FINDINGS OF FACT, CONCLUSIONS OF LAW AND DECISION

On February 8, 2010, the Hailey City Council considered an application submitted by Ed Uhrig for an amendment to the Hailey Zoning Map. The proposed amendment would change the zoning for Lots 4-10, Block 69, Hailey Townsite (17 Myrtle Street East) from General Residential (GR) within the Townsite Overlay Limited Business (LB) within the Townsite Overlay. The Council, having been presented with all information and testimony in favor and in opposition to the proposal, hereby makes the following Findings of Fact, Conclusions of Law and Decision.

FINDINGS OF FACT

Notice

Notice for the public hearing was published in the Idaho Mountain Express, mailed to property owners within 300 feet, and mailed to public agencies and area media on January 20, 2010; and notice was posted on all external boundaries of the property on February 1, 2010.

Application

The applicant has submitted a request for a zone change from GR to LB, but has not identified any intended change of use at this time.

The current uses of Lots 4-10 are storage of fence materials (Lots 4-7 and north ½ of Lot 8), which is a non-conforming use in the GR district as well as the LB district; and a single-family residence (Lots 9-10 and south ½ of Lot 8). Uses adjacent to the subject property include:

South: Multi-family residences
North: Multi-family residences
West: Subway, Baskin Robbins, and Sinclair Gas Station.
East: Single family residences

Procedural History

On December 7, 2009, the Planning and Zoning Commission recommended that the application to change the zoning of Lots 4-10, Block 69, Hailey Townsite from General Residential (GR) to Limited Business (LB) be denied.

The Commission determined that the proposed amendment conforms to the Comprehensive Plan’s land use map, but did not support infill goals and would add to business uses sprawling into neighborhood areas. The area is shown as a Transitional area on the land use map, which would support a rezone to a mixed use zoning district. However, the Commission determined that the uses allowed in the LB were not appropriate at this location at this time, as described in Section 14.6.1 and due to the numerous existing vacant buildings and properties zoned B within the Townsite Overlay District that would support the same uses as a LB district.

The Commission determined that the rezone would not be compatible with the surrounding area at this time and would not promote the general welfare because of potential impacts to existing residential uses to the north, south, and east of the property.

The Commission considered the number of vacant buildings currently located in the B district and the number of commercial building vacancies close to the Central Core Overlay District, such as the Village at Hailey Center and Meriwether Condos. All commercial uses allowed by the LB district are also allowed by the B district. Therefore, there are vacant buildings available
in the B district that could support the same commercial uses that could potentially be developed on the subject property, if it were to be rezoned LB. The Commission also considered the vacancy rates and the distance from the Central Core Overlay and determined that the high vacancy rates in the LB and the B districts did not favor a rezone. The Commission determined that vacant buildings and lots within the B district should be occupied or developed prior to recommending a rezone which would create a larger LB district.

Based upon entire record and the above Findings of Fact, the Commission made the following Conclusions of Law and Recommendation:

1. Adequate notice, pursuant to Section 14.4.1 of the Hailey Zoning Ordinance No. 532 and Idaho Code, Section 67-6511, was provided.
2. The Zoning Map amendment is not in accordance with the Hailey Comprehensive Plan, Section 6.1.c.
3. The Zoning Map amendment would not promote the general welfare.
4. The Zoning Map amendment would not be compatible with surrounding uses.

For further details refer to the Commission’s findings of fact.

**Staff Analysis and Discussion**

The Townsite Overlay District sets forth bulk regulations and design standards that are layered on top of the regulations of the underlying zoning district. Where the regulations specified in the Townsite Overlay District differ from corresponding regulations specified for the underlying zoning district, the requirements of the Townsite Overlay District apply and control. The Townsite Overlay requirements do not affect the use regulations of the underlying zoning district.

When considering this rezone the differences between the two following districts are evaluated: Townsite Overlay bulk regulations with underlying zoning regulations and underlying zoning regulations without the Townsite Overlay District. In the event that the subject property is removed from the Townsite Overlay boundary the underlying district regulations would apply.

The substantial differences in use between GR and LB districts are listed below.

In addition to the permitted uses allowed in General Residential, Limited Business allows for the following additional permitted uses:

- lodging establishments
- professional offices, excluding veterinarians
- health care and social assistance
- real estate and property management companies
- catering services
- arts, entertainment and recreation uses (indoor and outdoor)
- Personal services where retail sales are clearly incidental to the principal use and no outside storage yard or facility is required
- semi public uses
- other educational services
- government offices and public administration, except correctional institutions
- PWSFs or WCFs, attached to street poles, upon the issuance of a wireless permit in
accordance with the provisions of Article VII A of the Hailey Zoning Ordinance.

