SUBJECT:

Pyrotechnic Display and Services Agreement

AUTHORITY: □ ID Code __________ □ IAR __________ □ City Ordinance/Code __________
(IF APPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

I am enclosing a copy of a proposed fireworks contract for the 4th of July show. This is the same contractor that we have been using for many years. The most significant difference between this contract and prior contracts is that Hailey is responsible to clean the parking area after the show. If you have any questions, please contact me. Thanks.

Ned

RECOMMENDATION FROM APPLICABLE DEPARTMENT HEAD:

Make a motion to approve the Pyrotechnic Display and Services Agreement and authorize the mayor to sign.

FOLLOW-UP REMARKS:
January 13, 2009

City of Hailey  
115 Main Street South  
Hailey, ID  83333

Dear Rick Davis,

Thank you for the opportunity to submit our pyrotechnic proposal for your July 4, 2009 fireworks display. We are honored to highlight your event with an Elite Pyrotechnics fireworks extravaganza. A very sincere effort has gone into the enclosed proposal which outlines your custom designed show in detail. If in any way Elite can save some expenses we will put more percentage in the product in the show which your shell count will go up. Also know that 08 prices have gone up 30 percent and 09 prices have gone up 25 percent. So over all product prices have gone up 55%.

We are proposing our full service program for the amount of $20,000.00. Your display is scheduled for 10:15 p.m. The approximate duration of your show will be 18 min. Our plan is to use the winning combination of our products, people and production capabilities to produce the best fireworks entertainment package possible.

The full service program prices include the services of a licensed pyrotechnic operator, workers insurance, insurance coverage, licenses to produce your display, all production, fireworks, equipment and choreography costs, an electronic firing system, all transportation, and delivery costs, and sales tax. We will process the necessary fire department permit application. Sponsor ‘City of Hailey’ will be responsible for provisions for security. The Hailey Fire Department may bill us directly for any standby fees.

Please take the time to review this proposal in detail. If you wish to make any changes in your program or need more information, please give us a call. We look forward to working with you.

Sincerely,

ELITE PYROTECHNICS, LLC

PYROTECHNIC DISPLAY & SERVICES AGREEMENT

This PYROTECHNIC DISPLAY AND SERVICES AGREEMENT ("Agreement") is made effective as of February 14th, 2009, by and between ELITE PYROTECHNICS, LLC, an Idaho Display Fireworks Company, of 217 North 5th West, City of Rexburg, State of Idaho, hereinafter referred to as "ELITE" and:

CITY OF HAILEY
115 MAIN STREET SOUTH
HAILEY, ID 83333

Hereinafter referred to as "CUSTOMER."

In consideration of the mutual covenants contained in this Agreement and other good and valuable consideration, the parties agree as follows:

SECTION 1: FIREWORKS EXHIBITION

A. ELITE shall furnish CUSTOMER, in accordance with the terms and conditions hereinafter set forth, 1 (one) fireworks display as per Program A, submitted, accepted and made part hereof, including the services of a licensed pyrotechnic operator and crew.

B. ELITE agrees to design, produce, and execute a fireworks display, otherwise known as pyrotechnic exhibition. The said exhibition is scheduled to be performed on July 4, 2009 at Wood River High School, Hailey, ID.

C. CUSTOMER shall pay ELITE the sum of Twenty Thousand Dollars ($20,000.00) The CUSTOMER shall supply ELITE with an Idaho tax-exempt number or pay the sales tax in the amount of $780 (6%).

D. A deposit of $10,000.00 (50%) of the payment for the exhibition show and fire department fees/County Fees approximated at $ 0 must be paid by __FEBRUARY_ and shall be due and payable upon signing of this Agreement. FULL FINAL PAYMENT IS DUE THE SECOND REGULAR BUSINESS DAY AFTER THE DATE OF THE EXHIBITION. A finance charge at a period rate of 1.5% per month will be charged on any unpaid balance, which shall begin after the date in which full payment is due.

E. In the event that over 15% of the total shells in the pyrotechnic display do not fire, ELITE will credit the CUSTOMER 15% of the actual cost of Product. By way of example under this agreement, if 148 4"-8" Shells (i.e., 15% of 882 shells) do not fire, ELITE shall credit CUSTOMER the actual cost of the shells not fired at the end of the show, upon mutual agreement with the local fire department, and adjustments to credit or cost reduction will be made thereafter.

SECTION 2: PYROTECHNICIAN

ELITE shall provide the services of a licensed pyrotechnic operator to take charge of and, along with sufficient helpers, safely discharge the display. ELITE shall be responsible to pay all their traveling and other expenses incident to such exhibition.
SECTION 3: CHARGES RELATED TO EXHIBITION

ELITE shall furnish all equipment and other materials required for the exhibition. ELITE shall be responsible for all charges relating to workers' insurance, insurance coverage, licenses to produce the exhibition, all production, fireworks material, and choreography costs, an electronic firing system, all transportation and delivery costs.

SECTION 4: EQUIPMENT AND OPERATION

A. ELITE shall be responsible to install, setup, teardown, cleanup and remove the equipment and supporting hardware of the pyrotechnic display. ELITE will use a top-quality Detcon MP-400 Electric Firing System and no part of the show will be hand fired.

B. CUSTOMER shall provide sufficient trash receptacles for cleanup after the display and, if necessary, provide sufficient amount of sand for mortar support prior to ELITE's arrival to the display site.

C. ELITE will check and remove any visible remnants of shells in a timely fashion after the display at and around the perimeter of the display site, which will only be the west ball fields and the canal ditch all side walks and football field including track. The city Hailey will clean parking lot and the streets of the display site.

D. CUSTOMER recognizes that because of the nature of fireworks, an industry accepted level of 15% of the product used in any display may not function as designed and this level of nonperformance is acceptable as full performance.

X __________ Initial Here

SECTION 5: SECURITY AND SAFETY

CUSTOMER, at its own expense, agrees to provide to ELITE:

A. A suitable DISPLAY SITE in which to stage the fireworks display, including a firing and fallout zone reasonably acceptable to ELITE in which the fireworks and firework debris may be exhibited, rise and fall safely.

