AGENDA ITEM SUMMARY

DATE: 05/04/2011  DEPARTMENT:  Library  DEPT. HEAD SIGNATURE:  LeAnn Gelskey

SUBJECT
Laura Moore Cunningham grant application

AUTHORITY:  □ ID Code  □ IAR  □ City Ordinance/Code

BACKGROUND:
Sandy Fahey attended a grant writing class at CSI. As part of this class, the students were asked to write a grant. Sandy chose a grant that has the potential to be a viable grant for the library and patrons.

FISCAL IMPACT / PROJECT FINANCIAL ANALYSIS:
Budget Line Item # 1004541549 (Special Projects/Grants)  YTD Line Item Balance $________

The award is $5,000 and would be used to purchase ten laptop computers, a cart to house the computers in that also recharges the computers, and advertising. The computers would be used in house and off site. As part of the outreach, classes will be offered to senior citizens and the Hispanic community in internet basics and other topics of interest.

AGENDA ITEM SUMMARY

SUBJECT:
Motion to approve selection of Historical Research Professional TAG to conduct research for the Hailey Historic Crossroads Project, a project focused on four National Register Historic Places on the corners of Bullion and First Ave in which the researcher will compile a complete history of the buildings and occupants, with photographs, for the Hailey Historic Preservation Commission for a flat fee of $1,500.

AUTHORITY: □ ID Code □ IAR ___________ □ City Ordinance/Code (P7L Bylaws)

BACKGROUND:
The Hailey Historic Preservation Commission, under the terms of a Federal Preservation Grant administered through the State Historic Preservation Office (SHPO), put out a request for proposal to professional historic researchers to bid on the Hailey Historic Crossroads Project. Two proposals were received, both from highly qualified researchers who have completed successful projects with the City of Hailey in the past and have resumes including the same types of projects with other entities. With the primary difference between the two proposals being cost, the selection team (Hailey City Administrator and Hailey Historic Preservation Commission Chair) recommend the approval of TAG’s proposal for $1,500, compared to the $2,500 proposal from Madeline Bukcendorf.

FISCAL IMPACT / PROJECT FINANCIAL ANALYSIS:

Dear Ms. Dawson,

We are pleased to submit a proposal for Historical Research on Four NRHP Properties. Attached are our proposal, selected project list and vitas. We have enjoyed working with the Hailey Historic Preservation Commission in the past and would appreciate the opportunity to work with them again.

We’ll look forward to hearing from you.

Sincerely,

Barbara Perry Bauer, M.A.
President

Proposal

Historical Research on Four NRHP Properties
Hailey Historic Crossroads Brochure

Submitted to
Hailey Historic Preservation Commission

by
TAG Historical Research & Consulting
(a/b/n The Arrowrock Group, Inc)

April 26, 2011
The Hailey Historic Preservation Commission (HHPC) is seeking a consultant to conduct historical research on the four National Register of Historic Places (NRHP) properties located at the intersection of Bullion and 2nd Streets in the City of Hailey. The four properties are the C.B. Fox House, the Eben and Elizabeth Chase House, the Masonic Lodge and the Episcopal Church. Three of the four properties are listed on the National Register of Historic Places. The project tasks will include a complete history of those buildings, their occupants and the evolution of the intersection/neighborhood where they are located, including the historic sidewalks associated with these projects. Representative photographs of the project will also be required. It is our understanding that the historic narrative and photographs will be edited for use in an educational brochure. This proposal does not included services to edit the content for the brochure.

**Final Products**

Final products will include two (2) hard copies of the historical research report with photographs (one each for the SHPO and Hailey HPC) and one (1) electronic copy of report and photographs for SHPO.

**Qualifications**

TAG Historical Research and Consulting has been in the business of cultural resources services since 1993. Our firm has the qualifications needed to complete this project. We have extensive experience in documentation of historic properties and writing architectural descriptions. We have completed numerous historic sites surveys and documented thousands of buildings throughout the state. Our work meets the standards of SHPO and the National Park Service. Please see the attached list for a full description of site surveys, HABS/HAER documentation and National Register Nominations.

Our knowledge of Idaho history is considerable and we have experience in providing historical narratives for publication. We provided historical research, content selection, text, graphic design and fabrication for two interpretive exhibits for the Idaho State Historical Society, including an exhibit at the Lorenzo Hatch House/Pioneer Interpretive Center in Franklin. Idaho (installed November 2009) and the Rock Creek Station/Stricker Home near Hansen, Idaho (installed November 2010). In 2010 we provided historical research, content selection and text for an interpretive panel on “The Hat,” a stop on the historic interurban railway located at the College of Idaho in Caldwell for the Caldwell Historic Preservation Commission.

