Idaho Commission on the Arts QuickFund Grant Application for  
The Welcome to Hailey Sign Project  

AUTHORITY:  □ ID Code  □ IAR  □ City Ordinance/Code 2.32, 3.08  
(IF APPLICABLE)  

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:  
The Hailey Arts Commission has prepared the attached grant application for the Welcome to Hailey Sign Project. The funding requested from the Idaho Commission on the Arts is $1,500 (the maximum allowed under the program). The commission has $7,925.64 in hand for the project, and needs to raise an additional $574.36 to meet the $10,000 budgetary goal (assuming success with the attached application).

The budget in the attached application comes to $12,803, due to city staff time that the Idaho Commission on the Arts requires to be included under expenses.

At this time, the Hailey Arts Commission is seeking formal authorization by the city council for Mayor Rick Davis to sign the application.

Narrative

1. Briefly describe your organization; include structure, mission statement, brief history, programs, services and community you serve.

Mayor Rick Davis and the Hailey City Council recognize that as Hailey is the population center of the Wood River Valley, it falls to the city to meet the needs of the greater community while maintaining the intimacy of a small town. In April 2006, the Hailey City Council formed the Hailey Arts Commission in recognition of the important role the arts play in the cultural and economic life of the entire community of Hailey. The mission of the Hailey Arts Commission is to enhance the culture of the Hailey community by providing leadership, advocacy and support of the arts. Since its inception, the Hailey Arts Commission has achieved the following:

- Participated in a strategic planning workshop with the Idaho Commission on the Arts.
- Participated in a Public Art Workshop with Karen Bubb, Boise City Public Art Manager.
- Conducted an Arts and Culture Community Survey.
- Proposed Ordinance 999, Public Art, to the Mayor and Hailey City Council. The ordinance was adopted, establishing a Percent for Public Art program. The ordinance mandates that 1.25% of the total construction costs of all city capital improvement projects be set aside and used for public art.
- Proposed to the Mayor and Hailey City Council naming July as A Month of Art in Hailey (program just completed its second year). The request was approved, and the Hailey Arts Commission and project partners coordinate a number of activities to celebrate A Month of Art, including art displayed up and down Main Street and a Night of Music, with live, free music at more than a dozen venues.
- Proposed to the Mayor and Hailey City Council the adoption of Public Art Guidelines, a document that covers all aspects of administering and managing Hailey’s public art program.
- Proposed to the Mayor and Hailey City Council the development of a mural project in the public meeting room of the Fox Building (City Hall). The request was approved and the City Council allocated $10,000 towards the project. Fundraising efforts are ongoing for this project.
- Proposed to the Mayor and Hailey City Council a Welcome to Hailey sign public art project. The request was approved, and the commission seeks the final funding needed for the project through this grant application.

2. Briefly describe what you propose to do, how you plant to accomplish it, and why your project merits funding.

The Hailey Arts Commission will invite Blaine County artists to submit qualifications to design, fabricate and install one Welcome to Hailey sign to be installed on the south end of town. For many years, the Hailey community has desired a Welcome to Hailey sign. A sign which is hospitable, indicative of Hailey’s character and/or heritage, engenders civic pride and evokes a strong sense of place is desired. It will be required that “Welcome to Hailey” and “Est. 1881” be incorporated into the design.

Materials and design will be determined by the artist, but it will be required that materials and design withstand the local conditions. Proposed designs could be mosaic, sculpture, painting, metal, or any other media, with the exception of lighting. Signs that incorporate lighting as a design element (for example, neon) are not desired. Sign dimensions will not exceed 8’ x 10’; all proposed sizes under this limit will be considered. It will be made clear in the Call to Artists that the design may be used for a second sign on the north end of town, with an appropriate fee/fabrication award to the artist at an unspecified future date. The timeline that is currently proposed is as follows.
• Call for Artists / Request for Qualifications ...............January 4, 2010
• Artist Workshop / How to Apply ................................January 14, 2010
• Submissions Due ........................................February 5, 2010
• Select Finalists .............................................February 12, 2010
• Proposals Due from Finalists .................................March 26, 2010
• Finalist Proposals Displayed/Public Open House ..........March 29 – April 16, 2010
• Finalist Interviews / Panel Selects Artist ..................April 19 – 23, 2010
• Commission Review and Approval ..........................April 26 – 30, 2010
• Council Review and Approval .................................May 10, 2010
• Council Approval of Artist Contract .........................May 24, 2010
• Contract Award .............................................June 1, 2010
• Design & Fabrication .......................................June – July 2010
• Installation Complete .......................................August 20, 2010
• Dedication Ceremony ........................................September 10, 2010

The Hailey Public Art Coordinator, Tracy Anderson, will manage the project with direct technical support by ICA Regional Public Arts Advisor / Hailey Arts Commissioner Mark Johnstone and Hailey Arts Commissioner Jessica Miller, and general support by the Hailey Arts Commission. The team will follow Hailey’s Public Art Guidelines in carrying out the process for selecting an artist.

