AGENDA ITEM SUMMARY

DATE: 3/17/14 DEPARTMENT: Grants/Admin DEPT. HEAD SIGNATURE: HD

SUBJECT:
Motion to approve Resolution 2014-10, ratifying amendment to TIGER II grant agreement which extends the term of the grant, amends the city contacts, and amends the budget to allow more CE&I expenses and less construction expenses under the grant-paid portion of the project.

AUTHORITY: ☐ ID Code __________ ☐ IAR __________ ☐ City Ordinance/Code

CE&I Contracts were procured under federal procurement laws "the Brooks Act", and are eligible expenses under the grant.

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

Hailey has been working with FHWA and US-DOT to obtain a grant amendment which allows Hailey to pay for CE&I costs under the grant, rather than paving costs.

The amendment also extends the completion time of the grant, which has been stalled following a pavement density issue and a utility delay issue.

Lastly, the amendment changes contacts for the grant from Tom Hellen to Becky Stokes. Heather Dawson remains the primary contact for this grant.

RE: Community Choices for Idaho (TAP) Award
    Project No: A014(348); Key No: 14348

Dear Tom,

Enclosed is an original of the State/Local Agreements for the City of Hailey Community Choices for Idaho project (Key #14348).

- This infrastructure project was funded $10,000 for design/project development and $147,000 for construction, including your match.
- These funds will be obligated after this agreement is fully executed.
- Your agency will be notified when the funds are authorized and available for use.
- This is a reimbursement program, only invoices with eligible costs and receipts will be reimbursed.

Once the appropriate signatures have been obtained for your project please return the agreement to me for further processing. As you will note in the agreement, you will be required to follow all ITD project development and reimbursement procedures as outlined in the Community Choices Manual.

I look forward to working with you and wish you every success with your Community Choices project. Please do not hesitate to contact me at 334-8822 or email gateam@itd.idaho.gov should you have any questions or if I can be of assistance.

Sincerely,

Kelly DiRocco

PARTIES

THIS AGREEMENT is made and entered into this _______ day of ________________, _____, by and between the IDAHO TRANSPORTATION BOARD, by and through the IDAHO TRANSPORTATION DEPARTMENT, hereafter called the State and the CITY OF HAILEY, hereafter called the Sponsor.

PURPOSE

The Sponsor has requested funding under the Transportation Alternatives (TAP) Program as detailed in the project Application. A copy of the project Application is attached as Exhibit A. The purpose of this Agreement is to set out the terms and conditions necessary to obtain Federal-aid participation in the work.

NOTE: The project Sponsor is responsible for complying with all project requirements and project administration procedures outlined in the Community Choices Manual available at http://itd.idaho.gov/manuals/ManualsOnline.htm.

Authority for this Agreement is established by Section 40-317 of the Idaho Code.

BOTH PARTIES AGREE AS FOLLOWS:

1. The total funds available for project development and construction of this project, as identified in Exhibit A, is as follows: project development $10,000, construction $147,000. Federal participation is at the rate of 87.26%; local participation is 12.74%.

2. The deadline for completion of the project is three years from the date of execution of this Agreement.

3. Contact information for the parties is as follows:

SPONSOR RESPONSIBILITIES:

4. At its own cost, the Sponsor shall provide for the design of the project, unless otherwise authorized by the State. Projects shall be designed to an approved standard following guidelines contained in the most recent version of the Community Choices Manual available at http://idt.idaho.gov/manuals/ManualsOnline.htm.

5. If project development is authorized by the State on this project, the Sponsor shall secure the services of a consultant for those project development services following the process outlined in the Idaho Transportation Department Guidelines for Local Public Agency Projects.

6. Official notice must be received from the State before proceeding with project development activities if the Sponsor has been authorized to develop the project using TAP funds.

7. Bid advertisements must take place within thirty (30) days of receipt the State’s authorization of such advertisements and follow the required bid procedures as outlined in the Community Choices Manual. The Sponsor will submit all bids received to the State. The State will provide approval prior to award of the contract. Failure to advertise the project for bids within 30 days may jeopardize funding for the project.

8. Payments will only be made for project expenses incurred following authorization to proceed. Work performed by the Sponsor prior to receiving written authorization to proceed is out of compliance and therefore not eligible for reimbursement.

9. Sponsor shall submit quarterly progress reports to the State as outlined in the Community Choices Manual.

10. Sponsors who anticipate making partial requests for reimbursement during the project must notify the State prior to beginning construction. Partially completed projects must be inspected and approved by the State’s District Resident Engineer.

11. During construction of the project, the Sponsor shall follow the guidelines in the Community Choices Manual for construction, inspection diaries, and support to the State Resident Engineer in the administration of the contract on this project. The Sponsor shall prepare all monthly and final contract estimates and change orders, and submit to the State for their approval. During the life of the construction contract, prior approval of the State will be obtained if it is necessary to deviate from the plans and specifications to such a degree that the scope of project and/or required work is significantly changed.

12. The Sponsor shall provide for materials testing on the project. Reference the Community Choices Manual for guidelines and requirements.
13. The selection, location, and maintenance of all traffic control devices installed on the project, initially or in the future, shall be in conformity with the Manual on Uniform Traffic Control Devices (MUTCD) as adopted by the State.

14. All information, regulatory and warning signs, pavement or other markings, and traffic signals required, the cost of which are not provided for in the plans and estimate, must be erected at the sole expense of the Sponsor upon the completion of the project.

15. At no cost to the federal-share, the Sponsor shall cause to be replaced to original, equal or better condition any existing pavement, regulatory signs, and other items damaged as a result of the contractor's operation, except as hereafter stated as obligations of the State.

16. The Sponsor shall make timely payment of all invoices and provide to the State allowable invoices and receipts showing payment of same. The State will reimburse the Sponsor for eligible expenses at the Federal-aid ratio, up to the Federal-aid maximum. The Sponsor shall be responsible for all costs of the project that exceed the Federal-aid maximum. Reference the Community Choices Manual for additional information.

17. The Sponsor shall maintain all project records, including source documentation for all expenditures and in-kind contributions, for a period of three (3) years from the date of final cost accounting. If any litigation, claim, negotiation, or audit has been started before expiration of the three-year period, the records shall be retained until completion of the action and resolution of all issues that arise from it.

18. The Sponsor shall maintain the project upon completion to the satisfaction of the State. Failure to maintain the project in a satisfactory manner will jeopardize the future allotment of federal-aid highway funds for projects within the Sponsor's jurisdiction.