*Proposal*  
*Hailey Historic Preservation Commission*  
*TAG Historical Research & Consulting*  
*April 2011*  

2
We provided similar services in 2009-2010 to the Boise Historic Preservation Commission for a publication and walking tour titled "Shaping Boise: A Selection of Boise's Landmark Buildings." An electronic copy can be viewed at the following website: 

Other similar projects include a tour brochure for the newly remodeled Idaho State Capitol titled Capitol of Light, published in 2010 by Idaho Legislative Services and an update of a traveling exhibit on the history of woman suffrage in Idaho for the Idaho State Historical Society...

Personnel

Barbara Perry Bauer (MA, Public History) and Elizabeth Jacox (BA, History), co-owners of TAG Historical Research & Consulting, are historians specializing in community and local history, historic preservation and environmental history. Our knowledge of historical sources in Idaho is comprehensive and our experience includes research conducted at the Public Archives and Research Library, Idaho State Historical Society; local, state and county historical societies; the National Archives; and university, regional, and local libraries and archives. We have completed projects in Hailey and are familiar with the history of the area.

Both consultants qualify as historic preservation professionals under CFR 61, Appendix A of the Code of Federal Regulations. TAG Historical Research & Consulting is a women-owned business and certified in Idaho as a Disadvantaged Business Enterprise (DBE) and listed on the Term Agreement with the Idaho Transportation Department.

Budget

Under this proposal, TAG will provide the requested services by June 30, 2011 for a flat fee of $1,500.00 (including expenses). It is our understanding that the contract will be awarded by May 11. If the contract award is delayed, the final product delivery date will be negotiated.

References available on request
TAG Historical Research & Consulting incorporated in 1994 as The Arrowrock Group, Inc., with the goal of providing quality historical research services to clients. In 2005 we adopted a new business name to more clearly define our company. Our services have expanded to include Section 106 documentation, preparation of National Register of Historic Places nominations, litigation support services, creation of narrative text for interpretive exhibits, house histories, and museums collection management consulting. A woman-owned business, TAG is certified as a Disadvantaged Business Enterprise (DBE) by the Idaho Department of Transportation. We support the history community by mentoring high school and university students with an interest in history and historic preservation. TAG is the proud recipient of the 2009-2010 Mayor's Award for Excellence in Art & History/Business Support of History.

Barbara Perry Bauer received her B.A. in history from Boise State University in 1985 and her M.A. in Public History from Boise State University in 2000. She has worked for the Buffalo Bill Historical Center, Cody, Wyoming, and served as director of the Basque Museum and Cultural Center in Boise. Her master's thesis was an interpretive narrative and exhibit for the Boise Depot. With a special interest in the history of neighborhoods and urban development, she has been the project manager for historic site surveys in Boise, Caldwell and Ada County and has given public presentations on local and neighborhood history. She is liaison for all transportation and communications-related Section 106 compliance projects. She recently served as project manager for the development of an interpretive plan for a historic ranch located near Rawlins, Wyoming, and was manager for two exhibit projects for the Idaho Historical Society. Barbara is a member of the Boise City Arts and History Commission and is in charge of coordinating the Depot Day Celebration for the Commission. She is currently working on a book about the history of South Boise.

Elizabeth Jacox has more than 30 years of experience in the field of historical research. She received her B.A. in history from Idaho State University in 1980. For fourteen years she worked as librarian at the Idaho State Historical Society Library and Archives where she was responsible for managing the historic photograph collection and assisting the public with research in special collections and archives. With TAG she has served as project manager for historic site surveys in Nampa, Pocatello, Weiser and Hailey, and written National Register of Historic Places nominations for neighborhoods in Nampa and Pocatello, as well as the Hailey Masonic Lodge. She coordinated a records management project for the Idaho Department of Lands and managed a project to assist the Jerome County Historical Museum in managing a special collection of artifacts related to the World War II era Japanese relocation center at Hunt, Idaho. Elizabeth recently completed a 3-year elected term as a small business representative on the board of the American Cultural Resources Association and remains an active member of several ACRA committees.
Dear Ms. Dawson:

Attached are a proposal for the Hailey Historic Crossroads Project for the Hailey HPC and my resume. I have conducted previous historic preservation projects for the City of Hailey, and nominated two of the properties under consideration to the National Register of Historic Places.