3. Explain if this is a new program, a pilot arts project, or a project essential to the initial growth of your organization.

This will be the Hailey Arts Commission’s first public art project. (We have a grant application pending with the NEA for the Fox Building Mural. If successful, the two projects would occur during the same timeframe.) The commission has worked diligently to acquire funding for the sign project, with monies coming from the percent for art fund, private donations and fundraising activities. With this first project successfully completed, the commission’s reputation will be enhanced, leading to a greater ability to attract donations and compete for grant funding for additional public art projects.

4. Describe community involvement, the anticipated community impact, and public access to project activities.

The finalist proposals will be on public display for three weeks for community comment. During this time period, the Hailey Arts Commission will host an open house with the three finalists in attendance to talk with community members and answer questions. The community will be invited to the dedication ceremony.

5. If appropriate, explain the relationship between your work sample or support materials and the proposed activity or project.

The Hailey Arts Commission has included a draft of the Call to Artists as a work sample.

Relevant Experience

• Public Art Coordinator / Communications Coordinator / Deputy Clerk, City of Hailey  
October 2004 - Present

Public Art Coordinator responsible for coordination of the public art program, and working with the  
Hailey Arts Commission and city departments. The Welcome to Hailey sign project and the Fox  
Building (City Hall) Mural will be the first public art projects in the city.  
Communications Coordinator responsibilities include strategic planning, identifying and pursuing  
opportunities to strengthen the city’s image and increase public involvement, writing press releases,  
editing and improving the website, creating a city Intranet site, authoring the monthly city newsletter,  
creating unified documents and identity pieces, among other duties.

• Business Development Coordinator, Power Engineers, Inc.  
Fall 1994 to Fall 2003

As a Business Development Coordinator, I was responsible for organizing, planning, writing and  
coordinating proposals to prospective clients. Projects ranged in value from $50,000 to several million  
dollars in a wide variety of engineering disciplines. I worked with small teams of people in multiple  
offices to produce high-quality proposals under tight deadlines. Computer skills involved in this role  
included high volume use of e-mail for communication as well as routing of attachments; Internet and  
Intranet, word processing, desktop publishing and other computer programs.

My public relations responsibilities included planning and coordinating tradeshow exhibits, special  
events and presentations; coordinating photo shoots, writing and editing feature articles, writing press  
releases, writing website content, and writing and layout of advertisements and brochures.

As a tertiary responsibility, I was involved in identifying potential new clients, making introductory  
contacts, planning marketing trips and scheduling appointments for Senior Project Managers/Engineers.  
I periodically accompanied Senior Project Managers/Engineers on marketing calls.

Among many responsibilities for this position were file management (both electronic and hard copy),  
updating the business development procedures manual (which I originally composed), writing business  
letters, qualifications documents and other marketing materials. I also edited the written work of  
colleagues, including Project Managers, Engineers and fellow Department Members. During this period  
I also developed the electronic file management system for all of Power’s marketing documents.
Strengths and challenges in this role included self-initiation of projects, developing strong oral and written communication skills, having a necessary attention to detail, an ability to produce high-quality work under relentless pressure, organizing projects among multiple offices and demanding team members; and translating complex topics into plain English.

• **Web Site Editor, Power Engineers, Inc.**  
  **1999-2000**

In addition to my Business Development Coordinator responsibilities, I was the Web Site Editor for two years. I led the effort to develop the Power Engineers web site, which was launched in the fall of 1999. I developed the design concept and theme of the site, and led a diverse group of team members to agreement on implementation of the concept. I also wrote a large portion of the text, and edited all text for continuity of theme and presentation, and readability.

I worked closely with a consultant to provide programming for the site, and directed them in achieving a product that reflects Power’s culture and capabilities.