B. Adequate security personnel, traffic patrolmen, barricades, ropes, fencing, traffic cones, restraining lines, and/or other crowd control measures. CUSTOMER agrees to barricade all dangerous areas to spectators, as necessary prior to or during the exhibition and prevent the access of the public or its property or any other people or property not authorized by ELITE into the DISPLAY SITE.

ELITE will direct the CUSTOMER in the parameters in which said restraining lines should be set up; "No Parking" signs and directional signs, as necessary; sufficient space of at least clearance, clearly designated by stakes, rope or fence, in a safe location, as designated by ELITE hereunder;

for the proper and safe display of said pyrotechnic exhibition, such space to be clear and free of all persons except those employed or expressly authorized by ELITE and clear of any and all equipment, vehicles or items of any other kind not authorized or put in place by ELITE;

C. The services and cost of standby firemen and/or any applicable permit fees as required by state and local statutes, ordinances or regulations. Adequate fire protection for the area in which ELITE shall operate the display, and the surrounding spectator areas, as designated by ELITE (or other authority), for which fire protection might be necessary.

D. Access by ELITE, at all times, to the DISPLAY SITE to set up the display.

E. Adequate access, as necessary, including snow removal, such as plowed driveways, and unhindered access entrance to the actual DISPLAY SITE during winter months.

If CUSTOMER fails to fully comply with requirements A, B, C, D, and/or E set forth above, ELITE shall have no obligation to perform and CUSTOMER agrees to pay to ELITE the entire contract price plus any additional expenses incurred because of said failure. If, in its sole discretion, CUSTOMER designates an area for members of the public to view the Display ("Spectator Area") and/or an area for vehicular parking ("Parking Area"), the CUSTOMER shall:

F. Ensure that the Spectator Area does not infringe on the Display Area.

G. Have sole responsibility for ensuring that the terrain of the Spectator Area and any structures thereon, including, but not limited to grandstands and bleachers are safe for use by spectators.

H. Have sole responsibility for ensuring that the Parking Area is safe for use.

I. Have sole responsibility to police, monitor and appropriately control spectator access to the Spectator Area and the Parking Area and police, monitor and appropriately control the behavior of persons in these areas. It is expressly agreed that ELITE, (including its operators and helpers) shall
not inspect, police, monitor or otherwise supervise any area of the site other than the Display Area, except to ensure:

J. That any Spectator or Parking Areas are outside the Display Area; and
K. After completion of the Display, that the Display Area is cleared of any live firework debris originating from the program.

L. CUSTOMER is responsible for procuring and managing areas of sufficient clearance surrounding the display operation area, upon which the display shall be operated, or any other areas, as specifically designated by ELITE to be free from all pedestrians or vehicles, and any damage or liability arising out of damage or harm to any person, structure, vehicle, or other property within such areas specified by ELITE shall be the complete and sole responsibility of CUSTOMER hereunder; such areas to include but not be limited to public streets specified to be closed, parking areas specified as off limits or public walkways specified to be closed.

M. CUSTOMER specifically acknowledges and affirms that it understands that the pyrotechnic display contracted for herein can cause substantial, severe and irreparable damage to persons and property, and that ELITE assumes no responsibility whatsoever for any property damage or injury to individuals within the areas specifically designated hereinabove as necessary to immediately surround the operations of the pyrotechnic display, areas from which pedestrian or vehicle traffic should be restricted, areas which should be closed to access by pedestrians or vehicles, and areas which should be "off limits" and vacated from all persons and property.

X__________ Initial Here

SECTION 6: STORAGE OF FIREWORKS AND PYROTECHNIC DEVICES

ELITE shall be responsible for storage of firework materials in the event of rain or inclement weather. Any damage or loss resulting from the failure of ELITE to do so shall be borne solely by ELITE. ELITE agrees to make no claim against CUSTOMER for damage or loss. CUSTOMER and ELITE shall mutually determine and agree upon the placement and arrangement of fireworks display devices, set pieces, props, spectator viewing areas, and any and all equipment involved with the pyrotechnic display or sound system to ensure the highest degree of show integrity and character, and present to the audience the most aesthetic, artistic, and safest program possible. ELITE shall have sole discretion over placement necessitated by applicable federal, state or local safety, fire or other regulations.

SECTION 7: CANCELLATION/POSTPONEMENT OF EXHIBITION

A. It is agreed and understood by and between the parties hereto that local Fire Marshall shall have the sole, exclusive and final determination of the suitability of the weather conditions at the time of the display, and in the event ELITE (under Fire Marshall's decision) should determine that the weather conditions (generally excessive wind and/or precipitation) are such that an unsafe or hazardous condition may exist, ELITE shall have the exclusive right and option to postpone the entire firework display and/or delay the display in its entirety, until conditions have improved and are appropriate for the safety of all involved, or until the alternative inclement weather date as set forth hereunder. As part of the authority having jurisdiction (such as Fire Marshall) stated hereunder, ELITE reserves the right to prematurely end or place a hold on the continuation of the display if in progress so as to create unsafe or hazardous situations.

B. CUSTOMER agrees to assume the risk of weather, or other causes beyond ELITE's control, which may cause the cancellation of any event for which CUSTOMER has purchased the display, or which may affect or damage such portion of the exhibits as must be placed and exposed a necessary time before the display. It shall be within ELITE's sole discretion to determine whether or not the display may be safely discharged on the scheduled date and at the scheduled time.

C. If, for any reason beyond ELITE's control, including, without limitation, inclement weather, ELITE is unable to safely discharge the display on the scheduled date or should any event for which CUSTOMER has purchased the display be cancelled, the parties shall attempt to negotiate a new date, which shall be within 60 days of the original display date.

D. ELITE shall not be responsible if they are unable to perform because of weather, acts of God, transportation problems, strikes or other events, which are beyond their control.