I submitted two different budgets in my proposal. As we discuss over the phone, I was not clear on what type of photographs were needed for this project. I tried to get in touch with Rob Lonning and Ann Swanson of the Idaho SHPO, but both were unavailable to answer my calls. If new photographs need to be taken, or if photographs need to be reproduced from another library's collections, there are costs involved. I explained these costs in my proposal.

If I am chosen to conduct this project, the Hailey Historic Preservation Commission can indicate whether they want Budget A or Budget B.

Thank you and the Hailey HPC for your consideration of my proposal.

NOTE: COULD YOU PLEASE RESPOND TO THIS E-MAIL, SO I KNOW YOU ACTUALLY RECEIVED IT? THANK YOU.

Sincerely,

Madeline Buckendorf
Madeline Buckendorf Consulting, LLC
208-454-3435
Introduction

The following document is a formal proposal by Madeline Buckendorf Consulting, LLC, to conduct the following project:

- Conduct historical research on the four National Register of Historic Places (NRHP) properties located at the intersection of Bullion and 2nd Streets in the City of Hailey. The four properties are the C.B. Fox House, the Eben and Elizabeth Chase House, the Masonic Lodge and the Episcopal Church.

- Compile a complete history of those buildings, their occupants and the evolution of the intersection/neighborhood where they are located, including the historic sidewalks associated with these properties.

- Acquire representative photographs of the properties and area.

This work will be conducted for the Hailey Historic Preservation Commission (HPC).

Professional Qualifications

Madeline Buckendorf has worked for 30 years in the fields of historical research and historic preservation. She holds an M.A. in Public History and is certified as a Historic Preservation Specialist under 36 CFR 61, Appendix A, of the Code of Federal Regulations.

Madeline Buckendorf has successfully completed historic research and reports for over 19 Nominations to the National Register of Historic Places (NRHP), and for numerous Section 106 and 110 documents. The nominations included the Eben S. Chase House, The Fox-Worswick house, and the former Rialto (Hailey) Hotel in Hailey, the former Mountain States Telephone and Telegraph Company building in Meridian, Caldwell’s Steunenberg Residential Historic District, and the Bushnell-Fisher House in Eagle.

Madeline Buckendorf has written several Historic Context Statements, including one done in 2011 on the development of the Hailey townsite, on mining sites surrounding Baker City for the Oregon BLM, Vale District; The Naval Reactors Facility at the INL near Arco; and for Sun Valley environmental planner Will Miller on the Crystal Creek (formerly Diamond Dragon), Spring Valley, and Democrat Gulch properties in Blaine County.

Her clients include the Army Corps of Engineers, BLM, USDA National Forest, Bureau of Reclamation, Idaho Transportation Department, several city and county historic preservation commissions, engineering firms, and environmental planners in Blaine and Ada counties. Please see the attached resume for more details.
Scope of Work and Deadlines

Earlier historic site survey records and National Register Nominations of the four buildings will be examined and information extracted from them, as well as from early Sanborn Fire Insurance Maps, newspapers, and other sources of historical information. The information will be compiled into a draft of the brochure text, with the appropriate photographs appended to it. A bibliography of all sources examined will also attached.

PROJECT SCHEDULE

Once the award is granted, the following is an estimated timetable for completing the intensive-level survey:

- **June 30, 2011**—Draft of the brochure text and photocopies of pictures will be developed and turned in to the SHPO and Hailey HPC for review;

- **July 15, 2011**—final revisions to the brochure text will be made, and the final photographs will be included to produce the end products delivered to SHPO and Hailey HPC.

PROJECT END PRODUCTS

The following products will be delivered:

- Two (2) hard copies of the brochure text with photographs (one each for the SHPO and Hailey HPC).

- One (1) electronic copy of same to SHPO.

BUDGET

Two different budgets are proposed, depending on the type and format of photographs to be copied for the brochure. Both budgets includes costs for the following items: research, writing, mileage, photocopies, maps, discs, and other indirect costs such as liability insurance, telephone, and supplies.