19. Comply with Exhibit B, Non-Discrimination Agreement for Local Public Agencies, attached hereto and made a part hereof. By this Agreement the Sponsor agrees to comply with and be bound to the Civil Rights provisions of Title VI of the Federal Code and to generally insert those provisions in all contracts that it enters into that are federally funded on this project. If property acquired for this project with Federal financial assistance is transferred, the recipient of the property will be subject to Exhibit B if the property is used for the same purpose it was originally acquired or for another purpose involving similar services or benefits to the general public. Sponsor should contact the State prior to disposing of any property acquired under this Agreement.

20. The Sponsor shall comply with all other applicable State and Federal regulations.

21. The Sponsor shall indemnify, save harmless and defend regardless of outcome the State from the expenses of and against suits, actions, claims or losses of every kind, nature and description, including costs, expenses and attorney fees that may be incurred by reason of any act or omission, neglect or misconduct of the Sponsor or its consultant in the design, construction and maintenance of the work which is the subject of this Agreement. The Sponsor shall defend and indemnify the State and its employees for all claims and losses arising out of the State's duty of supervision and inspection of the project.
22. By signing this Agreement, the Sponsor acknowledges that they are aware that the State is required to monitor its sub-recipients of federal awards and determine whether they have met the audit requirements in OMB Circular A-87 (State Local, or Indian tribal government), OMB Circular A-122 (Private and nonprofits), OMB A-21 (Education Institutions), CFR Part 31. (For profit organizations other than a hospital, not named in Circular OMB A 1-22). More information can be found at this link: http://safety.fhwa.dot.gov/saferoutes/guidance/#toc123542212.

23. The Sponsor shall submit a Single Audit Certification Letter to certify that the Sponsor is in compliance with federal laws and regulations. A letter template can be found in the Community Choices Manual.

STATE RESPONSIBILITIES:

24. The State shall enter into an Agreement with the Federal Highway Administration covering the federal government's pro rata share of construction costs, up to the Federal-aid maximum.

25. The State shall assist the Sponsor in the selection of a Consulting Engineer and negotiations as needed, and furnish the Agreement for Engineering Services and any supplements thereto, to be used between the Sponsor and Consulting Engineers on this project.

26. The State shall review and approve the project plans, specifications, and rights-of-way certifications, and provide the appropriate environmental clearance.

27. The State shall review and approve bidding documents for conformance to bidding requirements prior to advertisement.

28. The State shall review and approve bids, and provide Sponsor with official authorization to award the contract.

29. The State shall authorize the Sponsor to administer the project and make any necessary changes and decisions within the general scope of the plans and specifications. The State shall review and approve any local procedures prior to executing this Agreement.

30. The State shall designate personnel, as it deems necessary, to review construction in accordance with the plans, specifications and estimates in the manner required by applicable state and federal regulations. The State shall review and approve change orders submitted by the Sponsor, and conduct a final inspection and acceptance of the project when completed. The project acceptance shall be made by the State's District Engineer or their designee.

31. Upon receipt of appropriate documentation showing expenditure of funds for infrastructure work on this project, the State shall reimburse the Sponsor at the Federal-aid ratio up to the Federal-aid maximum.
32. The State shall maintain complete accounts of all project funds received and disbursed, which accounting will determine the final project costs.

33. The State shall cooperate with the Sponsor in selection and designation of suitable construction traffic control during project construction in accordance with the Manual on Uniform Traffic Control Devices (MUTCD) as adopted by the State.

GENERAL PROVISIONS:

1. This Agreement is entered into for the purpose of complying with certain provisions of the Federal-Aid Highway Act in obtaining federal participation in the design and construction of the project. Federal participation in the costs of the project will be governed by the applicable sections of Title 23, U.S. Code (Highways) and rules and regulations prescribed or promulgated by the Federal Highway Administration.

2. Federal participation is contingent upon ultimate completion of the project. If for any reason the project is removed from the program without being completed, then the Sponsor shall be responsible for One Hundred Percent (100%) of all project costs, and shall pay back to the State all costs previously reimbursed.

3. Sufficient Appropriation. It is understood and agreed that the State is a governmental agency, and this Agreement shall in no way be construed so as to bind or obligate the State beyond the term of any particular appropriation of funds by the Federal Government or the State Legislature as may exist from time to time. The State reserves the right to terminate this Agreement if, in its sole judgment, the Federal Government or the legislature of the State of Idaho fails, neglects or refuses to appropriate sufficient funds as may be required for the State to continue payments. Any such termination shall take effect immediately upon notice and be otherwise effective as provided in this Agreement.

4. This Agreement shall become effective on the first day mentioned above, and shall remain in full force and effect until amended or replaced upon mutual consent of the State and the Sponsor.

EXHIBIT B
Non-Discrimination Agreement for Local Public Agencies

Title VI Program
Organization and Staffing
Pursuant to 23 CFR 200, the Sponsor has designated a Title VI Coordinator who is responsible for monitoring practices, procedures, policies, and documents for compliance with Title VI. This individual is the designated liaison for Title VI program activities and for coordinating compliance monitoring with the Idaho Transportation Department Equal Employment Opportunity Office.

Assurances of Non-Discrimination
49 CFR Part 21.7
The Sponsor hereby gives assurances:

1. That no person shall on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity conducted by the Sponsor regardless of whether those programs and activities are Federally funded or not. The Federal-aid Highway Transportation Act of 1973 added sex to the list of prohibitive factors. Disability was added through Section 504 of the Rehabilitation Act of 1973. Age was subsequently added in 1975 under the Age Discrimination Act. Minority populations and low-income populations were added by Presidential Executive Order 12898. Limited English proficient persons was added by Presidential Executive Order 13166.

2. That it will promptly take any measures necessary to effectuate this Agreement.

3. That each program, activity, and facility (i.e. lands change to roadways, park and ride lots etc.) as defined at 49 CFR 21.23(b) and (e), and the Civil Rights Restoration Act of 1987 will be (with regard to a program or activity) conducted, or will be (with regard to a facility) operated in compliance with the nondiscriminatory requirements imposed by, or pursuant to, this Agreement.

Further assurance is given that the Sponsor will comply with all requirements of Title II of the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Vocational Rehabilitation Act of 1973. Public agencies are required to have completed a self-evaluation of all their programs and services (including pedestrian facilities) by 1992. In addition, public agencies with 50 or more employees were required to develop an ADA Transition Plan describing in detail how corrections would be made. If corrections could not be made within one year (or 1993), the Plan was to include a detailed schedule of how corrections would be made (CFR 28 35.105 & 35.150).