X__________ Initial Here

SECTION 8: COMPENSATION AND FORCE MAJEURE

A. CUSTOMER shall have the option to unilaterally cancel this display prior to the date of the display. If CUSTOMER exercises this option, CUSTOMER agrees to pay to ELITE, as liquidated damages,
the following percentages of the agreed contract price. 1) 25% if cancellation occurs at least sixty (60) days prior to the scheduled day of the display, 2) 50% if cancellation occurs within three (3) or more days prior to the scheduled day of the display, 3) 85% if cancellation occurs on the date set for the display but prior to the time physical setup of the display actually begins, 4) 100% thereafter.

B. In the event the exhibition is cancelled altogether due to rain or inclement weather, ELITE shall retain 50% previously paid by the CUSTOMER, but the CUSTOMER is not obligated to pay the remaining 50% described in Section 1 (D) in this Agreement.

C. If the event is cancelled by the CUSTOMER for any reason, other than the breach of this Agreement by ELITE, CUSTOMER is obligated to pay the full amount due under this Agreement.

D. If ELITE cancels this Agreement or the pyrotechnic displays for any reason other than: 1) inclement weather, 2) Force majeure, or 3) Nonperformance by or material breach of the terms of this Agreement by CUSTOMER, all monies paid to ELITE by CUSTOMER for the specific display(s) cancelled will be refunded to CUSTOMER, ELITE will have no further obligations under this Agreement. Any applicable state or local taxes will be payable by the CUSTOMER.

E. In the event ELITE breaches this agreement, or is otherwise negligent in performing the fireworks display provided for herein, CUSTOMER shall, under no circumstances, be entitled to recover monetary damages from ELITE beyond the amount CUSTOMER agreed to pay ELITE under this Agreement. CUSTOMER shall not, under any circumstances, be entitled to recover any consequential damages from ELITE including, without limitation, for loss of income, business or profits. Nothing in this paragraph shall be construed as a modification or limitation on the insurance coverage afforded to Section 9 below.

F. In the event CUSTOMER cancels the display, it will be impractical or extremely difficult to fix the actual amount of ELITE’s damages. The foregoing represents a reasonable estimate of the damages ELITE will suffer if CUSTOMER cancels the display.

G. If cancellation occurs prior to the date set for the display, CUSTOMER agrees to pay ELITE in addition to the above percentages, the value associated with any specific custom work performed by ELITE or its agents including but not limited to music or sound tape production and/or SPONSORS logos.

H. If the event CUSTOMER pays 100% as down payment of the total contract price upon signing of this Agreement, and the display is canceled, for any reason other than as addressed hereinabove, ELITE will return 50% of the contract price to the CUSTOMER.

I. Subject to the provisions of Section 1, any failure or omission of CUSTOMER or ELITE under this Agreement, including, without limitation, acts of God, enactment, rule, order or any act of government instrumentality (whether federal, state, or local), other causes beyond the control of CUSTOMER or ELITE, or force majeure will not constitute a breach or default under this Agreement.

X___________ Initial Here

SECTION 9: LIABILITY INSURANCE

ELITE agrees to provide insurance coverage in connection with the Display only, for the following risks and amounts: bodily injury and property damage, including products liability THREE MILLION DOLARS ($3,000,000) combined single limits. Such insurance shall include CUSTOMER as an additional insured regarding claims made against CUSTOMER for bodily injury or property damage arising from the operations of ELITE in performing the Display provided for in this Agreement. Such insurance afforded by ELITE shall not include claims made against CUSTOMER for bodily injury or property damage arising from A) Failure of CUSTOMER, including through or by its employees, agents and/or independent contractors, to perform its obligations under this Agreement, including, without limitation, those contained in this Agreement; B) Failure of the CUSTOMER to provide discretionary Spectator and Parking Areas referred to in Section 9 of this Agreement. CUSTOMER shall indemnify and hold ELITE harmless from all claims and suits made against ELITE for bodily injury or property damage arising from A) and B) of this Section; C) In the event greater liability insurance limits are required, the additional cost is to be paid by CUSTOMER.

SECTION 10: PERMITS AND LICENSES

SELLER shall procure any and all permits or licenses that may be required by governmental authorities and bear all costs associated with obtaining permits or licenses. ELITE shall provide CUSTOMER with any necessary information, proof of insurance in accordance with Section 9 above, and other items required by the licensing authorities for insurance of such license or permits. ELITE will apply for the city permit no later than April 1st, 2009.
SECTION 11: GOVERNING LAW

This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Idaho. It is further agreed that the courts of the State of Idaho shall have exclusive jurisdiction to adjudicate any disputes arising out of this contract or performance of the display provided for herein.

SECTION 12: HOLD HARMLESS AND INDEMNIFICATION

It is understood that CUSTOMER will indemnify and hold harmless ELITE hereunder, its agents, representatives, insurers, attorney, employee, persons and organizations independently contracted by ELITE, from and against any and all claims, losses, obligations, damages, liabilities or exposure, damages, demands, (including damages to property, personal injuries and/or death of any persons), demands, costs (including court costs and attorney fees), lawsuits, judgments and other related actions or proceedings of whatever nature or kind, arising from a cause other than the negligence of ELITE, its agents or employees, insurers, attorneys, or representatives in the performance of the duties under this Agreement, or arising from damages not covered by insurance provided under Section 9 of this Agreement.

A. The term of this Hold Harmless Agreement shall continue in full force and effect until such time as ELITE determines that the covenants shall no longer be necessary.

B. In executing this exhibit, ELITE represents and warrants that CUSTOMER has completely read, fully understood, and voluntarily accepted its terms and has executed it expressly to make the covenants in favor of ELITE described in Paragraph 1. In executing this Agreement, ELITE expressly reserves any and all rights that ELITE may have against any person, firm, or corporation other than the CUSTOMER, its successors, representatives, and assigns.

SECTION 13: RELATIONSHIP OF PARTIES

It is agreed, nothing in this Agreement or in ELITE’s performance of the display provided for herein, shall be construed to mean that the parties are partners, joint ventures or associates or that ELITE would be acting as agents or employees of the CUSTOMER. ELITE would be considered at all times as independent contractors. The parties hereto shall be severally responsible for their own separate debts and obligations and neither party shall be held responsible for any agreements or obligations not expressly provided for herein.