• **Manager of Business Development, Power Engineers, Inc.**  
  **Spring 1991 to Fall 1994**

I managed Power’s Business Development Group for more than three years. The group began with about six people, grew to 12 people, and then was reduced in size due to company restructuring. Through these ups and downs, my administrative responsibilities included hiring, terminations, training, employee evaluations, and providing overall direction and guidance. Leadership responsibilities were to help people live up to their potential, be a positive role model, and encourage, support and/or implement new ideas.

Other responsibilities were market planning, tracking potential projects, and reporting progress and results. I also planned and chaired Power’s annual marketing retreat, attended trade shows as a Power representative, and entertained prospective clients.

**Management and Leadership Training**

• The Excellence Series  
• Managing the Customer Satisfaction Process  
• The Effective Facilitator  
• Essentials of Effective Management

**Education**

• High School Graduate, 1977  
• Various college and personal enrichment courses. Among others, English Composition, Fiction Writing and First Aid/CPR.

The Honorable Stephen Kearns
Mayor, City of Hailey
PO Box 945
Hailey, ID 83333

Dear Mayor Kearns;

I am writing this letter in response to your request on 501(c)(3) status of the City of Hailey, Idaho. Corporate tax exempt status came to the City of Hailey when the City's Corporate Charter was approved per Idaho Code 50-104 (copy attached). At this time the City became a political subdivision of the State of Idaho.

I have attached information from our tax service describing Donees that qualify to receive contributions which are deductible. As is mentioned, a political subdivision of a state, of which the City of Hailey is one, qualifies.

Cities actually fall under IRS Code §501(c)(1) as an instrumentality of the United States.

If you have any further questions, please feel free to call.

Sincerely,

Curtis A. Stoker, CPA

encl.

¶2390.01.D. Permissible Donees

To qualify for deduction, a gift must be made to or for the use of an organization that is authorized to receive deductible charitable contributions. 64 Such organizations are referred to herein as "permissible donees."

64 §170(c). Certain amounts paid to maintain students as household members under a program sponsored by certain permissible donees are deemed by statute to be payments for the use of the permissible donees. §170(g)(1). The following provisions of the Code and regulations expressly disallow deductions for contributions to certain types of organizations: §170(f)(1) (Organizations described in §508(d) or §4948(e)(4)); §170(k) (Communist controlled organizations); Regs. §1.170A-1(h)(5) (Organizations which engage in substantial lobbying or which intervene in political campaigns). With certain limited exceptions, the organizations which are eligible to receive deductible contributions are exempt from income taxation. See §115 (States and municipalities); §501(c)(1) (Instrumentalities of the U.S.); §501(c)(3) (Charitable organizations); §501(c)(10) (Fraternal orders); §501(c)(13) (Nonprofit cemetery companies); §501(c)(19) (Veterans organizations). The exempt organizations described in §501(c) are discussed in detail in ¶6520.

1. Description of Permissible Donees

Subject to numerous requirements, permissible donees are governmental units, charitable organizations, war veterans organizations, fraternal lodges and nonprofit cemetery companies. The following is a detailed description of the five categories of permissible donees:

- a State, a possession of the U.S., a political subdivision of either of the foregoing, the U.S. or the District of Columbia, but only if the contribution is made for exclusively public purposes; 65

- a corporation, trust, or community chest, fund, or foundation —

  -- created or organized in the U.S. or in any of its possessions, or under the law of the U.S., any State, the District of Columbia, or any possession of the U.S.; 66

  -- organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or to foster national or international amateur sports competition (but only if no part of its activities involves the provision of athletic facilities or equipment), or for the prevention of cruelty to children or animals; 67

  -- no part of the net earnings of which inures to the benefit of any private shareholder or individual; 68 and

  -- which is not disqualified for tax exemption by reason of attempting to influence legislation, and which does not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of or in opposition to any candidate for public office; 69

- A post or organization of war veterans, or an auxiliary unit or society of, or trust or foundation for, any such post or organization —

  -- organized in the U.S. or any of its possessions, and
c) Charitable Contribution Defined

For purposes of this section, the term "charitable contribution" means a contribution or gift to or for the use of:

A State, a possession of the United States, or any political subdivision of any of the foregoing, or the United States or the District of Columbia, but only if the contribution or gift is made for exclusively public purposes.

Application Checklist

Please use this checklist in preparing your application. Incomplete applications will not be considered. Submit the following:

☐ A one page cover letter or artist statement saying why the applicant is interested in this opportunity.
☐ A current artist’s resume (not more than two pages).
☐ A maximum of 10 digital images on CD of past work, along with the image list included in this package.
☐ Self-addressed stamped envelope for return of materials (unless you want us to keep materials on file).