4. That these assurances are given in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property, discounts or other Federal financial assistance extended after the date hereof to the Sponsor by the Idaho Transportation Department (ITD) under the Federally-Funded Program and is binding on it, other recipients, sub-grantees, contractors, sub-contractors, transferees, successors in interest and other participants.

5. That the Sponsor shall insert the following notification in all solicitations for bids for work or material subject to the Regulations and made in connection with all Federally-Funded programs and, in adapted form all proposals for negotiated Agreements: The (Sponsor), in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d to 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this
advertisement, disadvantaged business enterprises as defined at 49 CFR Part 23 will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, national origin, sex, or disability in consideration for an award.

6. That the Sponsor shall insert the clauses of Attachment 1 of this Agreement in every contract subject to the Act and the Regulations.

7. That the Sponsor shall insert the clauses of Attachment 2 of this Agreement, as a covenant running with the land, in any deed from the United States effecting a transfer of real property, structures, or improvements thereon, or interest therein.

8. The Sponsor agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the Act, the Regulations, and this Agreement.

Implementation Procedures
This Agreement shall serve as the Sponsor’s Title VI plan pursuant to 23 CFR 200 and 49 CFR 21.

For the purpose of this Agreement, “Federal Assistance” shall include:
1. grants and loans of Federal funds,
2. the grant or donation of Federal property and interest in property,
3. the detail of Federal personnel,
4. the sale and lease of, and the permission to use (on other than a casual or transient basis), Federal property or any interest in such property without consideration or at a nominal consideration, or at a consideration which is reduced for the purpose of assisting the Sponsor, or in recognition of the public interest to be served by such sale or lease to the Sponsor, and
5. any Federal Agreement, arrangement, or other contract which has as one of its purposes, the provision of assistance.

The Sponsor shall:
1. Issue a policy statement, signed by the Sponsor’s authorized representative, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Sponsor’s organization and to the general public. Such information shall be published where appropriate in languages other than English.

2. Take affirmative action to correct any deficiencies found by ITD or the United States Department of Transportation (USDOT) within a reasonable time period, not to exceed 90 days, in order to implement Title VI compliance in accordance with this Agreement. The Sponsor’s authorized representative shall be held responsible for implementing Title VI requirements.

3. Designate a Title VI Coordinator who has a responsible position in the organization and easy access to the Sponsor’s authorized representative. The Title VI Coordinator shall be responsible for initiating and monitoring Title VI activities and preparing required reports.

4. Adequately implement the civil rights requirements.

5. Process complaints of discrimination consistent with the provisions contained in this Agreement. Investigations shall be conducted by civil rights personnel trained in discrimination complaint investigation. Identify each complainant by race, color, national origin, sex, or disability; the nature of the complaint; the date the complaint was filed; the date the investigation was completed; the disposition; the date of the disposition; and other pertinent information. A copy of the complaint, together with a copy of the Sponsor’s report of investigation, will be forwarded to ITD’s EEO Office – External Programs within 10 days of the date the complaint was received by the Sponsor.
6. Collect statistical data (race and sex) of participants in, and beneficiaries of the Transportation programs and activities conducted by the Sponsor.

7. Conduct Title VI reviews of the Sponsor and sub-recipient contractor/consultant program areas and activities. Revise where applicable, policies, procedures and directives to include Title VI requirements.

8. Attend training programs on Title VI and related statutes conducted by ITD’s EEO Office.

9. Participate in an annual review of the Sponsor’s Title VI Program, the purpose of which is to determine to what extent the Sponsor has complied with Title VI requirements including the ADA. This review is conducted one year from the date of approval of the Non-Discrimination Agreement and then annually on the same date. The format for the Title VI review will be provided each year to the Sponsor for completion. A determination of compliance will be made by ITD’s EEO Office based on the information supplied in the review. This review of the Sponsor’s Title VI Program may also include an on-site review in order to determine compliance.

**Discrimination Complaint Procedure**

Any person who believes that he or she, individually, as a member of any specific class, or in connection with any disadvantaged business enterprise, has been subjected to discrimination prohibited by Title VI of the Civil Rights Act of 1964, the American with Disabilities Act of 1990, Section 504 of the Vocational Rehabilitation Act of 1973 and the Civil Rights Restoration Act of 1987, as amended, may file a complaint with the Sponsor. A complaint may also be filed by a representative on behalf of such a person. All complaints will be referred to the Sponsor’s Title VI Coordinator for review and action.

In order to have the complaint consideration under this procedure, the complainant must file the complaint no later than 180 days after:

a) The date of alleged act of discrimination; or
b) Where there has been a continuing course of conduct, the date on which that conduct was discontinued.

In either case, the Sponsor or his/her designee may extend the time for filing or waive the time limit in the interest of justice, specifying in writing the reason for so doing.

Complaints shall be in writing and shall be signed by the complainant and/or the complainant’s representative. Complaints shall set forth as fully as possible the facts and circumstances surrounding the claimed discrimination. In the event that a person makes a verbal complaint of discrimination to an officer or employee of the Sponsor, the person shall be interviewed by the Title VI Coordinator. If necessary, the Title VI Coordinator will assist the person in reducing the complaint to writing and submit the written version of the complaint to the person for signature. The complaint shall then be handled according to the Sponsor’s investigative procedures.

Within 10 days, the Title VI Coordinator will acknowledge receipt of the allegation, inform the complainant of action taken or proposed action to process the allegation, and advise the complainant of other avenues of redress available, such as ITD and USDOT.

The Sponsor will advise ITD within 10 days of receipt of the allegations. Generally, the following information will be included in every notification to ITD:

a) Name, address, and phone number of the complainant.
b) Name(s) and address(es) of alleged discriminating official(s).
c) Basis of complaint (i.e., race, color, national origin or sex)
d) Date of alleged discriminatory act(s).
e) Date of complaint received by the Sponsor.
f) A statement of the complaint.
g) Other agencies (state, local or Federal) where the complaint has been filed.
h) An explanation of the actions the Sponsor has taken or proposed to resolve the issue raised in the complaint.

Within 60 days, the Title VI Coordinator will conduct an investigation of the allegation and based on the information obtained, will render a recommendation for action in a report of findings to the Sponsor’s authorized representative. The complaint should be resolved by informal means whenever possible. Such informal attempts and their results will be summarized in the report of findings.

Within 90 days of receipt of the complaint, the Sponsor’s authorized representative will notify the complainant in writing of the final decision reached, including the proposed disposition of the matter. The notification will advise the complainant of his/her appeal rights with ITD, or USDOT, if they are dissatisfied with the final decision rendered by the Sponsor. The Title VI Coordinator will also provide ITD with a copy of this decision and summary of findings upon completion of the investigation.