SECTION 14: ENTIRE AGREEMENT

This Agreement shall constitute the entire Agreement between the parties. Any prior understanding or representation of any kind preceding the date of this Agreement shall not be binding on either party except to the extent expressly set forth in this Agreement.

SECTION 15: MODIFICATION OF AGREEMENT

All terms of this Agreement are in writing and any modification of this Agreement or additional obligation assumed by either party in connection with this Agreement shall be binding only if evidenced in a writing signed by each party or an authorized representative of each party. Both parties acknowledge that they have received a copy of said written Agreement and agree to be bound by said terms of written Agreement only.

SECTION 16: ATTORNEY FEES & COSTS

In the event that payment is not made by CUSTOMER as provided in this Agreement the CUSTOMER shall pay to ELITE in addition to all sums that CUSTOMER may be called on to pay court costs, interest and a reasonable sum for attorney fees. If any legal action is brought to enforce or interpret the terms or provisions of this Agreement, the prevailing party shall be entitled to reasonable attorney fees and costs in addition to any other relief to which they may be entitled.

SECTION 17: EFFECT OF PARTIAL INVALIDITY

The invalidity of any part of this agreement will not and shall not be deemed to affect the validity of any other part. In the event that any provision of this Agreement is held to be invalid, the parties agree that the
remaining provisions shall be deemed to be in full force and effect as if they had been executed by both parties subsequent to the expungement of the invalid provision.

SECTION 18: MULTIPLE PARTIES

If there is more than one CUSTOMER, they shall be jointly and severally responsible to perform CUSTOMER's obligations under this Agreement. This Agreement shall become effective after it is executed and accepted by CUSTOMER and after it is executed by ELITE at ELITE's office in Rexburg, Idaho. This Agreement may be executed in several counter parts, including facsimile copies, each one of which shall be deemed an original against the party executing same. This Agreement shall be binding upon the parties hereto and upon their heirs, successors, executors, administrators and assigns.

IN WITNESS WHEREOF, each party to this Agreement has caused it to be executed on the date indicated below.

Sponsor Agrees to:

☐ Return contract by no later than February 15, 2009

☐ Send 50% deposit and applicable fire department permit fees by no later than February 15, 2009.

☐ Send balance of payment to arrive no later than July 7, 2009.

☐ Provide suitable firing site; pay necessary deposits and fees in accordance with all applicable laws.

☐ Provide adequate security as required by local fire authority as well as crowd control on land and/or water.

Elite Pyrotechnics, LLC Agrees to:

☐ Provide a Professional Full Service fireworks production.

☐ Provide fireworks general liability insurance in the amount of $3 million dollars, as well as workers compensation coverage for pyrotechnicians.

☐ Apply for all necessary federal, state and local fireworks display permits and licenses. No later than March 1st 2009 or Before.

☐ Provide a licensed pyrotechnic operator and crew.

☐ Provide all necessary pyrotechnic equipment.
AGENDA ITEM SUMMARY

DATE: 03/23/2009   DEPARTMENT: City Clerk   DEPT. HEAD SIGNATURE: Mary Cone

SUBJECT: Motion to ratify Mayor's signature on letter sent to State Legislature — House Revenue and Taxation Committee members.

AUTHORITY: ☐ ID Code  ☐ IAR  ☐ City Ordinance/Code
(IFAPPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

The following is an excerpt from an email sent to council from Heather Dawson on Tues. 3/17/09:

Hello Mayor and Council —

Cities have been alerted that there is a piece of legislation before the House Revenue and Taxation Committee that does not serve our interests. We have been asked to take steps within our policies to make comments upon the legislation to appropriate parties.

Hailey’s policies in this regard were established in 2004 as follows:

- Hailey will make every effort to have city council discussion on correspondence and positions held by the City of Hailey toward legislation.
- Correspondence will be drafted and put on Consent Agenda for council consideration and approval.
- If action is requested as "urgent", with the legislative hearings to be held before the Hailey City Council next meets, the city administrator will forward draft correspondence by email to the mayor and council for their consideration. An objection from any single council member will result in the correspondence not being sent.
- If no objections are forthcoming, the correspondence will be sent to the State Legislature and will be set upon the next council meeting agenda for "ratification" after the fact.

Attached is draft correspondence which is "urgent", as the House Committee meets tomorrow (Wednesday) morning. As this particular matter is of interest to Don Keirn, I showed him a draft this morning and he was supportive of the letter be signed and sent. Please let me know if you object to the sending of this letter. If no objections are forthcoming, we will ask Mayor Davis to sign this at 8:00 a.m. tomorrow morning and forward it directly then to the State Legislature.

Thank you,
Heather Dawson

RE: House Bill 244

Dear House Revenue and Taxation Committee members:

As the House Revenue & Taxation Committee holds hearings on, please keep in mind that this bill would have a chilling impact on economic development efforts throughout Idaho at a time when the state’s unemployment rate is at the highest level in the last 20 years.

Although the City of Hailey currently has no urban renewal district, we have just conducted and completed a survey of our citizens, and have learned that a very under-developed street within the city’s commercial district is an area the citizens would like to see master-planned, developed, infused with vitality and business, and thus made valuable. A financial consultant working with us has recommended that we utilize an urban renewal district to achieve that citizen goal. The proposed bill would stymie that process.

Cities are the engines of economic growth in Idaho. House Bill 244 would provide cemetery districts, fire districts, library districts, irrigation districts and other types of taxing districts the power to veto a community’s economic development efforts. This is poor public policy.

By placing unnecessary impediments on the use of this economic development tool, Idaho will be at a competitive disadvantage with other states in attracting new business and industry.
Ultimately, urban renewal serves the interests of all taxing districts by growing the community’s tax base and creating jobs.

Urban renewal is a critical tool for economic development in Idaho communities. Its significance is magnified as Idahoans face the highest rates of unemployment in the last 20 years. Urban renewal efforts have attracted business and industry to Idaho and created jobs in our communities.

