Community Forestry Management  
Interlocal Agreement

Introduction/History  
Urban forest management is the responsibility of the Community Forestry Division (CFD) of Ketchum Parks & Recreation Department. Ketchum's Community Forestry Division was created in 2003.

A GIS-based tree inventory and management software program called TreeWorks was purchased by the City in 2006 and data collection was undertaken by Community Forestry Consultants, Inc., an urban forest management consulting firm from Spokane, WA, revealing an urban forest asset amount of approximately $2 million. The tree inventory allows the CFD to manage the urban forest asset efficiently and professionally; it helps to identify risks and opportunities associated with public trees, generate work orders for staff, create reports for elected officials and City administration, and provide leverage for grant money procurement. The Ketchum CFD has experienced a drastic budget savings over the past four years due in large part to the data provided and efficiencies created by the GIS-based tree inventory and management program.

In October 2008, The Ketchum city arborist was asked to chair the Hailey Tree Committee (HTC) in order to help facilitate the creation of Hailey's urban forest management program. The city arborist agreed to the volunteer position with full disclosure to both municipalities.

The HTC has experienced several successes (similar to Ketchum's CFD) such as a vigorous risk mitigation undertaking, regular Arbor Day celebrations, Tree City USA and TCUSA Growth Awards and a Community Transportation Enhancement grant award of $30,000 by Idaho Department of Lands. Urban forest management best practices suggest that asset identification is the next step for continuing success. Following presentations and deliberations, the HTC requested a budget allocation for a GIS-based tree inventory similar to Ketchum's; however, the economic downturn prohibited the large expenditure at
this time. A stand-alone tree inventory and management software program and data inventory would cost the City of Hailey approximately $20,000.

In a creative effort to both accomplish the much needed tree inventory and save limited municipal dollars, the HTC reached out to Community Forestry Consultants for a solution. Because Ketchum and Hailey are both relatively small communities, CFC urban forester, Jim Flott, suggested an agreement between the two cities to manage Hailey’s tree inventory as well as save Ketchum’s resources wherein Hailey would purchase an additional TreeWorks site license and data collection services for $7,000 and would pay the City of Ketchum for one half of an annual software support fee of $325 and a facilitation and management fee of $675 for Ketchum’s city arborists’ services.

Current Report
Hailey’s tree inventory took place in July 2010 and Ketchum continues to offer its support regarding management of Hailey’s inventory and software.

Financial Requirement/Impact
No financial requirement/impact at this time. Should the Ketchum City Council support the Interlocal Agreement, a savings of $325 of software annual support fee will occur and an additional fee of $675 will be paid to Ketchum CFD (a net revenue stream of $1,000 annually).

Recommendation
I respectfully recommend that the City Council approve the Interlocal Agreement for community forestry management between the Cities of Ketchum and Hailey with the stated motion:
“\textit{I move to approve the Interlocal Agreement for community forestry management between the cities of Ketchum and Hailey.}”

Sincerely,

Jennifer L. Smith
Parks & Natural Resources Superintendent
INTERLOCAL AGREEMENT

This person will work at either the City of Ketchum or the City of Hailey to accomplish the tasks assigned them. Tasks assigned to the arborist will be limited only by their experience.

   The City of Hailey agrees to purchase an additional site license for TreeWorks, an urban forest management tool owned by the City of Ketchum, to be hosted with the City of Ketchum’s Parks & Recreation Department and also agrees to pay for professional inventory services from Community Forestry Consultants for tree inventory services for the City of Hailey.

   The City of Ketchum agrees to provide training for City of Hailey employees as part of the agreement.

6. **AMENDMENT.** This Agreement may be amended at any time, and from time to time, by the mutual written consent of the City of Ketchum and the City of Hailey for any of the following purposes:

   1. To add provisions to the Agreement to benefit either or both the City of Ketchum and the City of Hailey.

3. To cure any ambiguity, to correct or supplement any provision herein which may be inconsistent with any other provisions with respect to matters or questions arising under this Agreement which are not inconsistent with the provisions of the Agreement.

7. **SEVERABILITY.** In the event any provision of this Agreement shall be declared by a court of competent jurisdiction to be invalid, illegal, or unenforceable, the validity, legality, and enforceability of the remaining provisions shall not, in any way, be affected or impaired thereby.

**INTER-LOCAL AGREEMENT** 3
AGENDA ITEM SUMMARY

DATE: 10/25/10 DEPARTMENT: PW DEPT. HEAD SIGNATURE: 

SUBJECT: Contract to install sewer main and services and 1 water service to properties annexed during the High School annexation process.

AUTHORITY: □ ID Code □ IAR □ City Ordinance/Code (IF APPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

Documents will be available at the meeting. Bids are being received by 10/22/10 and will be ready at the meeting on 10/25/10. Our standard contract for PW work will be used.

During the annexation of the BCSD High School property there were four properties "force annexed" into the City of Hailey. The annexation agreement allowed for 10 years for these properties to connect to city services. Without the sewer main there is no plausible way for them to connect. This work needs to be completed this year as there is a property sale going forward with the connection as a condition. Discussions with the School District have also led to an agreement to share costs for this work.

The motion will be to approve a contract award to the low bidder and authorize the mayor to sign the agreement.
