Hailey Public Library
Attention: Board of Trustees & Executive Director

All,
I would like to formally request Board of Trustees to consider retaining me as a Member of the Hailey Public Library Board of Trustees for the next full term of service. It has been my pleasure to serve on the board and it would be my honor to continue to do so.

I look forward to hearing from you.
Best regards
Ron Hayes

Mrs. LeAnn Gelskey, Director
Hailey Public Library

Dear Ms. Gelskey:

You may recall last October I threw my name in the hat for a vacant trustee position on the Hailey Library board. I saw a recruitment notice for another vacancy on the board. Please know I remain interested. I reside at 1660 N. 2nd Ave. and have been a resident of the City of Hailey for 11 years and a library patron for almost as long. I retired three years ago from the U.S. Forest Service after a 31 year career. During my career, I was mostly employed as a civil engineer, and spent the last 8 years of my career as the head of the Sawtooth National Recreation Area. I have served as a director and officer for local chapters of professional societies such as the American Society of Civil Engineers and the National Society of Professional Engineers. I also served on the Board of Directors for the non-profit Gold Creek Child Development Center in Juneau, Alaska in the mid-1990's and before that I was on the board of the Forest Service Credit Union. From these roles, I gained a tremendous amount of experience over the years in developing and managing plans, budgets, programs of work, volunteers (individuals and organizations), and paid employees.

I am married To Bill Brimstein, have a daughter, Morgan Brimstein, who is a student at Boise State University and have a son, Wesley Brimstein, who is a student at Wood River High School. Since retirement, I have supported a number of local non-profits in a variety of ways. Notably, the Crisis Hotline, The Senior Connection, the Wood River High School Debate Team, Blaine County Recreation District, the 5th Judicial District Court Appointed Special Advocate Program (Guardian ad Liteum), and the Wood River High School Parent Teacher School Association.

You may be curious about my interest in this specific position. I spent my teenage years residing in an urban environment. My parents owned a retail, wholesale business and we lived in an apartment above it. With few other teens nearby, I spent many happy hours haunting the stacks of books or curled up in a chair with a book or magazine in the county library - which happened to be located on the next block. Libraries have always been special to me, not only for the fond memories that one specific library holds for me from my youth, but for the sense of place and heart they bring to the communities in which I have lived. The Hailey Public Library is an outstanding asset to our community and I would be honored to apply my skills and efforts in assuring it remains a growing, vibrant and relevant asset to our community.

If you need any additional information please feel free to contact me.

Thank-you for your consideration,

Sara Baldwin

LeAnn Gelskey, Library Director
Hailey Public Library
7 West Croy Street
Hailey, ID 83333

Dear LeAnn:

I am interested in the vacancy on the Hailey Library Board. As a recently retired high school English teacher, I would like to serve and contribute to our community and its reading needs. I am somewhat familiar with the demands of serving as a trustee, as I served for several years on the Ezra Pound Association Board of Directors, as well as the Hailey Library Board in 1991.

My previous experience on the library board was in the midst of an all-consuming career that forced me to relinquish my appointment. At that time I felt I could not commit myself to the extent I would have liked due to my obligations to Wood River High School students, administration, and programs. However, at this time I have no such commitments that would interfere with serving on the library board. In fact, I would be grateful for the time to dedicate myself fully to the needs of the library and its patrons.

As a former educator, I truly believe that literacy in all its forms-reading, writing, speaking, listening, viewing-is not only the cornerstone to maintaining a democracy, but also the source of pleasure, understanding, and personal power. Any opportunity I have to extend this experience in any capacity to our public is truly a welcome occasion.

Thank you for your consideration.

Sincerely,

Darlene Dyer

Subject: Library Board

To Whom It May Concern,

I recently learned of a vacant seat on the Library Board and would like the opportunity to apply. I have had a love of the written word that started at a young age and have fond memories of the stacks at the Community Library in Ketchum. In this technology based age I still find great comfort between the covers of a book. Libraries are a community resource that I feel should never be lost in time. They are a living, breathing part of every community. I realize as we move into the future that our libraries will have to mold to fit the times, I want to be a part of not only pushing forward but conserving the traditional library atmosphere.

I am a long standing member of the community growing up in Elkhorn and setting my roots in Hailey. I have been a member of Hailey Fire Department for almost 5 years and currently sit as the President of the Hailey Firefighters Association. In recent years I have worked to set up programs such as Recovers.org with Leann Gelsky and Chief Chapman (which we implemented the use of during the Beaver Creek Fire) and with support from Chief Aberbach I have pushed for our department to give more to our community and the endeavors our community cares about, including getting involved with Relay For Life.

Leann has invited me to stop in on Wednesday evening to meet you all and I look forward to the opportunity.

With All the Best,

Danielle A. Edelman

Subject: Re:

2014

Hello my name is Tammy Shiner; I would like to serve on the Hailey Library Board. I have a deep love for all things printed and am excited to see what the future holds for the library in the way of multimedia while still preserving the essence of the library. I know I can bring a fresh perspective to the position. I have lived in the valley for 12 yrs.; the very first thing I obtained was a library card. Currently I am a kitchen manager at the BCSD and have been for 10 yrs. I can appreciate the boundaries of working within a budget, managing inventory, and supervising employees. As a kitchen manager I interact with the public on a unique scale I feed their children and it's a balancing act between following the rules and pleasing the parent which sometimes this does not meet eye to eye. I love my job because of this factor it gives me the opportunity to make a difference in a child's life to teach them to make better choices about nutrition. I keep the parent happy because I care about what I am serving to their child. I currently hold the title of President of the School Nutrition Association's "What's for Lunch Bunch". The SNA is a national association for food service workers and helps us with training and has different levels service, as a group we perform community service thru fundraising for school programs, as well as the promotion of healthy meal and benefits making good choices. I love my career in child nutrition, it allows me the joy of doing something I love and I make a difference in the lives of the children in this community.

Thank you for your time, and consideration