Sincerely,

Rick Davis,  
Mayor, City of Hailey

The purpose of the Safe Routes to School (SR2S) program is to provide children a safe, healthy alternative to riding the bus or being driven to school. Eligible projects will address all of the following within two miles of primary and middle schools (K-8): current conditions, education, encouragement, enforcement, evaluation and engineering efforts.

ITD recommends reading the Application Guidelines and the SR2S Procedures Manual before completing this application. The guidelines, as well as this application, are available at www.itd.idaho.gov/sr2s.

The SR2S Advisory Committee will make the final decision on which year your project will be funded.

Applicants are encouraged to complete the form in a Word or Adobe format, but handwritten applications will be accepted. Answers may not exceed the specified word count. Please be complete and concise. Please be aware that responses are limited to the space provided. Information that exceeds the space allowed will not print.

Applications are due by 5:00 p.m. on March 31. This cover page should not be included. Please deliver one (1) original and fifteen (15) copies to:

Section 1 – Summary - Refer to the Application Guidelines for help completing this form.

Date Submitted: 3/30/09  
School(s) Included: Woodside Elementary  
SR2S Use Only

Brief Description of Project
Provide additional sidewalk along Woodside Blvd, a major city collector street, and provide additional education and encouragement programs through Mountain Rides Transportation Authority activities and events.

Project Leader (Name of person filling out the application)
Thomas Helen
Title: Public Works Director/City Engineer
Project Leader's E-mail Address: Tom.hellen@haileycityhall.org
Address: 115 Main St S  
City: Hailey  
Zip: 83333  
Phone Number: 208-788-9830 x14

ITD District (check one)
☐ District 1 – Boundary, Bonner, Kootenai, Benewah, and Shoshone counties  
☐ District 2 – Latah, Nez Perce, Clearwater, Lewis, and Idaho counties  
☐ District 3 – Adams, Valley, Washington, Payette, Gem, Boise, Canyon, Ada, Elmore and Owyhee counties  
X District 4 – Camas, Blaine, Gooding, Lincoln, Jerome, Minidoka, Twin Falls, and Cassia counties  
☐ District 5 – Bingham, Caribou, Power, Bannock, Oneida, Franklin, and Bear Lake counties  
☐ District 6 – Lemhi, Custer, Butte, Jefferson, Clark, Fremont, Madison, Teton, and Bonneville counties

Section 2 – Project Partners  
Partners may include, but are not limited to law enforcement, healthcare, education, PTO volunteers, etc.

Sponsor – Projects with infrastructure improvements must be sponsored by the agency with jurisdiction over the project. Projects with only non-infrastructure improvements may be sponsored by any organization, including non-profits. (Refer to the Application Guidelines for assistance.)

Email Address: Tom.hellen@haileycityhall.org  
Phone Number: 788-9830 x14

I certify that the above named sponsoring agency supports the proposed Safe Routes to School project. The Sponsor has the legal authority to apply for and pledge the funds required to receive reimbursement for the requested Safe Routes to School funds, and shall enter into a State/Local Agreement with ITD. I further certify that the Sponsor will provide maintenance for all infrastructure improvements upon completion. I understand that this is not a grant; this is a reimbursement program, and that all federal rules for contracting, auditing, and reimbursement will apply to the project.

</thead>
</table>

2. School Name: Wood River Middle Sch.

Total Students: 663
Fall Data Collection Students Survey
575 students

Number receiving free lunch:

Walk - Current/Anticipated increase percentage and number 6% (37).
Increase 5% = 35 students total 11% (72)
Bike - Current/Anticipated increase percentage and number 12% (67).
Increase 10% = 57 students total 22% (125 students)
Car - Current/Anticipated change 30% (220) reduce 50 vehicles = 23% of current through carpool, walk/bike, transit promotion and events

Bus - Safety Bussed Pre project: Post project:

Other - Explain:
3. School Name:
Total Students:
Number receiving free lunch:
Walk - Current/Anticipated increase percentage and number
Bike - Current/Anticipated increase percentage and number
Car - Current/Anticipated change
Bus - Safety Bussed Pre project: Post project:
Other - Explain:

Part 2 - Barriers List the top three reasons why children can not safely walk and bicycle to this school
Traffic volume and vehicle speeds in the school zone are a major barrier to walking and biking to Woodside Elementary
Woodside Blvd is a major collector in the City of Hailey serving the entrance to Woodside elementary.
There is a cultural and language barrier to providing adequate educational outreach to Hispanic population (65% of students)
There is a lack of sidewalks beyond the 2 blocks at school entrance

Part 3 - Current Efforts What is currently happening to increase awareness about the need for SR2S at each school? Applicants previously funded must describe current projects in detail and/or attach their current School Travel Plan.
See attached draft of Woodside Elementary School Travel Plan

Section 4 – Project Goals
Part 1 – Goals Describe the project’s long and short term goals, and give details about the time frame being allowed for each.
Implement and Promote a comprehensive, progressive and affordable school transportation plan
Minimize contribution to global warming through promotion and encouraged use of alternative
transportation choices (walking, biking, carpooling, public and school bus)
Improve overall health, safety and well being of Woodside Elementary students and the
Hailey community at large
Part 2 - Describe the strategies being considered to reach these project goals.
See School travel Plan page 8.

Section 5 – Community Support Building sustainable SR2S projects takes the commitment of a whole
community.
A - Advocacy Are you aware of any type of advocacy efforts for bicycle and pedestrian related issues in your community? If yes,
are these individuals involved in your project, and if yes, show how they are involved.
MRTA, Citizens for Smart Growth, Papoose Club, Blaine County Rec District, Wood River Bicycle Coalition, St. Luke’s
Medical Center, Wood River YMCA, Scott USA, Sturtevants’, The Elephant’s Perch, Backwoods Mountain Sports, Sun
Summit Cycles, Sun Valley Co. are all cooperatively involved in advocating and promoting Walking and Biking as
transportation choices. All local governments have included SR2S in their Transportation Master Plans. The Wood
River Valley has been awarded the Silver Award for Bike Friendly Community by the League of American Cyclists. All of
these organizations donate manpower, provide donations, actively participate in events and activities.