Please do not submit original artwork.

Please do not use any staples, binders, clips or folders. Any presentation packaging will be discarded.

Project Description

The City of Hailey Arts Commission invites Blaine County artists to submit qualifications to design, fabricate and install one “Welcome to Hailey” sign.

For many years, the public and business community have desired a Welcome to Hailey sign. A sign which is hospitable, indicative of Hailey’s character and/or heritage, engenders civic pride and evokes a strong sense of place is desired. “Welcome to Hailey” and “Est. 1881” must be incorporated into the design.

Artists may consider two locations: either the grassy strip between Roberta McKercher Park and the highway (Main St.) or in the ITD right of way south of Fox Acres Road. The final location will be recommended by the Selection Panel and approved by the Arts Commission and Hailey City Council.

Materials and design will be determined by the artist, but it is required that materials and design must withstand the local conditions. Proposed designs might be mosaic, sculpture, painting, metal, or any other media, with the exception of lighting. Signs that incorporate lighting as a design element (neon, for example) are not desired. Sign dimensions must not exceed 8’ x 10’; all proposed sizes under this limit will be considered.

The selected design may be used for a second sign at the north end of town at a future, unspecified date, with an appropriate fee/fabrication award to the artist.
Request for Qualifications

Blaine County artists are invited to submit applications to design, fabricate and install one “Welcome to Hailey” sign at Hailey’s south entrance. Please review the selection process and submit applications to the City of Hailey before 5:00 p.m. on February 5, 2010.

Artist Selection Process

1. **Artists Apply:** Artists will submit the application materials listed below by the stated deadline.

**Applications must include:**
- A one-page cover letter and/or artist statement.
- A current resume (not more than two pages).
- 10 digital images of past work, with image list.
- Self-addressed stamped envelope for return of materials. (Do not submit original artwork!)

2. **The Selection Panel Determines Finalists:** The Selection Panel will review and evaluate the applications. Selection criteria:
- Inherent artistic quality of work represented in images.
- Appropriateness of type of work for planned project.
- Artist’s interest/experience as represented in the cover letter/statement and resume.

Based upon the applicant’s qualifications, the Selection Panel may choose up to three finalists from the applications received. The panel reserves the right to request the competition be re-opened.

The Selection Panel may be composed of representatives from:
- Hailey City Council
- Hailey Arts Commission
- Hailey City Department Head
- Community member
- Business community member
- Artist or arts professional

3. **The Finalists’ Proposals:** Each finalist will be paid $150 to create a design proposal. Proposals will include a descriptive narrative, proposed materials, a rendering of the proposed design and a project budget.

4. **Proposals on Public View / Selection Panel Chooses Public Art Project:**
All proposals will be put on public view at Hailey City Hall or the Hailey Public Library to receive public comment. The Selection Panel recommends one finalist for a commission. Once the artist is approved by all necessary authorities, a contract will be drawn up and signed with the selected artist.

Public Information: The City of Hailey is a public agency. Any information submitted to the city is subject to release as provided for by Idaho Public Records Law.

Project Budget

One artist will be selected for the commission, and will be paid an all-inclusive fee of $9,550. Finalists will submit a detailed budget with their design proposals, which must include line items such as: artist fee, materials, installation, insurance, shipping, etc. All costs to deliver a complete, installed project must be included in the budget. City staff may assist with project elements; city assistance must be pre-approved by the Public Art Coordinator to be included in artists’ budgets.

Project Schedule

Contract Award: June 1, 2010
Project Complete: August 20, 2010
Dedication Ceremony: Mid September, 2010

Eligibility

This call is open to artists 18 years or older living full-time in Blaine County, Idaho. The public art program is open to artists regardless of race, gender, sexual preference, religion, national origin or disability. Incomplete, ineligible or late applications will not be reviewed.

Artist Workshop

The Hailey Arts Commission will conduct a one-hour artist workshop on January 13, 2010, at 5:30 p.m. at Hailey City Hall for all artists interested in applying.

Deadline

Applications must be received by the City of Hailey by 5:00 p.m. on Feb. 5, 2010. (Postmarks not acceptable.)

ADA and Section 504 Requirements

The final project must meet all applicable ADA and Section 504 requirements.

Notification of Results

Please do not call the Arts Commission or City Hall to ask about the Selection Panel’s recommendations. Artists will receive notification of the decision by letter. Applications accompanied by return envelope with sufficient postage will be returned. Every effort will be made to ensure the safe handling of submitted materials; however, the City of Hailey will not be responsible for any loss or damage.