Sanctions
In the event the Sponsor fails or refuses to comply with the terms of this Agreement, the ITD may take any or all of the following actions:

1. Cancel, terminate, or suspend this Agreement in whole or in part;
2. Refrain from extending any further assistance to the Sponsor under the program from which the failure or refusal occurred until satisfactory assurance of future compliance has been received from the Sponsor.
3. Take such other action that may be deemed appropriate under the circumstances, until compliance or remedial action has been accomplished by the Sponsor;
4. Refer the case to the Department of Justice for appropriate legal proceedings.

Appendix A revised: 03-09, 08-10
Attachment 1

This Attachment is to be inserted in every contract subject to Title VI of the Civil Rights Act of 1964 and associated Regulations.

During the performance of this contract, the contractor/consultant, for itself, its assignees and successors in interest (hereinafter referred to as the "contractor") agrees as follows:

1. **Compliance with Regulations**
   The contractor shall comply with the Regulations relative to non-discrimination in federally assisted programs of United States Department of Transportation (USDOT), Title 49, Code of Federal Regulations, part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.

2. **Non-discrimination**
   The contractor, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of sub-contractors, including procurement of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. **Solicitations for Sub-contracts, Including Procurement of Materials and Equipment**
   In all solicitations either by competitive bidding or negotiations made by the contractor for work to be performed under a sub-contract, including procurement of materials or leases of equipment, each potential sub-contractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the Regulations relative to non-discrimination on the grounds of race, color, sex, or national origin.

4. **Information and Reports**
   The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the contracting agency or the appropriate federal agency to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to ITD or the USDOT as appropriate, and shall set forth what efforts it has made to obtain the information.

5. **Sanctions for Non-compliance**
   In the event of the contractor’s non-compliance with the non-discrimination provisions of this contract, the contracting agency shall impose such contract sanctions as it or the USDOT may determine to be appropriate, including, but not limited to:
   - Withholding of payments to the contractor under the contract until the contractor complies, and/or;
   - Cancellation, termination, or suspension of the contract, in whole or in part

**Incorporation of Provisions**
The contractor shall include the provisions of paragraphs (1) through (5) in every sub-contract, including procurement of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The contractor shall take such action with respect to any sub-contractor or procurement as the contracting agency or USDOT may direct as a means of enforcing such provisions including sanctions for non-compliance.

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the contractor may request ITD enter into such litigation to protect the interests of the state and, in addition, the contractor may request the USDOT enter into such litigation to protect the interests of the United States.
Attachment 2

The following clauses shall be included in any and all deeds affecting or recording the transfer of real property, structures or improvements thereon, or interest therein from the United States.

GRANTING CLAUSE

NOW THEREFORE, Department of Transportation, as authorized by law, and upon the condition that the state of Idaho will accept title to the lands and maintain the project constructed thereon, in accordance with Title 23, United States Code, the Regulations for the Administration of Federal Aid for Highways and the policies and procedures prescribed by the United States Department of Transportation and, also in accordance with and in compliance with all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in federally assisted programs of the Department of Transportation ITD (hereinafter referred to as the Regulations) pertaining to and effectuating the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252: 42 USC 2000d to 2000d - 4) does hereby remise, release, quitclaim, and convey unto the state of Idaho all the right, title, and interest of the Department of Transportation in and to said land described in Exhibit A attached hereto and made a part thereof.

HABENDUM CLAUSE

TO HAVE AND TO HOLD said lands and interests therein unto the state of Idaho, and its successors forever, subject, however, to the covenants, conditions, restrictions and reservations herein contained as follows, which will remain in effect for the period during which the real property or structures are used for a purpose for which the federal financial assistance is extended or for another purpose involving the provisions of similar services or benefits and shall be binding on the state of Idaho, its successors, and assigns.

The state of Idaho, in consideration of the conveyance of said lands and interests in lands, does hereby covenant and agree as a covenant running with the land for itself, its successors and assigns, that (1) no person shall on the grounds of race, color, sex or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination with regard to any facility located wholly or in part on, over, or under such lands hereby conveyed (and) (2) that the state of Idaho, shall use the lands and interests in lands so conveyed, in compliance with all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, part 21, Non-discrimination of federally assisted programs of the Department of Transportation - Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended (and) (and) (3) that in the event of breach of any of the above mentioned non-discrimination conditions, the department shall have a right to reenter said lands and facilities on said land, and the above described land and facilities shall thereon revert to and vest in and become the absolute property of the Department of Transportation and its assigns as such interest existed prior to this instruction.  

\[1\] Reverter Clause and related language to be used only when it is determined that such a clause is necessary in order to effectuate the purpose of Title VI of the Civil Rights Act of 1964.
Implement Infrastructure Improvements in LMWN 4A to Support Biking and/or Pedestrian Activities

Funding Source

Project Start Date: 1/01/2013

Project End Date: 10/31/2014

Highway Routes: If not on the highway system please put N/A

Project Name:

Cobblestone/Middle School Sidewalk Connector

Project Location (Include street or trail name, city, county, and beginning/end points as applicable):

Highway 75 at MP 117. Along Cobblestone Lane to the Blaine County School District Middle School on N 2nd Avenue.

Owner of project site or right-of-way:

The City of Hailey holds either a public access easement or city right-of-way.

Please give a brief description of project.
Approximately 700 feet of sidewalk would be installed to ADA standards along Cobblestone Lane from Highway 75 to the Blaine County School District Middle School on N 2nd Avenue. Revisions would be made to the sidewalk, curb & gutter on Highway 75 to improve the pedestrian crossing from an angled crosswalk to a perpendicular crosswalk. A new RRFB pedestrian signal would be added at this location with a radio connection to the traffic signal at Highway 75 and McKercher Boulevard.

CONSISTENCY WITH EVALUATION CRITERIA:
Projects will be ranked based on project need, benefits, and feasibility. These criteria are described in detail in the Program Guide. If desired, applicants may attach a brief narrative describing the project’s consistency with the evaluation criteria in addition to answering the questions that follow. Briefly describe the need(s) that the project would address:

Cobblestone Lane connects Mountain Rides bus stops on both sides of Highway 75 to the Middle School. A large number of Middle School students use the Mountain Rides buses as their transportation to school. For many students this involves crossing Highway 75 either in the morning or afternoon to catch the bus. This can be especially dangerous during the higher traffic volumes, especially during the morning commute time. Improving the crosswalk by both reconstructing the sidewalk and adding an RRFB pedestrian signal connected by radio signal to the traffic signal at McKercher Blvd. In addition, because Cobblestone Lane does not have a sidewalk for a majority of the street there is an inherent danger for students and other pedestrians walking on Cobblestone Lane.