ITD 0166 (Rev. 12-08)
Section 6 – Engineering

Only projects that meet the environmental requirements of a Categorical Exclusion shall be considered. Refer to guidelines for tips on success for infrastructure projects.

A – Proposed solution

Describe the project’s proposed improvements to the infrastructure within two miles of the K-8 Grade school. Is this the only solution that was considered, and who was consulted? If the project involves utilities, canals or railroad please attach evidence of support, copies of agreements and details on who will pay for changes as a result of the project. Provide additional sidewalk along Woodside Blvd allowing more children a safe route for walking or biking to school.

B – Routes

Will the project help establish shorter or more direct walking routes, or enhance existing routes? Have neighbors been informed about the project? Explain.

The route will provide a safe walking or biking environment separated from Woodside Boulevard.

A neighborhood meeting was held with Woodside Subdivision residents to discuss sidewalks, stop signs and traffic control in general.

C – Congestion

Do you believe this project will help reduce motor vehicle congestion in the vicinity of the school? If Yes, show how, including information about how school bus and parent pick-up/drop-off policies and procedures will be affected by the project.

Fall 2008 (27%) thru winter 2009 (43%) student surveys showed an increasing reliance on Family vehicles as the transportation choice at Woodside Elementary School. The shift was due to the seasonal impacts on the neighborhood infrastructure. Parents opted to put students on School Buses or Family Vehicles due to many reasons shown on page 7 of the School travel Plan. Biking to school declined from 10% to 1%- if 25-30 more students walk or bike to school year around there will be fewer cars in the school zone.

School Bus policy is not a topic of current discussions. Students are bused from less than ½ mile away.

Section 7 – Pedestrian/Bicycle Safety and Skills Education

A – Proposal

Describe the project’s proposed educational efforts; include information about on-going efforts and what changes will be made.

MRTA will begin Bike Ed classes at Woodside Elementary in the Spring of 2009. All 3rd, 4th, and 5th grades will receive in-classroom education on an annual basis. Educational activities through SR2S Information Boards is an ongoing effort, Parent Workshops- Neighborhood Leader Development are scheduled annually.

B – Training

Does your community plan to provide pedestrian safety and bicycle skills/safety training this year for students in Kindergarten through 8th grade? If so, when and what kind of activities are planned?

MRTA and local law enforcement members with LAB Instructor Certification conduct Bike and Pedestrian Safety Training to grades 3-5 at all elementary schools. The classes are scheduled in late March prior to the Spring Walk/Bike to School Month. Day 1 is inside- helmet fitting, ABC check and other activities that fit in 30 min class time. Day 2 is Skills training in the parking lot.
C – Maps Will maps showing preferred routes to school be created by the end of the project be distributed to students and parents? The attached Travel Plan has an aerial photo of Woodside El. School and the adjacent neighborhoods. MRTA and BCRD produce a Walk/Bike Guide highlighting preferred routes to school. The “Guide” is distributed at all schools. MRTA’s FY2010 & FY2011 Non-infrastructure applications include school specific map creation and distribution.

D – Effectiveness How will this project make children more comfortable or confident about walking and bicycling to school?

E – Assistance Does your school/community need additional assistance to help implement your SR2S education/encouragement program if funded? If so, describe additional assistance needed.

Section 8 – Encouragement and Community Involvement

A – Proposal Describe the projects proposed encouragement efforts. Include information on current encouragement efforts. Spring and Fall events have been successful in the past and will continue through MRTA’s Non-infrastructure projects.

B – Community Describe the kind of encouragement activates being provided by community partners to encourage participation? PTA, Papoose Club, BCRD, BCSD and local businesses all provide giveaways, time, volunteer efforts to create fun, kid friendly events at the schools. MRTA’s Encouragement program includes monthly individual recognition and promotion at all participating schools. The Spring event has budgeted a grand prize of a kid’s mountain bike for each school. The bikes are provided at cost through local merchants. Hundreds of dollars of donations are provided at all events. The community is highly supportive of the SR2S program in the Wood River Valley.

C – Law Enforcement Describe how local law enforcement plans to participate encourage more students to walk or bicycle to school.

D – Crossing Guards Does the school have a crossing guard program? If not, will there be a program in place by the end of this project? School utilizes Para-pros as the crossing guard on Woodside Blvd 7:30-8am 2:30-2:45pm
Section 9 – Evaluation

NCSRTS Survey forms and instructions are located at www.saferoutesinfo.org/Resources/Evaluation. An example progress report and a Travel Plan outline are available in the SR2S Guidelines.

I certify that this project will meet the evaluation requirements for the Idaho Safe Routes to School program, including pre-, mid- and post-project NCSRTS surveys; ITD quarterly progress reports, and a commitment to compile an Idaho School Travel Plan during the one or two-year program. I understand that failure to submit survey information and progress reports could result in the termination of the project. Based on our project timeline, I have identified the month and year that the plan will be submitted.

<table>

</tbody>
</table>

Attachments - The following documents must be attached to your application.

- A map and/or aerial photograph (8.5”x11”) showing a two-mile radius around your school(s). These should be in color and in a scale that shows existing conditions (sidewalks, bike lanes, crosswalks, school zones, etc.), the location of the school(s), the most popular walking and bicycling routes, and the location of proposed improvements. Maps/photographs are required for applications with infrastructure improvements and highly recommended for all other applications.

- Cost Estimates – Infrastructure improvement costs and non-infrastructure improvement costs must be estimated separately.

- ITD Environmental Evaluation (ITD 0654 attached) Must be signed by ITD District Environmental Planner.

- Concept report (ITD 0190 attached) Must be signed by ITD District SR2S Contact.

- Letters of Support from partners describing their roles and responsibilities

- Each document/form must have applicable signatures.

- Copies of agreements or letters of support from stakeholders (including utility companies or canals companies) affected by the proposed project.
Section 10 – Funding Requests

Cost Estimate for Non-Infrastructure Efforts: Local funds and in-kind donations are encouraged, but not required.

