Good idea, we should do that...so if max is nine and we currently have eight, (Morgan & Jim resigned), then if others currently serving wish to be reappointed we will have room for two more, correct? Should I, or Lisa, send an email to all current board members up for reappointment at end of 2018 asking if they wish to be reappointed for another 3 year term? Oh, wait, just noticed Toni Whittington is not on this list?

Attached is the last appointment resolution. Not only do you have attrition, but seats are up for reappointment in a few months. We could get this all done at once if we identify who wants to be reappointed.

Heather

Subject: Arts & Historic Preservation

Hi Heather:

I'm interested in serving on the Arts Commission in Hailey. I am currently serving on the Tree Committee, so I'm not sure if it's protocol to serve on two committees. The tree committee typically meets one time per month, however, we don't meet during the summer and this month we couldn't meet because not enough members could attend and we needed a quorum. I may be the only non-aborhist in the group, so I'm not sure how helpful I am, but I do love trees!

I have an idea for an art project that I learned about while doing research earlier in the spring at DePauw University in Greencastle, Indiana.

Thanks for the consideration, Heather. Please let me know if you need additional information from me.

Kind regards,

Hello Heather, it was nice to chat the other day and learn a bit more about this appointment. I would like to toss my hat in the ring for this commission. Being a 4th generation Hailey resident I show the ability to last the test of time.

While I worked for Blaine County for 22 years, before that I worked for both the Gail Severn Gallery and Friesen Gallery in Ketchum. I enjoy all kinds of art and would like an opportunity to help review public art for our town.

I will be out of town until October 6th, but if the position is still available and you would like to discuss this further I would love the opportunity. Thanks again for our chat.

Enjoy Each Day - Michele Ovard Johnson

Gee, I try to stay away from formalities, in my retired self...! The email should be good enough, I think.
Thanks..! PK
