FEMA Map Revisions Completed in Woodside Some Floodplain Boundaries Revert Back To Pre-2010 Boundaries

(Hailey, Idaho) The City of Hailey has successfully applied for a FEMA Letter of Map Revision (LOMR) to correct errors made on the 2010 revision of the FEMA flood maps. The floodplain boundary has been moved back to the approximate location of the line prior to the 2010 flood map revision.

Properties put in the floodplain as a result of the 2010 remapping may now be eligible for a refund of insurance policy costs required by lenders. Contact Jim Zarubica, the Hailey Floodplain Administrator, at 788-9830 x17 for more information. The City of Hailey is happy to help provide copies of supporting documents property owners may need to provide to lenders and insurance agents when seeking a refund.
