## Department News

### Please Use Your New Utility Bill Account Number for Proper Credit

Several months ago, the City of Hailey changed all utility bill account numbers in preparation for metering this year. If citizens return their payment stub with their check, the city can easily determine where to apply the payment. But when payments come in with no stub, and an incorrect account number (or no account number) on the check, it is sometimes difficult to know where to apply the payment. The checks we receive from those who bank online are particularly difficult to track.

Please make a note of your new account number, and reference that number on your check – especially if you bank online.

Also, account numbers beginning with “99” are properties which have not yet been assigned to a specific route. When the property is assigned to a specific route, the account number will change. So if you have an account number beginning with “99” please keep an eye on this number each month when you receive your City of Hailey bill.

The City of Hailey appreciates your patience with this process.

## Q&A

**Q.** Do I need a new business license if I move from one business location to another within the city?

**A.** Yes. Title 5 of the Hailey Municipal Code says that all business licensing is tied to location. So if you move, you have to apply for a new license.

## Calendar