Conditional uses allowed in LB and prohibited in GR district are as follows:
- Gasoline Stations and Automotive Repair and Maintenance
- Restaurants
- Wholesale distributors
- Convenience Stores
- Medical personal care stores
- Finance and insurance firms
- Construction contractors' offices with no exterior storage
- PWSF's and WCF's, mounted on any proposed freestanding tower (in GR it can be attached to street poles or mounted on existing buildings or structures, but not freestanding towers)

Accessory Uses allowed in LB, but prohibited in the GR district are as follows:
- Combustible liquid tanks.
- PWSF's and WCF's, mounted on existing buildings or structures.

The difference in bulk requirements without considering the Townsite Overlay are as follows:

Section 14.8 of the Hailey Zoning Ordinance allows for the rezone of certain parcels to be made conditional upon the owner or developer of the property making a commitment concerning the use or development of the subject parcel.
Standards of Evaluation
Section 14.6 of the Hailey Zoning Ordinance establishes the standards for proposed zoning ordinance map amendments. For each applicable standard (in bold print), the Council makes the following Findings of Fact:

1. The proposed amendment is in accordance with the Comprehensive Plan;

   - The Comprehensive Plan Land Use Map reflects suitable projected land uses for the City. It considers existing conditions, trends, and desirable future situations, the objective being a balanced mix of land uses for the community. The Map establishes a basis and direction for the expansion and/or location of business, residential, industrial, institutional and green space areas within and adjacent to the City. The Land Use Map depicts the area as "Transitional – Mixed use, including residential, providing a buffer between residential neighborhoods and intense business use."

- Land Use Districts, Section 5.4 states, “Encourage integration of compatible land uses in order to retain a compact City comprised of a central downtown, with surrounding diverse neighborhoods, thereby reducing sprawl and traffic, increasing efficiency, and creating neighborhood and community character.”

- Economic Development, Section 6.1 states, “Encourage the infill of the Central Business District…prior to expanding business-zoned areas for commercial development.”

- Due Process and Public Input, Section 5.8 states, “Proactively amend the Hailey Zone District map to resolve significant conflicts between the Land Use Map and the Zoning Map.”

In addition, the Council reviewed and agreed with the applicant’s analysis of the proposed rezone and the applicant’s analysis of compliance with the Comprehensive Plan.

The Council considered to the goals of the Comprehensive Plan as well as the purpose of the LB
District and determined the rezone is compatible with the Land Use Map given that the property is shown as a “Transitional” area on the Land Use Map and the nature of uses allowed in the LB District are consistent with the description of Transitional in the Land Use section of the Comprehensive Plan. The Council determined the uses permitted in the LB District are appropriate at this location.

2. **Essential public facilities and services are available to support the full range of proposed uses without creating excessive additional requirements at public cost for the public facilities and services;**

   Due to the close proximity to the B district, it is anticipated that public facilities and services are available to support the full range uses permitted by the LB district.

3. **The proposed uses are compatible with the surrounding area; and**

   The Council considered the following options: 1) denying the rezone, 2) consider a rezone to TN, instead of LB, 3) approving the rezone contingent on Lots 1-3 also being rezoned to LB (or TN), and/or 4) approving the rezone with a development agreement to mitigate any potential impacts to the residential areas adjacent to the subject property.

   The Council determined that the uses directly west of the subject property are high intensity business uses which would negatively impact future residential uses on the subject lots if the GR zoning was maintained. It was noted that the blocks along First to the south are not adjacent to the same high impact uses as Block 69; therefore the circumstances justifying a rezone in Block 69 are not present for the blocks along First Avenue to the south. In addition to the high intensity uses to the west, the uses along the west side of First to the north are all business.

   The GR zoned residences to the north of the subject property would be sandwiched between the B district to the North and West, and the LB district to the South. With the rezone of the subject property, this may burden the remaining GR lots on Block 69 (Lots 1-3) therefore the Council has directed a city initiated rezone of Lots 1-3, Block 69.

4. **The proposed amendment will promote the public health, safety and general welfare.**

   The Council determined the amendment will promote the public health, safety and general welfare by encouraging improvements to the block that may not be realized if the property remained zoned GR.

14.6.1 **When evaluating any proposed Zoning Ordinance Map Amendment to rezone property to Business (B) Zoning District, Limited Business (LB) Zoning District or Transitional (T) Zoning District, the Hearing Examiner or Commission and Council shall consider the following:**

   a. **Vacancy rates of existing buildings and land within the existing Business (B), Limited Business (LB) or Transitional (T) Zoning Districts.** A lower vacancy rate will favor a rezone, while a higher vacancy rate will not favor a rezone.

</tr>
</tbody>
</table>

Approximately half of the undeveloped land owned by Sweetwater is zoned with a Development Agreement. These portions restrict uses to residential only. Therefore, the undeveloped lots south of Countryside Blvd. are zoned LB, but can only be developed with residential uses. The lots west of Shenandoah Dr. are not restricted and are undeveloped.