Briefly describe how the need and the proposed solution were identified:
Observations were made by both the Middle School administration and the Hailey Police Department of the high number of students using Cobblestone Lane, particularly at the end of the school day in an unsafe manner due to the lack of sidewalks. This presented a high number of conflicts between vehicles arriving to pick up students or accessing the businesses in this area. It was also noted that there were a high number of instances of students crossing Highway 75 in an unsafe manner.

Briefly describe the public participation process associated with the project, if any:
Safety measures were put in place by the Wood River Middle School and Hailey Police Department for patrolling student pedestrians, requiring them to walk off the street. Meetings between city and school district officials were held to identify a permanent solution through improved infrastructure. City ordinances require that infrastructure projects be noticed as a public hearing to obtain input from the community on the proposed plans.

Briefly describe how the project would enhance mobility, improve safety, or increase economic opportunity (supporting data can be provided if available, such as estimated reduction in crashes, number of jobs created, etc.):

The project could enhance mobility by providing an ADA compliant sidewalk connection from Highway 75 to the Middle School, as well as to other pedestrian walks in the area, that don't currently exist. Safety for all pedestrians, but especially for the students, could be improved by the provision of a sidewalk as well as enhancing the safety crossing Highway 75 with an RRFB pedestrian signal. The RRFB would be installed using the latest standards for requiring yield signs ahead of the RRFB for improved visibility for all vehicles.

If the project purpose is to enhance mobility, identify the population group(s) that would benefit from the project, and the destinations that would be served.

A sidewalk and improved highway crossing would connect existing sidewalks in the Middle School area to Highway 75 improving access to mobility limited citizens to an Albertson's store, movie theater and other businesses along Highway 75 (the City of Hailey Main Street and business district).

Would the project result in guidelines, procedures, research, or data that could be used in other areas of the state?

Yes ☐ No ☑

If YES, please explain.

A partnership established between the Blaine County School District and Mountain Rides to show how cost savings can be established for school districts by minimizing the extent of school bus routes.

Is there stakeholder support for the project (stakeholders include adjacent property owners, populations affected by the project)?

Yes ☑ No ☐

Briefly describe the project's consistency with the program's financial sustainability goal (i.e., if the project will require future federal funding, does the applicant have a plan for reducing the amount of federal funds that the project/activity will require over time?)
As an infrastructure project once completed the City of Hailey will provide all future maintenance.

Optional Narrative: If you have any other documentation that would benefit the evaluation criteria, please upload.

Hi Patrick,

We are opening up our Neighborhood Assist grant program on Monday, March 3. It’s a $25,000 grant opportunity and we’ve had fire departments, elementary schools, and non-profits win the grants over the last two years. Anyone with a Facebook page can submit a “cause” in their community they would like to see funded. It could be the fire chief or another member of the community recommending funding for a youth education program. Here’s the information you can send:

Have you ever wanted to help your community with a problem but didn’t know where to start? Maybe it’s a run-down park or helping the impoverished in your community. Now, YOU have the power to fix it! State Farm’s Neighborhood Assist wants to help identify and address key issues faced by consumers throughout the United States.

State Farm Neighborhood Assist, a crowd-sourced philanthropic initiative, lets communities determine where grant funding is awarded, exclusively through Facebook. The application is short and simple, and I encourage you to learn more by visiting www.statefarm.com/NeighborhoodAssist or by watching this short video. You, or someone you know, could be the catalyst for positive change to your community cause!

The submission phase is open from March 3 – March 23 and each Facebook user who downloads the free application can submit up to three causes. Anyone living in the United States with a Facebook account is eligible to submit a cause. It’s better to submit early - a maximum of 4,000 submissions will be accepted. All you have to do is submit the cause; you don’t have to “run the program.” The cause must fit into the categories of safety, community development or education.

After the submission stage ends, the State Farm Youth Advisory Board (YAB), a group of college and high school students from across the country, will read and narrow down all the submissions to the top 200 finalists. What the YAB is looking for:

- How much does your “Cause” focus on an unmet need in this community?
- Why do you feel the $25,000 would address the unmet need?
- How much of a lasting impact on this community would the proposal have?

Once the top 200 causes are identified, they will appear on the Facebook application to be voted on by you and your community. The voting stage will last from April 28 – May 16 and each Facebook user gets 10 votes every day. Winners will be announced on May 27.

Please share this amazing opportunity with your colleagues, friends and family and help spread the word on Facebook and Twitter. Together, you and State Farm can help create safer, better educated and more engaged communities!
REVIEW YOUR SUBMISSION

Before submitting your cause, take a minute to look everything over and make sure your information is correct. This is your last chance to review anything you might want to change. To make a change click "Go Back & Edit" or if you've finished click "Submit My Cause."

Cause Name: Hailey Fire Explorers
Related Nonprofit Organization: Municipal fire fighting

Which city will benefit most from this cause?
Hailey

Which state/province would your cause have the most impact?
Idaho

How much does your cause focus on an unmet need of the community?
The Hailey Fire Department and Wood River High School in Hailey, Idaho, have initiated a Fire Explorer Program where junior class members are able to "join" the fire department and learn about fire fighting and community education for fire prevention. The Fire Explorers are taught the basics of fighting fires through the department and are involved in all aspects of the community. Education is no less important than their fire fighting activities in the community.

How would $25,000 support your cause?

Any money received will be put toward purchasing Personal Protective Equipment for the members of the Explorer program. Each set of turnout pants, coats, boots, helmet and other equipment can cost from $1,800 to $2,300. Purchases will also include education materials for fire prevention activities in the community. The Hailey Fire Department reaches out to school children from preschool to fourth grade during Fire Prevention Month every October. It is anticipated that these activities will be turned over to the members of the Explorer Program. The Hailey Fire Department also participates in community events throughout the year that these students will be involved in.

How much impact do you expect your cause will have?
The Explorer Program will have a long lasting impact on the high school members who participate as well as the community they reach out to through fire prevention activities. The fire service is a wonderful way to teach discipline, accountability and leadership skills along with a possible career choice for these young men and women.

Have you received funding through this program before?

No

If yes, what has been the impact of that funding?

None

The age group most in need of community involvement is:
0 - 18

What inspired you to submit this cause?
It is important to me to support my local community and its specific needs.

What else (other than funding) would most benefit your cause?