WOODSIDE ELEMENTARY SCHOOL

INTRODUCTION

Purpose of this School Travel Plan:

Goals:

- Implement and Promote a comprehensive, progressive and affordable school transportation plan
- Minimize contribution to global warming through promotion and encouraged use of alternative transportation choices (walking, biking, carpooling, public and school bus)
- Improve overall health, safety and well being of Woodside Elementary students and the Hailey community at large

Objectives:

- Increase number of students using non-motorized (walking, biking, etc) transportation for school related trips
- Reduce number of Family Vehicles in school zone by encouraging alternative transportation modes (carpooling, public transit)
- Minimize exposure to vehicle conflicts through comprehensive Street and intersection designs; visible school zone signage; pathway construction; Crosswalk painting; crossing guard training and parent
- Maximize Safe Routes to School funding for improving Infrastructure and Education and Encouragement projects and activities at Woodside Elementary such as: Provide adequate facilities for bike storage, Information outlets, Bike/Ped Safety Education Classes, Spring and Fall promotional events

School Description:

Blaine County Public School District of Idaho includes 5 Elementary Schools; 2 Middle Schools; and 2 High Schools with a total enrollment of 3380 students in the Fall of 2008.

**Woodside Elementary School** is located at 1111 Woodside Elem. Lane in Hailey, Idaho. WES is one block off of Woodside Boulevard and one-half mile from the Wood River Trail (Bellevue to Ketchum bike path)

- WES is the newest school in Blaine County. WES opened in September 2006 as a neighborhood school with a total attendance of 390 students in grades PreK-5
- School Hours: 8:00am-2:30pm Dual Immersion 7:50am-2:20pm
- The 65 staff members are led by Principal Gary St. George. School Secretary Andrea Jost and PE teach Craig Eastop are also active contacts for all E&E outreach activities.
- The PTA is active in all programs at Woodside Elementary School and many members are active in other civic organizations in the City of Hailey and Blaine County.
- No bike trains are organized and "dispersed" walking groups have been developing in surrounding neighborhoods. Biking is the preferred non-motorized transportation mode at WES. Heavily promoted events bring out the best of Woodside! Woodside won "Outstanding Achievement Award for 2007 International Walk or Bike to School Day" with 46% participation!
- 55% Hispanic student enrollment
- School buses transport 40-50% of the students depending on season.

School Site- WOODSIDE ELEMENTARY SCHOOL  1111 Woodside El. Lane
Community Involvement in Safe Routes to School

Mountain Rides Transportation Authority and its predecessor organization, Wood River RideShare started a Safe Routes to School program at Woodside Elementary School on International Walk to School Day in October, 2005. As a result of this Kick-off event, Parent Surveys and Community input was collected through Workshops and outreach programs. These initial program assessments are the foundation for the developing Walk and Bike programs at Woodside Elementary School. Since 2005, a comprehensive Neighborhood Walk or Bike group campaign has been implemented to meet the needs of SR2S families in surrounding neighborhoods.

Parent Surveys have been collected and analyzed Annually (Fall & Spring). Results are shared with School Principal and Staff; School District Office; Parent Organizations; Hailey City Council and Staff.

City of Hailey staff, Planning and Zoning Commission and City Council have been involved in policies and projects related to Safe Routes to School since 2004. Early exposure to the principles of SR2S started with P&Z discussions of the Woodside Elementary Construction project. The history of “who builds sidewalks” in Hailey was a controversial topic. Blaine County School District installed 750 feet of sidewalks along Woodside Boulevard as part of the school construction.

The City of Hailey was awarded a 2010 SR2S infrastructure project for $71,500. This project funds pathway construction between Glenbrook Drive and Woodside Blvd. Ground breaking is to commence in the Summer of 2009. Parent Surveys, On-site monitoring and polling, and results from Parent Workshops indicate a continued priority for connectivity to the Wood River Trail System (2+ blocks from bike path to the school sidewalks).
School Survey Results:

The National Center for Safe Routes’ Parent Surveys and Travel Behavior Surveys are used for evaluation of the SR2S performance. Parent and student surveys were conducted in Spring 2008, Fall 2008 and Winter 2009. Woodside Elementary is committed to meeting Idaho SR2S Evaluation efforts required in funded SR2S projects. Bilingual Parent surveys are distributed through the school (3 of 120 returned in Nov 08). These are some interesting details:

2008 Fall Student Tally (September 16-18) 230 STUDENTS RESPONDED

2009 Winter Student Tally (Feb 11-13) 129 STUDENTS RESPONDED
Average number of students per day responding to in-class tally counts: 128.8
Parent Survey completed November, 2008 (45 of 368 surveys completed-3 Spanish)

Issues which Affect Parent’s Decision to Allow or Not Allow Their Child to Walk or Bike to/from School Separated by: Children who Do and Do Not Already Walk or Bike To/From School:

**Recognized Barriers to Walking or Biking to School: SURVEY RESULTS**

- **Woodside Elementary School** is surrounded by streets that lack adequate amenities for walking or biking to school. Excluding the School property and one block in each direction on Woodside Blvd, there are no sidewalks, inadequate crosswalks, a lack of proper signage and minimal speed limit enforcement.

- Results from Parent Surveys compiled in the and Fall of 2008 indicate a significant need for connectivity to the Wood River Trail to the east and access along Woodside Blvd to higher density housing to the north.

- High traffic volume and traffic speeds within the school zone and adjacent neighborhoods are a safety concern for students walking or biking to school.

- **Inclement weather**, lack of daylight, snow removal and storage create a significant seasonal reduction in walking and biking participation Nov-April.

- Lack of bicycle and pedestrian safety education by students, motorists, parents and the general public are a barrier.

- 27-50% of Woodside Parents continue to chose the Family Vehicle as the preferred and convenient mode of transportation for Woodside Elementary trips. **THEREBY CREATING THEIR OWN TRAFFIC BARRIER.**

- A language barrier does exist at Woodside Elementary School and in the surrounding neighborhoods. Outreach efforts have included bilingual production of all materials distributed, Spanish newspaper advertising and use of interpreters at PTA meetings, SR2S Parent Workshops.