The size of the vacant lots zoned LB is 24.92 acres. Of the 24.92 acres, approximately 6.5 acres is zoned with a Development Agreement that allows only residential uses; 23.93 of the vacant acres are located in Woodside, with 0.99 acres located just south of the Townsite Overlay. The location of the LB vacant lots is important to consider because of the inherent differences between the Woodside area and the Townsite area, near the commercial core.

The Council only considered the vacancy rate of the other areas of the city zoned LB and did not consider the vacancy rates of the B zone and agreed with the applicant’s assessment that there are no other similar areas in the commercial core zoned LB; therefore there was no issue with vacancy rates.

**b. The distance of the parcel proposed for rezone from the Central Core Overlay District boundary.** A shorter distance from the Central Core Overlay District boundary will favor a rezone, while a longer distance from the Central Core Overlay District boundary will not favor a rezone.

The subject property is approximately 1,710 feet or 0.32 miles from the Central Core Overlay District. The Council determined this is not too far from the Central Core Overlay.
CONCLUSIONS OF LAW

Based upon the above Findings of Fact, the Council makes the following Conclusions of Law:

1. Adequate notice, pursuant to Section 14.4.1 of the Hailey Zoning Ordinance No. 532 and Idaho Code, Section 67-6511, was provided.
2. The Zoning Map amendment is in accordance with the Hailey Comprehensive Plan, essential public facilities and services are available to support the full range of proposed uses without creating excessive additional requirements at public cost for the public facilities and services; the proposed uses are compatible with the surrounding area; and the proposed amendment will promote the public health, safety and general welfare; and the vacancy rates and distance from the Central Core Overlay were considered.

DECISION

The Zoning Map amendment to change the zoning for Lots 4-10, Block 69, Hailey Townsite (17 Myrtle Street East) from General Residential (GR) within the Townsite Overlay Limited Business (LB) within the Townsite Overlay is hereby approved.

Rick,

I just received this e-mail from ARCH. Apparently, this letter is needed by the IHFA. I do not have any problem with letter and think that you can sign the consent on page 2. In the meantime, we could add a motion to ratify your signature on Monday's consent agenda. If acceptable, please sign. You can decide how you want to handle the return of the letter. We can pick up the letter or you can drop off the letter to city hall or to my office. We can then coordinate with Michelle on picking up the letter. If you have any questions, please contact me. Thanks.

Re: 731 N. River Street
     Memorandum of Understanding

Dear City Representative:

This is to inform you that ARCH Community Housing Trust, Inc. and River Street Senior Housing, LLC ("Lessor") would like to lease the property located at 731 N. River Street, Hailey, Idaho 83333. The Lessor is prepared to pay One Dollar ($1.00) per year for clear leased fee title to the property for a period of Ninety-Nine (99) years under the conditions described in the attached Memorandum of Understanding. Because Federal funds may be used in this purchase, the federal Uniform Relocation Assistance and Real Property Acquisition Policy Act (URA) requires that we disclose to you the following:

1. The lease is voluntary. The person or agency leasing your property does not have authority to acquire property by eminent domain and, therefore, will not acquire a lease interest in the property if negotiations fail to result in an amicable agreement; and
2. Based upon a final evaluation, the market value of the property is estimated at $840,000. You are willing to lease the property for One Dollar ($1.00) per year for Ninety-Nine (99) years.
3. You may withdraw from the Memorandum of Understanding based on this disclosure.

Since the lease will be a voluntary, arm’s length transaction, you will not be eligible for relocation payments or other relocation assistance under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), or any other law or regulation. Furthermore, by signing below you are certifying the following:

i. your property is not occupied at the time the Memorandum of Understanding is executed; and/or
ii. if you rent the property between the time you execute the Memorandum of Understanding and the execution of the lease agreement and start of the lease, you will provide written notice, prior to the first day of the term of the rental agreement that the property is under a Memorandum of Understanding, that the occupant will be required to vacate the property prior to the start of the lease, and as such the occupant will not be eligible to receive relocation assistance under the URA. These provisions do not apply when the Lessor of the property is the
occupant of the property or if, prior to executing the Memorandum of Agreement, the occupant had notified you or your agent in writing of his or her intent to vacate the unit prior to the date established for start of lease of the property.

Again, please understand that if you do not wish to lease the property, the Lessor or IHFA will take no further action to acquire a leasehold interest. As a voluntary lease, you are not entitled relocation assistance.

Sincerely,

Michelle Griffith
Manager

I hereby acknowledge having received a copy of this certification and certify that we will abide by the terms stated herein. I agree that the proposed lease is totally voluntary.