Awareness

ATTEST:

Mary Cone, City Clerk
This Summary of Material Modification and Amendment describes changes to the Idaho Independent Intergovernmental Authority Trust - A Self-Funded Health Plan (City of Hailey) effective March 1, 2012. These changes are effective as of January 1, 2014 and will remain in effect until amended in writing by the Plan Administrator.

This document should be read carefully and attached to the Plan Document and Summary Plan Description. Please contact the Plan Administrator identified in the Summary Plan Description if you have any questions regarding the changes described in this Summary of Material Modification.

Idaho Independent Intergovernmental Authority Trust (the "Plan Sponsor") is amending the Idaho Independent Intergovernmental Authority Trust - A Self-Funded Health Plan (City of Hailey) (the "Plan") as follows:

The definition of Cosmetic in the Definitions section of the Plan is hereby deleted and replaced as follows:

Cosmetic means any procedure which is primarily directed at improving an individual's appearance and does not meaningfully promote the proper function of the body or prevent or treat illness or disease. Congenital Anomalies are not considered cosmetic. "Congenital Anomaly" means a condition existing at or from birth that is a significant deviation from the common form or function of the body, whether caused by a hereditary or developmental defect or disease. For the purposes of this Plan, the term "significant deviation" is defined to be a deviation which impairs the function of the body and includes but is not limited to the conditions of cleft lip, cleft palate, webbed fingers or toes, sixth toes or fingers, or defects of metabolism and other conditions that are medically diagnosed to be Congenital Anomalies.

All other provisions of this Plan shall remain unchanged.

In Witness Whereof, the City of Hailey, as a member of the Idaho Independent Intergovernmental Authority Trust, has caused this Summary of Material Modification and Amendment to take effect, be attached to, and form a part of their Plan.
AGENDA ITEM SUMMARY

DATE: 03/17/2014    DEPARTMENT: Admin/PW    DEPT. HEAD SIGNATURE: __HD__

SUBJECT:
Motion to accept $147,908.88 bid from Sluder Construction for installation of irrigation lines from Lions park surface-water well to Heagle and Hop Porter Parks, and approve Resolution 2014-21 authorizing city officials to sign contract between City of Hailey and Sluder Construction for the work, and to authorize Galena Engineers to issue a Notice to Proceed on this project and conduct oversight of this project.

AUTHORITY: ☐ ID Code  67-28065(3) ☐ IAR _________ ☐ City Ordinance/Code _________
(IFAPPLICABLE)

Formal bidding option open to all licensed contractors.

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

In late summer Hailey sought bids for installation of irrigation line from Lion’s park to Hop Porter. The council rejected those bids, as they were high. We re-bid during winter, with the bid now being for installation of irrigation line from Lion’s to Hop Porter and Heagle Parks. We hoped that the winter bid and the economy of scale from both projects would help to lower the bids. Attached is an abstract from Jim Zarubica, acting engineer on this project (Zarubica engineered the design of this project while he was on city staff). Last year’s bid for just the Hop Porter lines was $91,755 compared to the bid before us now, which is $107,440.

FISCAL IMPACT / PROJECT FINANCIAL ANALYSIS:

Budget Line Item #  220-65-41547   YTD Line Item Balance $ 488,000
Comments: During last fiscal year, we spent $114,000 for digging wells.

The project is for the purpose of using a surface water right for irrigation of Lion’s Park, Hop Porter Park, and Heagle Park. Hailey Municipal Code Title 13 gives the city the authority to pay for the project from the Water Replacement Fund.

Although the project is expensive, the city will gain its return on investment through a) the use of its water right (use it or lose it); and b) less irrigation costs by the parks department as it pays for irrigation by surface water instead of metered potable water; and c) less potable water used through Hailey’s Municipal Water System.

RECOMMENDATION FROM APPLICABLE DEPARTMENT HEAD:

Motion to accept $147,908.88 bid from Sluder Construction for installation of irrigation lines from Lions park surface-water well to Heagle and Hop Porter Parks, and approve Resolution 2014-21 authorizing city officials to sign contract between City of Hailey and Sluder Construction for the work, and to authorize Galena Engineers to issue a Notice to Proceed on this project and conduct oversight of this project.

STANDARD FORM OF AGREEMENT
BETWEEN OWNER AND CONTRACTOR
ON THE BASIS OF A STIPULATED PRICE

THIS AGREEMENT is by and between the City of Hailey (hereinafter called OWNER) and

___________ (hereinafter called CONTRACTOR).

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

ARTICLE 1 - WORK

1.01 CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

The installation of 4" irrigation mains from the irrigation wells in Lion's and Heagle Parks to connect with existing irrigation systems at Heagle, Hop Porter and Lion's Parks including control infrastructure, including all work, labor and materials necessary for complete installation of the irrigation main.

ARTICLE 2 - THE PROJECT

2.01 The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

City of Hailey
Heagle, Hop Porter and Lions Park Irrigation System Improvements Project
Hailey, Idaho

ARTICLE 3 - ENGINEER

3.01 The Project Engineer is the Hailey City Engineer who is hereinafter called ENGINEER and who is to act as OWNER's representative, assume all duties and responsibilities, and have the rights and authority assigned to ENGINEER in the Contract Documents in connection with the completion of the Work in accordance with the Contract Documents.

ARTICLE 4 - CONTRACT TIMES

4.01 Time of the Essence

A. All time limits for Milestones, if any, Substantial Completion, and completion and readiness for final payment as stated in the Contract Documents are of the essence of the Contract.

4.02 Dates for Substantial Completion and Final Payment

A. The Work will be substantially completed on or before May 30, 2014, and completed and ready for final payment in accordance with paragraph 14.07 of the General Conditions on or before June 30, 2014.

4.03 Liquidated Damages

A. CONTRACTOR and OWNER recognize that time is of the essence of this Agreement and that OWNER will suffer financial loss if the Work is not completed within the times specified in paragraph 4.02 above, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. The parties also recognize the delays, expense, and difficulties involved in proving in a legal or arbitration proceeding the actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty), CONTRACTOR shall pay OWNER $250.00 for each day that expires after the time specified in paragraph 4.02 for Substantial Completion until the Work is substantially complete. After Substantial Completion, if CONTRACTOR shall
neglect, refuse, or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER $250.00 for each day that expires after the time specified in paragraph 4.02 for completion and readiness for final payment until the Work is completed and ready for final payment.