**Budget A:**
- If the photographs that are already on file with SHPO and HPC can be used, then there should little in the way of costs except for having copies made.
- **The Total Amount for Budget A:** $2,500.00

**Budget B:**
- If new photographs need to be taken and developed in a high-quality format; or, if photographs need to be copied from Ketchum Community Library and the Idaho State Archives, more costs are involved. Ketchum Community Library charges anywhere from $30 to $50 per photo. The Idaho State Archives charges $12 to $50 per photograph, depending on the size of the photograph. The taking and developing of new photographs would require work time, travel, and processing costs.
- **The Total Amount for Budget B:** $3,000.00
AGENDA ITEM SUMMARY

DATE: 04/27/2011 DEPARTMENT: Hailey Arts Commission DEPT. HEAD SIGNATURE:

SUBJECT:
Hailey Community Climate Challenge
Just Bag It! Temporary Public Art Project
Artist Selection / Contract

AUTHORITY: ☐ ID Code □ IAR ☒ City Ordinance/Code 2.32, 3.08

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:
The Hailey Community Climate Challenge includes the installation of a temporary public art project as part of the Just Bag It! project component. A Call to Artists was issued, proposals were received and a selection panel comprised of a Hailey Arts Commissioner, an artist and the Hailey Community Climate Challenge project manager met on April 26 to select an artist.

The artist will receive a cash fee of $700 and a $100 gift card from each of the three Just Bag It! partners – Atkinsons’, Albertsons and King’s. The artwork will be displayed for the month of July and the first two weeks of August, for approximately two weeks at each partner store.

The selection panel recommended the award go to artist Sheila Kelley. Sheila was also the artist for last year’s project. That recommendation was forwarded to the Arts Commission, which reviewed the matter at its regularly scheduled May 5 meeting. The Arts Commission unanimously approved the recommendation of Sheila Kelley to receive the award for the Just Bag It! temporary public art project.

The artist’s proposal and a contract letter are attached for reference.

Subject: *Just Bag It!* Temporary Public Art Installation

Dear Sheila:

Congratulations! You have been selected to fabricate and install a temporary public art project as part of the *Just Bag It!* program. Please review the following conditions of the award, sign this letter and return the original to the City of Hailey. I will then send you a complete, signed copy for your records.

1. The project that is fabricated and installed will be as presented in the artist’s application, with the modifications documented in this letter. Any additional proposed changes by the artist must be pre-approved by the Hailey Public Art Coordinator.

2. One work will be fabricated under this agreement. The work will be installed at the Hailey Atkinsons’ for approximately two weeks, Hailey Albertsons for approximately two weeks and King’s for approximately two weeks.

3. The work will be installed by the artist no earlier than June 27 and no later than July 1, 2011. The work will be dismantled/removed by the artist no earlier than August 13 and no later than August 17, 2011.

4. The scale of the proposed project must be appropriate to the specific installation locations. The artist will coordinate with Atkinsons’, Albertson’s and King’s to determine whether the 4’ x 4’ base can be adequately accommodated in each of the three venues.

5. The artist will design the arm positions of the figure such that they will not be hung upon by children.

6. The reusable bags attached to the figure must accommodate the venue (Albertson’s bags when at Albertson’s, Atkinsons’ bags when at Atkinsons’). The artist will coordinate with King’s on the bags to use for that venue.

7. The installation must be fixed in place for security purposes. It is suggested that the wheels proposed by the artist could be on the back of the base rather than the bottom. The piece could then be tipped and rolled.

8. Should the work experience any difficulty, such as vandalism, significant deterioration, unforeseen hazards, etc., the artist may be required to dismantle/remove the work immediately. Determination of early removal of the work by the artist will be at the sole discretion of the City of Hailey, Albertsons, Atkinsons’ or King’s.
9. The artist will be paid $700 at the conclusion of project installation. The artist will be given a $100 gift card from each of the three stores as soon as practical after installation of the artwork. Hailey is not responsible for the payment of the gift cards, but will continue to coordinate with Atkinsons', Albertsons and King's to acquire the gift cards for the artist.

10. The City of Hailey, Atkinsons', Albertsons and King's are not responsible for permanent placement of the artwork.

11. The artist is the sole owner of the artwork. The artist has the right to use the artwork as she sees fit at the conclusion of the temporary installation period defined in this agreement.

Thank you very much for the thought and effort that have gone into your proposed artwork design. The Hailey Arts Commission and the City of Hailey are grateful for your participation in the Just Bag It! program, and look forward to seeing your completed work.

Sincerely,

[Signature]

Re: JUST BAG IT! 2011

Sheila Kelley  
P.O. Box 2082  
Hailey, ID 83333  
208-720-9361

I am excited to submit my proposal for Hailey Arts Commission’s 2011 ‘Just Bag It!’ project. Please consider the following:

Proposed Design:

My idea is to create a life-sized figure of a human made of plastic bags. Foundation of the three dimensional sculpture will be an aperture of used or discarded wood scraps and/or wire secured on a base of wood at the figure’s feet. I intend that the figure have some animation, as if walking out of the store with groceries.