Dear Applicant City:

Enclosed is the 2009 Tree City USA Recertification application. Also attached are the application worksheets for Idaho and step-by-step instructions for completing them. Our hope is that using these worksheets will make the application easier to complete while making the information we receive from cities more consistent. Please submit the completed-signed Tree City USA Recertification application along with the completed worksheets to the appropriate Community Forestry Assistant shown at the top of this page.

One of the great strengths of the TREE CITY USA program is that it encourages and recognizes long-term commitment to community forestry. Annual recertification provides an opportunity for each TREE CITY USA to review its program and to tell the National Arbor Day Foundation and us just how well your city is doing. Your Tree City Application for Recertification is enclosed. Please send the completed application to the Community Forestry Assistant in your area as early as possible, but not later than December 1, 2009. This will allow us sufficient time to review applications and forward them to the State Forester for his signature by the end of December.

When preparing your application, remember to include information for each of the four standards, as listed on the Tree City Application for Recertification. I have enclosed a checklist for your use to assure your application contains the necessary attachments.

As a recertifying Tree City USA, you may also be eligible to apply for the Tree City USA Growth Award. Only recertifying Tree City USA's may apply. Submit your completed Growth Award Application with your application for recertification. This application has been revised for this year and is also included in this mailing. If you do not qualify to apply for a Growth Award this year, you may want to consider it when planning next year's program.

If you have any questions, please do not hesitate to contact me at 1-800-IDAHO-4-U or communitytrees@idl.idaho.gov or the Community Forestry Assistant in your area (as listed above). Thank you for cooperating with the requested December 1st deadline.

Sincerely,

Dave Stephenson
Community Forestry Coordinator

STANDARD #1 ~ TREE BOARD OR DEPARTMENT

A Tree Board (Committee or Commission) is the group of citizens charged by ordinance to develop and administer a tree management program, for trees on public property, in their community. Instead of having such a Board, some communities have a department, such as a City Forestry Department that fulfills this role.

For Standard #1 please indicate (here or on application):

If Tree Board is responsible for program:

Date Tree Board was established (if first-time applicant):

Names of 2009 Tree Board Members:

- JEN SMITH
- JIM MINEHOT
- DENISE JACKSON
- BILL JONES
- Kevn York
- Tom Ward

Dates the Board has met in 2009:

- JAN 8, FEB 5
- MARCH 8, APRIL 9
- MAY 14, JUNE 11
- JULY 9, AUG 13
- OCT 8, NOV 12

If Department is responsible for program:

Date Department was established (if first-time applicant)

Name of Department:

Name & Title of person holding position in 2009:

STANDARD #2 ~ A COMMUNITY TREE ORDINANCE

Communities are required to have passed a Tree Ordinance and to submit a copy of that ordinance with the TCUSA application. First-time applicants should also indicate the date the ordinance was established. Those applying for recertification DO NOT need to attach an ordinance unless it has changed.

For Standard #2 please check appropriate boxes on application and attach copy of ordinance, if required
STANDARD #3~ A Community Forestry Program with an Annual Budget of at Least $2 Per Capita

This standard requires the community show they have a community forestry program that expends at least $2 per capita. To do so, communities must attach their program's 2009 work plan, accomplishment report, and detailed budget that documents fulfillment of the budget requirements.

A list of qualifying expenditures and a list of value standards for volunteers can be found on page 8.

For Standard #3 please indicate (on application):

1. Total Community Forestry Expenditures $84,300
2. Community Population 6,200

Tree City USA Standard #3 Annual Work Plan 2009

An annual work plan outlining the community forestry work that was to be carried out during the year 2009 needs to be provided. The worksheet below contains a column for every month (January—December); within each column there are four dots which represent each of the weeks within the month. Consider using a copy of this form to plan next year's activities.

For each activity, place an "x" on top of the dots for each week of the year your community planned to be involved in that activity (each dot represents one week).

**Tree City USA Standard #3 Accomplishment Report for 2009**

While the work plan is what your city set out to do for the year, the accomplishment report is an opportunity to state what you were actually able to achieve and to quantify the progress that was made. Please check all of the “accomplishments” that apply, add any not listed, and indicate quantities where appropriate. This Accomplishment Report also needs to be included with your application.

Please check all that apply and indicate quantities where appropriate.

STANDARD #4 — AN ARBOR DAY OBSERVANCE & PROCLAMATION

This standard requires that you observe and proclaim Arbor Day in your community and show documentation.