**ARTICLE 5 - CONTRACT PRICE**

5.01 OWNER shall pay CONTRACTOR for completion of the Work in accordance with the Contract Documents an amount in current funds equal to the sum of the amounts determined pursuant to paragraph 5.01.A below:

A. The contract price shall not exceed $_________ except for the addition or subtraction of the quantity of items described herein necessary for the Work. For all Unit Price Work, payment shall be made in the amount equal to the sum of the established unit price for each separately identified item of Unit Price Work times the quantity of that item as indicated in this paragraph 5.01.A:

ARTICLE 6 - PAYMENT PROCEDURES

6.01 Submittal and Processing of Payments

A. CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

6.02 Progress Payments; Retainage

A. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR’s Applications for Payment on or about the 1st day of each month during performance of the Work as provided in paragraphs 6.02.A.1 and 6.02.A.2 below. All such payments will be measured by the schedule of values established in paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements:

1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER may determine or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions:

   a. 95% of Work completed (with the balance being retainage); and

   b. 95% of cost of materials and equipment not incorporated in the Work (with the balance being retainage).
2. Upon Substantial Completion, OWNER shall pay an amount sufficient to increase total payments to CONTRACTOR to 95% of the Work completed, less such amounts as ENGINEER shall determine in accordance with Article 14 of the General Conditions and less 100% of ENGINEER’s estimate of the value of Work to be completed or corrected as shown on the tentative list of items to be completed or corrected attached to the certificate of Substantial Completion. If, at Substantial Completion, the character and progress of the work has been satisfactory, the OWNER may, at the OWNER’s sole discretion, reduce the amount of retainage being held.

6.03 Prompt Payment

A. The Contractor shall pay each subcontractor for satisfactory performance of its contract no later than 20 calendar days from receipt of each payment the Contractor receives from the Department. The Contractor shall return retainage to each Subcontractor within 20 calendar days after the Subcontractor’s work is satisfactorily completed.

The Contractor shall certify with each estimate payment that payment to Subcontractors has been made within the prescribed time frames. The certification will be made on forms provided by the Department, and returned within 20 calendar days of receiving the estimate payment.

These requirements shall also apply to first or lower tier subcontractors.

6.04 Final Payment

A. Upon final completion and acceptance of the Work in accordance with paragraph 14.07 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.07.

ARTICLE 7 - CONTRACTOR’S REPRESENTATIONS

8.01 In order to induce OWNER to enter into this Agreement, CONTRACTOR makes the following representations:

A. CONTRACTOR has examined and carefully studied the Contract Documents and the other related data identified in the Contract Documents.

B. CONTRACTOR has visited the Site and become familiar with and is satisfied as to the general, local, and Site conditions that may affect cost, progress, and performance of the Work.

C. CONTRACTOR is familiar with and is satisfied as to all federal, state, and local Laws and Regulations that may affect cost, progress, and performance of the Work.

D. CONTRACTOR has carefully studied all drawings of physical conditions in or relating to existing surface or subsurface structures at or contiguous to the Site. Contractor acknowledges that Owner does not assume responsibility for the accuracy or completeness of information and data shown or indicated in the Contract Documents with respect to Underground Facilities at or contiguous to the site.

E. CONTRACTOR does not consider that any further examinations, investigations, explorations, tests, studies, or data are necessary for the performance of the Work at the Contract Price, within the Contract Times, and in accordance with the other terms and conditions of the Contract Documents.

F. CONTRACTOR is aware of the general nature of work to be performed by OWNER and others at the Site that relates to the Work as indicated in the Contract Documents.

G. CONTRACTOR has correlated the information known to CONTRACTOR, information and observations obtained from visits to the Site, reports and drawings identified in the Contract Documents, and all additional examinations, investigations, explorations, tests, studies, and data with the Contract Documents.
H. CONTRACTOR has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that CONTRACTOR has discovered in the Contract Documents, and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.

I. The Contract Documents are generally sufficient to indicate and convey understanding of all terms and conditions for performance and furnishing of the Work.

J. The CONTRACTOR and their Subcontractors are appropriately licensed public works contractor per Section 54-1902 (Idaho Code).

K. The CONTRACTOR will submit within 30 days of the date of this agreement a Public Works Contract Report (Form WH-5) to the Idaho State Tax Commission in compliance with Section 54-1904A and 63-3624(f), Idaho Code.

ARTICLE 8 - CONTRACT DOCUMENTS

9.01 Contents

A. The Contract Documents consist of the following:
   1. This Agreement (pages 1 to 7, inclusive);
   2. Performance Bond;
   3. Payment Bond;
   4. General Conditions – Division 100 of the Idaho Standards for Public Works Construction (not attached)
   5. Standard Specifications and Standard Drawings – City of Hailey (not attached);
   6. Exhibits to this Agreement (enumerated as follows):
      a. Notice to Proceed;
      b. CONTRACTOR's Bid;
   7. The following which may be delivered or issued on or after the Effective Date of the Agreement and are not attached hereto:
      a. Written Amendments;
      b. Work Change Directives;
      c. Change Order(s).
   8. Plans and item supplemental specifications (Sheets 1 to 8, inclusive and pages 1 to 4, inclusive)

B. The documents listed in paragraph 9.01.A are attached to this Agreement (except as expressly noted otherwise above).

C. There are no Contract Documents other than those listed above in this Article 9.

D. The Contract Documents may only be amended, modified, or supplemented as provided in paragraph 3.05 of the General Conditions.

ARTICLE 9 - MISCELLANEOUS

10.01 Terms

A. Terms used in this Agreement will have the meanings indicated in the General Conditions.
10.02 Assignment of Contract

A. No assignment by a party hereto of any rights under or interests in the Contract will be binding on another party hereto without the written consent of the party sought to be bound; and, specifically but without limitation, moneys that may become due and moneys that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.

10.03 Successors and Assigns

A. OWNER and CONTRACTOR each binds itself, its partners, successors, assigns, and legal representatives to the other party hereto, its partners, successors, assigns, and legal representatives in respect to all covenants, agreements, and obligations contained in the Contract Documents.

10.04 Severability

A. Any provision or part of the Contract Documents held to be void or unenforceable under any Law or Regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and CONTRACTOR, who agree that the Contract Documents shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

10.05 Mediation

A. In an effort to resolve any conflicts that arise during the design or construction of the Work or following the completion of the Work, Owner and Contractor agree that all disputes between them arising out of or relating to the Contract Documents or breach thereof shall be submitted to non-binding mediation, as a condition precedent to litigation, unless the parties mutually agree otherwise. The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in Blaine County, Idaho, unless another location is mutually agreed upon. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof. Owner and contractor further agree to include a similar mediation provision in all agreements with independent contractors and consultants retained for the Work, thereby providing for mediation as the primary method for dispute resolution between the parties to those agreements.