The base will be made from recycling a shipping box about 4’ x 4’ square and 8” high. I have salvaged. I will cover the wood with recycled newspapers. I plan on installing wheels under the base that will assist with moving the sculpture.

The figure will be covered in plastic bags. The bag handles will be threaded or tied to the aperture to create the exterior form. At feet and hands, the bags may be glued to keep perspective. My plan is to use the average amount of grocery bags used by one person per year.

The figure would carry 4-6 reusable totes (Atkinson’s, Albertson’s and others) in its hands.

Signage:

On the upper 4’x4’ side of the base (where the figure is secured) would be formatted as a overlaid ‘newspaper’. Already covered with recycled newspapers, and using a text box concept, columns and articles would contain information on plastic bags: How many bags one consumer uses per year, ‘Multiplying this by the number of people in the Wood River Valley and onward. Also the options of using cloth bags, how this is handled in other countries, etc. Plus good suggestions.

The articles would be printed then cut and pasted on the plywood and then covered with a clear plastic polymer.

Around the base would be signage “Reuse, Recycle, & Reconsider” “Bring Your Bags?” plus other appropriate sayings in 4-6” high letters.

Public Display:

The sculpture will be adaptable to all weather and be convenient for both inside or outdoor display. A 10’ chain will be attached to the base with key padlock to secure the sculpture at the venues. Two keys will be provided for the padlock - one for the artist and one for the venue.

Promotion:

I am willing to assist writing promotional material for newspapers, Face Book, web, etc. with photographic recording of the construction and final placement(s).
Resume of Contributor:
Sheila Kelley has been an amateur and professional artist in a variety of arts and crafts during her lifetime. She expresses herself in both two and three dimensions. Art, to Kelley, is in how the commonplace is enhanced to delight or challenge the senses.
College educated in both arts and sciences, Sheila has been apprenticed in leather crafts and mastered saddlery. A third generation nurseryman, Sheila is acknowledged as a capable landscape and garden designer with expertise in perennial, annual and vegetable gardening. She is also an original cook who incorporates growing with menu items that please the palate. As a writer, Sheila has been published for feature newspaper articles, a Gardening Column for two seasons, plus several short stories.

Although expressing herself mostly through photography and gardening over the past ten years, she finds design, color and form to be the consistent foundation by which she creates many new ideas.
Currently she purchases fabric and items at the local thrift shops and 'upcycles' them into shopping totes, aprons and other useable pieces she sells.

Submitted Artwork Description:
‘Anacortes’- Photomosaic- by cutting up photographs she’s taken into pieces, Kelley creates new works. Original is 24”x18”

‘Heron’- Photomosaic- this time the pictures are not only cut into pieces, but Kelley weaves some pictures of water for a different approach. Original is 8”x10”

‘Bakery’- With camera in hand, Kelley looks for the un-posed picture. This was a table of bakery goods at the Hailey Farmer’s Market.

‘In the Beginning There was No Plastic’- Photograph of the “Just-Bag-It’- 2010 awarded sculpture of a globe of the earth using plastic bags in place at Atkinson’s. Sculpture was formed on a metal base wrapped in chicken wire and stuffed with 1,157 plastic bags.

‘Bags’ - Collection of Totes and a Garden Apron made from purchasing place mats from Hailey thrift shops and rebuilding them into useable items.
# 25 Reasons to use Reusable Bags

Disposable shopping bags – they’re everywhere. The average American goes through six per week. So what’s the big deal? Multiply that six by our current population (roughly 300 million) and it starts to add up. Here we’ve compiled 25 good reasons to pick up a reusable bag and make the next plastic bag you throw out your last.