- Lack of neighborhood champions and Parent involvement is a barrier
Action Plan

Targets for Woodside Elementary Travel Plan

- Reduce number of family vehicles in dropoff/pickup to 75 vehicles from Fall '08 average of 85 vehicles. Winter 2009/history = 115
  - 2008/09 Fall average = 85 vehicles
  - 2009 Spring goal = 75 vehicles (-10)
  - 2009/10 goal = 70 vehicles (-5)
  - 2010/11 goal = 65 vehicles (-5)

Strategy: 1) Campaign, outreach and promotion of SR2S activities at the Drop-off. 2) Publicize car counts and promote the goal of 75 cars or less.

- Increase number of students biking to school on a regular basis (3 days/wk) by 12 students per season
  - 2008/09 Fall Event = 76 biked 26% of attendance
  - Fall average for days monitored = 29 bikes
  - Spring Trip Tracking average = 32
  - 2009 Spring Event = GOAL 44
  - 2009/10 = 56
  - 2010/11 = 68 students biking to school

Strategy: Recognize and promote active participation by students through “Wolf Paw” certificates for “Good Citizenship”

- Increase number of carpools at dropoff/pickup to 10 vehicles per year
  - Fall '08 average of 6 Carpool vehicles
  - Spring 09 = 10
  - 2009/10 = 15
  - 2010/11 = 20

Strategy: Survey and Identify neighborhoods with active carpools and high frequency of family vehicles. Promote Rideshareonline service at HES and BCSD.

Increase participation in Bike and Pedestrian Safety Education programs:
- Program starts with 2009 Spring Classes
- 2010/11 +10% completion

Increase participation in Promoted SR2S Events by 10%/year
- 2007 FALL EVENT = 162=46%
- 2008/09 Fall event = 138= 39% (MORE CONTROLS)
  - Goal: Spring TRIPS 2009=2500 trips!
      (2008=2025 trips recorded)
  - Fall 2009 = GOAL: 160 total participants
  - Spring 2010 = GOAL: 3000 TRIPS!

Develop and Increase Parent leaders for Neighborhood groups:
- Neighborhood workshops
- Parent outreach through PTO-attend monthly meetings

Travel Plan Agreement and Proclamation of Support

We support the development and successful implementation of the Woodside Elementary School Travel Plan.

**Blaine County Public School District/School Principal**

The Board of Trustees and The Superintendent of Schools encourages the School Principals and staff to continue to provide access to students and facilities for promotion of Safe Routes to School. Blaine County Schools have provided bulletin boards and space available for MRTA’s SR2S Information Boards. Additionally, BCSD staff will assist with the required data collection for the SR2S projects (in classroom tallies, Parent surveys, and other necessary information gathering). BCSD schools and facilities are available for public outreach, meetings, training activities and assemblies. We recognize Safe Routes to School as an important community program and encourage students, parents and staff to participate on a regular basis. In 2010-2011, The BCSD will continue to promote and support the Education, Encouragement and Evaluation activities of Mountain Rides and the Engineering activities of the City of Hailey to construct and improve the infrastructure and amenities in school zones and in the adjacent neighborhoods.

**Mountain Rides Transportation Authority** - MRTA will provide personnel and leadership for all Education and Encouragement activities as the Blaine County SR2S Coordinating agency. MRTA will facilitate data collection for evaluation activities and promote utilization of Infrastructure projects as they are completed.

**Woodside Elementary School PTA** - pledges to provide a platform for outreach and parent recruitment at PTA meetings and functions such as the Back to School Picnic, Book Fair, etc

**City of Hailey**: our community has been actively involved in making it easier and safer for children to walk and bicycle in our communities, and this project will further these efforts. Children, parents and community leaders around the world are joining together to walk and bike to school and evaluate walking and bicycling conditions in their communities. City of Hailey staff and officials actively support development of SR2S infrastructure projects supporting Woodside Elementary School’s SR2S efforts and events. City of Hailey Transportation Master Plan and Complete Streets Design Standards both include SR2S references, coordination and documentation.

**Papoose Club** in 2007 contributed funds for helmet distribution and strongly advocated and encouraged members to actively participate in Safe Routes to School programs. In 2008 we provided funding for four bike racks for schools in need of racks. In 2009 we will provide a financial donation to buy more bike or pedestrian safety items. Amount of contributions to be determined in the FALL of 2009. The Papoose Club recognizes the outstanding community support for Safe Routes to School projects and will promote member participation in all SR2S events and activities.
**Blaine County Recreation District** will encourage volunteers as manpower and resources at events including October Walk or Bike to School Day and other promotional events; Trail Ambassadors for School Assemblies as needed for Bike/Pedestrian Safety Education. BCRD will continue to share the cost of producing and distributing the *Walk or Bike to School Guide & Map*. Our facilities (including the Wood River Trail) are available for training and public outreach events.

**Hailey Police Department** will provide enforcement support and Bike/Pedestrian training through the departments School Resource Officer. Regular patrols through the neighborhoods and school zones are scheduled as manpower and resources permit. Our commitment to Safe Routes to School includes patrol and educational efforts at Wood River Middle School, Hailey Elementary School, Woodside Elementary School and Wood River High School.

**Citizens for Smart Growth** continues to support the development and promotion of Safe Routes to School programs. SR2S programs are instrumental in the development of Master Transportation Plans for the City of Hailey and the City of Bellevue. MRTA is represented and actively participates on the City of Hailey Complete Streets Advisory Committee. The City of Hailey SR2S Infrastructure project is a vital ingredient to building a walkable and bikeable community.

**St. Luke's** supports SR2S programs with the belief that the safety and health of Blaine County children can be improved through education and encouragement of safe biking and walking to school. The lack of physical activity plays a leading role in rising rates of obesity, diabetes and other health problems among children and being able to walk or bicycle to school offers an opportunity to build activity into daily routine.