For Standard #4:

Please:

1. Indicate (on application) date Arbor Day was observed 3/1/09.
2. Attach a copy of your community’s Arbor Day Proclamation for 2009.
3. Attach documentation that describes event (include items such as agenda, description of event/activities, press coverage and any other information that illustrates how your Arbor Day event was planned and/or carried out).

FOR APPLICATION OR RECERTIFICATION

SIGNATURE & CITY INFORMATION

The application needs to be signed (on the line just below standard #4) by the person making the application. Also, fully complete the sections providing information regarding your community’s Mayor (or equivalent) and the City Forestry Contact. That contact can be the parks supervisor, city maintenance person, public works director, city manager, volunteer, city forester, etc.

FOR APPLICATION OR RECERTIFICATION

SUBMIT FORMS TO

This year the Community Forestry Assistant in your area will be processing your application instead of IDL’s Community Forestry Coordinator. So please submit completed application & forms, by December 1, 2009, to the Assistant in your area. Also, contact them for any questions you might have regarding your application.

The Tree City Growth Award recognizes Tree City communities that have made a significant improvement in their tree care efforts. To be eligible, communities must have been a Tree City the previous year AND must have spent at least as much this year on their tree care program as last year. In order to qualify for the Growth Award, communities must have completed activities listed in the Growth Award application which total 10 or more points.

Growth Awards are not intended to be achieved every year, but rather mark years when special projects or efforts have raised the level of tree care in the community. Please note that most activities are only eligible the first year they are implemented, unless they are significantly improved. For example, if your community started a continuing education program for staff (activity A8) in one year and used that activity to receive a Growth Award, you cannot use it again for a Growth Award in a subsequent year unless the program was significantly improved.

**Please fill in all the information requested on the Growth Award application.**

1. Use the amount shown on your previous year's Tree City application (under Standard #3) for the amount spent on your forestry program last year (2008).
2. For each activity that will earn points toward a Growth Award:
   - List the activity number
   - Name of the activity
   - Number of points earned
3. Attach separate sheets to document and describe each activity as appropriate. You must supply a good explanation of the activity. Some examples are shown below.
4. Mail the completed Growth Award application and accompanying documentation to your Community Forestry Assistant by December 1st (see page 1 and 9 for mailing information).

**Examples of good activity descriptions**

**B1 New Project or Organization**—The City and area public schools have started a joint nursery project. The purpose of this project is to give students experience in the growing and caring of nursery stock. It is the feeling of the partners that when stock is ready for transplanting the school system or city will have the necessary sites where the stock can be used.

The educational portion of this venture will provide the students experience in the care and growing of the tree stock. This will also provide students with business experience when they sell their planting stock.

At present, the schools system will have the site on their property. The city will supply the compost for the beds and much of the mulch in the future.

The present site is 1 1/2 acres with room for expansion. The spring of 1996 will see the first seedlings being installed. With this in place, it can only grow into a very worthwhile project. As the nursery develops, trees will be offered for sale to residents. Labor and supervision will be supplied by students and teachers of the school district.

**B7 Engineering/Forestry Coordination**—In 1995, the city adopted a sidewalk installation policy for the entire city. Previously, the city had no firm policy. Most subdivisions and commercial buildings developed in the last 25 years do not have sidewalks on their property. The city hired a consultant to determine which areas of the city most needed sidewalks. This year, the city began using the new plan and started installing sidewalks on both sides of the street.

Needless to say that after 25 years of being in place without sidewalks, neighborhoods and businesses expressed a lot of concern regarding the installation of the sidewalks. One of the many problems with installing the sidewalks were trees. The engineering technician and the city forester worked together in determining sidewalk locations to minimize impact on terrace and private property trees. A copy of the new sidewalk policy is enclosed.

Also starting in August of 1995, the city started planning for major improvements to be done to 3 streets [listed]. The city hired a consulting firm to do the engineering for the roadway improvements. The construction for the projects is scheduled for 1997 and 1998. It has been very important that the city forester has been included in the planning of these projects since the very beginning.

Enclosures: Notice of first public informational meeting, map of project locations and road improvement detail, public comment form, minutes of meeting, list of attendees, sidewalk repair policy with tree policies highlighted.

---

1Note—If community expenditures for this year's tree program are less than last year, but it was because of special projects or emergency situations, your community can still be eligible for a Growth Award. Provide an explanation for the reason spending is less this year than last.