<table>
<thead>
<tr>
<th>1</th>
<th>A plastic shopping bag can take anywhere from 15 to 1000 years to decompose. In a compressed landfill, deprived of atmosphere to help them biodegrade, paper bags don’t fare much better.</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>Plastic bags don’t biodegrade, but are at risk for photo degradation, light exposure dissolving them into toxic polymer particles. Most often, when this happens, it happens in the ocean.</td>
</tr>
<tr>
<td>3</td>
<td>The cost to recycle plastic bags so outweighs their value that most recycling facilities will not take them, leading more and more to just be thrown out with the rest of the trash.</td>
</tr>
<tr>
<td>4</td>
<td>According to the Wall Street Journal, only 1% of plastic bags are recycled world-wide; the rest are left to live on indefinitely in landfills.</td>
</tr>
<tr>
<td>5</td>
<td>The United States alone uses approximately 100 billion new plastic bags per year - the average person goes through between 350 and 500.</td>
</tr>
<tr>
<td>6</td>
<td>Thanks to their light weight, plastic bags are the debris most likely to fly away from landfills, settling instead in trees, storm drains, beaches, and the ocean.</td>
</tr>
<tr>
<td>7</td>
<td>Public agencies in California alone spend over $300 million on coastal litter clean-up per year.</td>
</tr>
<tr>
<td>8</td>
<td>Plastic bags make up over 10% of washed-up debris polluting the US coastline.</td>
</tr>
<tr>
<td>9</td>
<td>According to the British Antarctic Survey, discarded plastic bags have been found as far north as the Arctic Circle and as far south as the Falkland Islands.</td>
</tr>
<tr>
<td>10</td>
<td>As estimated one million birds and 100,000 turtles and other sea animals die of starvation each year after ingesting discarded plastic bags which block their digestive tracts.</td>
</tr>
<tr>
<td>11</td>
<td>Made from petroleum products and natural gas, plastic bags utilize nonrenewable resources, ultimately helping to drive up fuel prices.</td>
</tr>
<tr>
<td>12</td>
<td>It takes 12 million barrels of oil to produce the amount of plastic bags the US uses per year.</td>
</tr>
<tr>
<td>13</td>
<td>Think paper bags are better? The United States cuts down 14 million trees per year simply to supply the demand for paper shopping bags.</td>
</tr>
<tr>
<td>14</td>
<td>It requires 13% more energy to produce one single paper bag than to produce two plastic bags.</td>
</tr>
<tr>
<td>15</td>
<td>Made with chemicals processed at high temperatures, paper bag production releases many toxins into the atmosphere at much the same rate as plastic production.</td>
</tr>
<tr>
<td>16</td>
<td>Paper bags weigh nearly ten times their counterparts in plastic, requiring more fuel to ship them out to stores.</td>
</tr>
<tr>
<td>17</td>
<td>Despite their high recyclability factor, research shows that only 20% of paper bags are collected while the rest share a fate with their plastic brethrens.</td>
</tr>
<tr>
<td>18</td>
<td>In landfills, paper bags produce over twice as much atmospheric waste as plastic, making them questionnable at best as the superior choice for the environment.</td>
</tr>
<tr>
<td>19</td>
<td>Ireland, the first European country to impose a tax on them, has decreased plastic shopping bag consumption by 90% since 2002, reducing overall plastic bag usage by 3.68 billion.</td>
</tr>
<tr>
<td>20</td>
<td>In the past five years, over a dozen countries have banned or put a tax on disposable bags.</td>
</tr>
<tr>
<td>21</td>
<td>Reusable bags come in all sorts of smart and stylish shapes and prints, making your shopping trips a little less routine and a little more fun.</td>
</tr>
<tr>
<td>22</td>

AGENDA ITEM SUMMARY

DATE: 5/9/11   DEPARTMENT: PW - Parks   DEPT. HEAD SIGNATURE: ____________________________

SUBJECT: Motion to authorize a change order for $3,862 to Wheeler Electric to supply the transmitter, antenna and 4 assistive listening headsets for the Rodeo Grounds Project.

AUTHORITY: □ ID Code □ IAR □ City Ordinance/Code (IFAPPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:
This change order is required to meet building code requirements. This equipment is needed before the arena light poles are erected as the antenna needs to be attached prior to erection.

RECOMMENDATION FROM APPLICABLE DEPARTMENT HEAD:

May 1, 2011 Notes on this Matter from Architect: ASI #12PA - P/A sound system pricing for temporary system is in progress. RLB has requested an update from PSA. R/L/B spoke with Bud Amend of the Sawtooth Rangers regarding their P/A Announcer plans for the 2011 Rodeo event. It appeared that the Rangers typically would hire a firm to provide all equipment, including mounting setup, and services to announce for the three days and nights of the Rodeo. Tom Helen is working on how to proceed with the possibility of a temporary PA system with a permanent assistive listening system required by the Building Code. R/L/B has instructed Paul Stoops to hold on completing pricing for the full rental system with announcer services because the Rangers may have it already in place for the 2011 Rodeo. (4.26.11) Discuss status of Sawtooth Rangers position on the P/A system for 2011 event. Wheeler Electric is working on pricing the assistive listening independently. (5.1.11) The City of Hailey confirmed on April 29 that the Sawtooth Rangers will provide a separate P/A speaker and announcer system for the 2011 Fourth of July event. KC will complete revised cost from Wheeler Electric to provide the permanent installation of the components and conduit required for the assistive listening system for the 2011 event and submit to the City. The system from Wheeler Electric will include 4 headsets that will be stored on-site. The City of Hailey will decide how many additional headsets may be required at this time.

