height, or
- are not located within a designated Urban/Wildland Interface zone, or
- have a total floor area less than 9,400 Square feet.

Fire Protection System Installation Permits:

Basic permit fees for a fire sprinkler and fire alarm systems are waived when complete plans for these systems are submitted to the city concurrently with the building construction plans. Fire suppression and/or alarm system plans submitted after the building permit application shall be assessed an additional fee equal to 35% of the Building plan review fee This fee is apportioned as follows:

- 5% Fire Alarm System Plan Review
- 5% Fire Alarm Installation & Inspection
- 10% Fire Sprinkler System Plan Review
- 15% Fire Sprinkler Installation and Inspection

Fire suppression and/or alarm system plans not associated with any building permit shall be subject to an hourly assessment for time spent reviewing and inspecting that system, or a fixed fee as established below

Installation/Construction Permits:

Installation/Construction permits are issued for the installation of life safety systems within a building, and require additional technical inspections to insure that they have been professionally designed, installed and maintained according to approved plans.

- 105.7.1 Automatic Fire Suppression System Installation:
 - Fire Suppression Sprinkler Systems See Attached Schedule**
 - Commercial Kitchen Hood Extinguishing Systems \$125.00**
 - Special Chemical Agent Extinguishing Systems \$125.00**
 - Other Special Fixed Fire Suppression Systems \$125.00**
- 105.7.3 Fire Alarm or Detection System Installation See Attached Schedule **
- 105.7.4 Fire Pump Installation See Attached Schedule**
- 105.7.9 Private Fire Hydrant Installation \$ 75.00**
- 105.7.11 Standpipe System Installation \$ 75.00**
- 105.6 Underground Tank Removal \$ 35.00

Operational Permits:

Operational permits are issued to businesses and persons who have operations that are regulated by the International Fire Code (IFC). These items may include the storage of a hazardous substance that exceeds the exempt amount as specified in this code. Specific Processes may also be regulated due to the specific hazard presented by these occupancies. All Operation Permits will have a specified expiration date.

105.6.1	Aerosol Products	\$ 25.00 (Five Year Permit)

105.6.4	Carnivals and Fairs	\$125.00 (Single Event Only)
105.6.5	Battery Systems	\$ 35.00 (per installation)
105.6.6	Cellulose Nitrate Film	\$ 35.00 (Five Year Permit)
105.6.7	Combustible Dust-producing Operations	\$ 35.00 (Five Year Permit)
105.6.8	Combustible Fiber Storage	\$ 35.00 (Five Year Permit)
105.6.9	Compressed Gases	\$ 35.00 (Five Year Permit)
105.6.10	Covered Malls	\$ 35.00 (per Display or Activity)
105.6.11	Cryogenic Use or Storage	\$ 35.00 (Five Year Permit)
105.6.12	Cutting or Welding Operations	\$ 35.00 (Five Year Permit)
105.6.13	Dry Cleaning Plants	\$ 35.00 (Five Year Permit)
105.6.14	Exhibits and Trade Shows	\$125.00 (Five Year Permit)
105.6.15	Explosives and Fireworks Use or Storage	\$100.00 (One Year Permit)
105.6.16	Fire Hydrants Use	\$ 25.00 (Valid for One Week) \$200.00 (Valid for One Season)
105.6.17	Flamm. or Comb. Liquid (Use or storage)	\$100.00 (Five Year Permit)
105.6.18	Floor Finishing	\$ 35.00 (Single Event)
105.6.19	Fruit Ripening	\$ 35.00 (Five Year Permit)
105.6.20	Fumigation	\$ 35.00 (Five Year Permit)
105.6.21	Hazardous Materials Storage	\$100.00 (Five Year Permit)
105.6.22	Hazardous Production Materials	\$100.00 (Five Year Permit)
105.6.23	High-piled Combustible Storage	\$ 35.00 (Five Year Permit)
105.6.24	Hot-Work Operations	\$ 35.00 (per Operation)
105.6.25	Ovens, Industrial Baking or Drying	\$ 35.00 (Five Year Permit)
105.6.26	Lumber Yards	\$120.00 (Five Year Permit)
105.6.27	Liquid or Gas Fueled Vehicles	\$ 35.00 (per display event)
105.6.28	Liquefied Petroleum Gases (LPG)	\$ 35.00 Temp. Installation (12 Mo.) \$125.00 Perm. Installation (5 Year)
105.6.29	Magnesium Working	\$ 35.00 (Five Year Permit)
105.6.30	Miscellaneous Combustible Material Storage	\$ 35.00 (Five Year Permit)
105.6.31	Open Burning	\$ 15.00 (per event)
105.6.32	Open Flame & Candles	\$ 35.00 (Five Year Permit)
105.6.33	Organic Coatings	\$ 35.00 (Five Year Permit)
105.6.34	Places of Assembly	\$ 35.00 (Five Year Permit)
105.6.35	Use of Private Fire Hydrants	(Not Applicable, see 105.6.16)
105.6.36	Use of Pyrotechnic Special Effects Material	\$ 35.00 (per event)
105.6.37	Use of Pyroxylin Plastics	\$125.00 (Five Year Permit)
105.6.38	Refrigeration Equipment	\$125.00 (Five Year Permit)
105.6.39	Repair Garage and Service Station	\$125.00 (Five Year Permit)
105.6.40	Rooftop Heliports	\$ 35.00 (One Year Permit)
105.6.41	Spraying or Dipping Operations	\$125.00 (Five Year Permit)
105.6.42	Storage of Scrap Tires & Byproducts	\$125.00 (Five Year Permit)