Change Order Proposal

PROPOSAL SUBMITTED TO: Kreizenbeck Constructors

STREET: 251 East Front Street, Suite 110  JOB: Halley Rodeo Arena Multi-Use Facility

CITY, STATE, AND ZIP CODE: Boise, ID 83702  JOB LOCATION: Hailey, Idaho

We hereby submit specifications and estimates for an Assisted Listening System.

Provide and install one transmitter located in the electrical room, one antenna located on the light pole closest to the electrical room, one plug each at the 2 platforms. This system will include 4 receiver's and 4 headsets.

We would utilize the 11/2" PA conduit.

We propose hereby to furnish material and labor, complete in accordance with above specifications, for the sum of

Three Thousand Eight Hundred Sixty Two dollars ($3,862.00)

Payment to be made as follows:

Authorized Signature:

Note: This proposal may be withdrawn if not accepted within 15 days.

Acceptance of Proposal

The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as stated above.

Date of acceptance _____________________________

*NOTICE*

"Under the Idaho Prevailing Wage Law, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property but is not paid for his work or supplies, has a right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your own contractor in full, if the subcontractor, laborer or supplier remains unpaid."

"Under the law, you may protect yourself against such claims by filing, before commencing such work of improvement, an original contract for the work of improvement or a modification thereof, in the office of the county recorder of the county where the property is situated and requiring that a contractor's payment bond be recorded in such office. Said bond shall be in an amount not less than fifty percent (50%) of the contract price and shall, in addition to any conditions for the performance of the contract, be conditioned for the payment in full of all the claims of all persons furnishing labor, materials or equipment for the work described in said contract."

SUBJECT: Amendment to Big Wood 6 Cinemas phasing agreement

AUTHORITY: □ ID Code □ IAR □ City Ordinance/Code (IF APPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

The current phasing agreement between the city and Big Wood 6 Cinemas states the design review approval of Phase II will expire May 1, 2011 and construction of Phase II start no later than May 1, 2011. On April 25, 2011 the Council held a public hearing regarding the developer’s request the start date be extended to May 1, 2016. The Council agreed to extend the start date by two years, to May 1, 2013. The Council stipulated the applicant could request another extension if necessary.

FIRST AMENDMENT TO
PHASING AGREEMENT
FOR BIG WOOD 6 CINEMAS

This First Amendment to Phasing Agreement for Big Wood 6 Cinemas ("Amendment") is entered into this ___ day of May, 2011 by and between the City of Hailey ("City"); Metropolitan/Rocky Mountain Cinemas, LLC, a Delaware limited liability company ("MetroRMC"); and The Williams Family Trust, Latham Williams, Trustee ("Williams").

RECITALS

A. The City, MetroRMC and Williams entered into a Phasing Agreement for Big Wood Cinemas, recorded as Instrument No. 510418, records of the county recorder, Blaine County Idaho ("Phasing Agreement")

B. Williams requested an amendment to the Phasing Agreement so the start of Phase II be extended from May 1, 2011 to May 1, 2016;

C. The City has agreed to extend the start date of Phase II to May 1, 2013; and

D. In order to ensure that the proposed Project is constructed consistent with City’s applicable ordinances and regulations, the City, MetroRMC and Williams deem it in their interests to enter into this Amendment with regard to the timing of construction of Phase II.

AGREEMENT

NOW, THEREFORE, IN CONSIDERATION of the above recitals which are incorporated below, and of the mutual covenants and agreements herein contained and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Paragraph 2 of the Phasing Agreement shall be amended by the deletion of the stricken language and by the addition of the underlined language as follows:

FIRST AMENDMENT TO BIG WOOD 6 CINEMAS PHASING AGREEMENT - 1

- 3 2 -
2. **Provided Amenities of Project.** MetroRMC agrees to construct the Project in accordance with this Agreement, City's approval of the Application and the drawings and site plans submitted with the Application. The Project shall include construction of the improvements depicted in the Application, including the following:

(a) Phase I construction of (i) a theatre complex consisting of four (4) auditoriums seating 77 persons, 145 persons, 172 persons and 106 persons, for a total seating capacity of 500 persons; (ii) a theatre lobby adequate to support 688 seats including restrooms, concessions, café and ticket counter; (iii) landscaping as shown on T.W. Beck Architects drawing L-2 dated February 10, 2004 which is attached hereto as Exhibit “B-1”; (iv) 79 parking spaces located on Lot 1, Block 1 and Lot 1, Block 2, Saddle River Subdivision; (v) a six foot (6’) high solid wood fence along the southern and western boundaries of Lot 1, Block 1, Saddle River Subdivision; (vi) bicycle racks that meet City standards to accommodate at least ten bicycles.; and (vii) all other improvements required in the Design Review Decision.

(b) Phase II to be developed at the option of MetroRMC shall consist of construction of (i) two additional auditoriums seating a total 188 persons; (ii) additional landscaping as shown on T.W. Beck Architects drawing L-1 dated January 23, 2004 attached hereto as Exhibit “B-2”; (iii) removal of existing premises currently occupied by Chi Chi’s Restaurant; (iv) abandonment or relocation of an existing easement in favor of Idaho Power Company by Williams as owner of the Property; and (v) a cooperative parking agreement with Marketon, Inc. for an additional forty (40) parking spaces between the hours of 5:00 p.m. and 1:00 a.m., Monday through Sunday together with four (4) additional spaces in compliance with City parking ordinances and standards or, in the alternative, provision of not less than forty-four (44) additional parking spaces or improvements for such parking spaces, or a combination thereof, all in accordance with the currently existing requirements of Article IX of the Hailey Zoning Ordinance.

Phase II shall commence (and evidence adequate to the City shall be provided that all conditions required for Phase II have or will be satisfied by conclusion of construction) not later than May 1, 2014. If construction is not commenced prior to that date this Phasing Agreement will automatically terminate and Phase I will continue to operate as constructed.

2. Paragraph 3 of the Phasing Agreement shall be amended by the deletion of the stricken language and by the addition of the underlined language as follows:

3. **Design Review Approval.** In addition to the conditions set forth in the Design Review Decision, the Design Review approval is recommended by the City subject to the following conditions:

(a) All parking, including dimension of stalls, on paved areas shall be provided as shown in the Application in Phases as set forth in Sections 2(a) and (b), above
(b) MetroRMC shall improve the Property with landscaping as described and depicted in the Landscape Plan included in the Application as follows: See attached Exhibits “B-1” and “B-2”, the T.W. Beck drawings L-2 dated February 10, 2004 (Phase I) and L-1 dated January 23, 2004 (Phase II).

(c) MetroRMC shall develop the Project in two (2) phases in accordance with the following schedule:

<table>
<thead>
<tr>
<th>Phase</th>
<th>Start Date</th>
<th>Duration</th>
<th>Construction</th>
</tr>
</thead>
<tbody>
<tr>
<td>I.</td>
<td>June 15, 2004</td>
<td>7 Months</td>
<td>as outlined in Section 3(a) above.</td>
</tr>
<tr>
<td></td>
<td>(approximate)</td>
<td></td>
<td></td>
</tr>
<tr>
<td>II.</td>
<td>To commence not</td>
<td>6 Months</td>
<td>as outlined in Section 3(b) above.</td>
</tr>
<tr>
<td></td>
<td>later than 05/01/2014</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

(d) Engineering plans for the following infrastructure improvements shall be submitted by MetroRMC to the City for approval and the approved infrastructure improvements shall be installed in accordance with the applicable City standards and in accordance with the schedule set forth in Paragraph 3(c) of this Agreement, as follows:

Phase I: a) All the of the improvements described in paragraph 4 of the Development Agreement and b) all of the improvements described in paragraph 2(a) of this Agreement. In the event MetroRMC fails to construct the above described infrastructure improvements for Phase I, the City shall be entitled to withhold the issuance of a certificate of occupancy for any structure within Phase I and a building permit for any structure within Phase II.

Phase II: All of the improvements described in paragraph 2(b) of this Agreement. In the event MetroRMC fails to construct the above described infrastructure improvements for Phase II, the City shall be entitled to withhold the issuance of a certificate of occupancy for any structure within Phase II.

Design review approval for the improvements in Phase II shall be valid until May 1, 2014, unless substantial alterations are proposed in the plans for the Phase II improvements, in which case the applicant will be required to obtain design review approval for the proposed altered improvements.

3. All other terms and conditions of the Phasing Agreement shall remain unchanged and in full force and effect.
IN WITNESS WHEREOF, the parties, having been duly authorized, have hereunto caused this Amendment to be executed, on the day and year first above written, the same being done after public hearing, notice and statutory requirements having been fulfilled.