10.06 Attorney’s Fees

A. In the event any suit or legal action is brought by either party against the other, the prevailing party shall be entitled to recover in such action or proceeding all reasonable attorney’s fees, expenses, and costs incurred, including, without limitation, such fees, expenses, and costs on appeal and/or bankruptcy proceeding.

10.07 Other Provisions
IN WITNESS WHEREOF, OWNER and CONTRACTOR have signed this Agreement in duplicate. One counterpart each has been delivered to OWNER and CONTRACTOR. All portions of the Contract Documents have been signed or identified by OWNER and CONTRACTOR or on their behalf.

NOTE TO USER
1. See 1-21 and correlate procedures for format and signing between the two documents.

This Agreement will be effective on ______________, ______ (which is the Effective Date of the Agreement).

- 56 -
1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to pay to OWNER upon default of Bidder the penal sum set forth on the face of this Bond.

2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by OWNER) the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents.

3. This obligation shall be null and void if:
   3.1. OWNER accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by OWNER) the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents, or
   3.2. All Bids are rejected by OWNER, or
   3.3. OWNER fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by paragraph 5 hereof).

4. Payment under this Bond will be due and payable upon default by Bidder and within 30 calendar days after receipt by Bidder and Surety of written notice of default from OWNER, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.

5. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by OWNER and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from Bid due date without Surety's written consent.

6. No suit or action shall be commenced under this Bond prior to 30 calendar days after the notice of default required in paragraph 4 above is received by Bidder and Surety and in no case later than one year after Bid due date.

7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state in which the Project is located.

8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.

9. Surety shall cause to be attached to this Bond a current and effective Power or Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.

11. The term "Bid" as used herein includes a Bid, offer or proposal as applicable.

Originally prepared through the joint efforts of the Surety Association of America, Engineers Joint Contract Documents Committee, the Associated General Contractors of America, and the American Institute of Architects.
1. The CONTRACTOR and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Contract, which is incorporated herein by reference.

2. If the CONTRACTOR performs the Contract, the Surety and the CONTRACTOR have no obligation under this Bond, except to participate in conferences as provided in paragraph 3.1.

3. If there is no OWNER Default, the Surety’s obligation under this Bond shall arise:

3.1. The OWNER has notified the CONTRACTOR and the Surety at the addresses described in paragraph 10 below that the OWNER is considering declaring a CONTRACTOR Default and has requested and attempted to arrange a conference with the CONTRACTOR and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Contract. If the OWNER, the CONTRACTOR and the Surety agree, the CONTRACTOR shall be allowed a reasonable time to perform the Contract, but such an agreement shall not waive the OWNER’s right, if any, subsequently to declare a CONTRACTOR Default; and

3.2. The OWNER has declared a CONTRACTOR Default and formally terminated the CONTRACTOR’s right to complete the Contract. Such CONTRACTOR Default shall not be declared earlier than twenty days after the CONTRACTOR, and the Surety have received notice as provided in paragraph 3.1; and

3.3. The OWNER has agreed to pay the Balance of the Contract Price to:

3.3.1. The Surety in accordance with the terms of the Contract;

3.3.2. Another contractor selected pursuant to paragraph 4.3 to perform the Contract.

4. When the OWNER has satisfied the conditions of paragraph 3, the Surety shall promptly and at the Surety’s expense take one of the following actions:

4.1. Arrange for the CONTRACTOR, with consent of the OWNER, to perform and complete the Contract; or

4.2. Undertake to perform and complete the Contract itself, through its agents or through independent contractors; or

4.3. Obtain bids or negotiated proposals from qualified contractors acceptable to the OWNER for a contract for performance and completion of the Contract, arrange for a contract to be prepared for execution by the OWNER and the contractor selected with the OWNER’s concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the Bonds issued on the Contract, and pay to the OWNER the amount of damages as described in paragraph 4.4 in excess of the Balance of the Contract Price incurred by the OWNER resulting from the CONTRACTOR Default; or

4.4. Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

4.4.1. After investigation, determine the amount for which it may be liable to the OWNER and, as soon as practicable after the amount is determined, tender payment therefor to the OWNER; or

4.4.2. Deny liability in whole or in part and notify the OWNER, citing reasons therefor.

5. If the Surety does not proceed as provided in paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the OWNER to the Surety demanding that the Surety perform its obligations under this Bond, and the OWNER shall be entitled to enforce any remedy available to the OWNER. If the Surety proceeds as provided in paragraph 4.4, and the OWNER refuses the payment tendered or the Surety has denied

6. After the OWNER has terminated the CONTRACTOR’s right to complete the Contract, and if the Surety elects to act under paragraph 4.1, 4.2, or 4.3 above, then the responsibilities of the Surety to the OWNER shall not be greater than those of the CONTRACTOR under the Contract, and the responsibilities of the OWNER to the Surety shall not be greater than those of the OWNER under the Contract. To a limit of the amount of this Bond, but subject to commitment by the OWNER of the Balance of the Contract Price to mitigate of costs and damages on the Contract, the Surety is obligated without duplication for:

6.1. The responsibilities of the CONTRACTOR for correction of defective Work and completion of the Contract;

6.2. Additional legal, design professional and delay costs resulting from the CONTRACTOR’s Default; and resulting from the actions or failure to act of the Surety under paragraph 4, and

6.3. Liquidated damages, or if no liquidated damages are specified in the Contract, actual damages caused by delayed performance or non-performance of the CONTRACTOR.

7. The Surety shall not be liable to the OWNER or others for obligations of the CONTRACTOR that are unrelated to the Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the OWNER or its heirs, executors, administrators, or successors.

8. The Surety hereby waives notice of any change, including changes of time, to the Contract or to related subcontracts, purchase orders and other obligations.

9. Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the Work or part of the Work is located and shall be instituted within two years after CONTRACTOR Default or within two years after the CONTRACTOR ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

10. Notice to the Surety, the OWNER or the CONTRACTOR shall be mailed or delivered to the address shown on the signature page.

11. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Contract was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

12. Definitions.

12.1. Balance of the Contract Price: The total amount payable by the OWNER to the CONTRACTOR under the Contract after all proper adjustments have been made, including allowance to the CONTRACTOR of any amounts received or to be received by the OWNER in settlement of insurance or other Claims for damages to which the CONTRACTOR is entitled, reduced by all valid and proper payments made to or on behalf of the CONTRACTOR under the Contract.

12.2. Contract: The agreement between the OWNER and the CONTRACTOR identified on the signature page, including all Contract Documents and changes thereto.

12.3. CONTRACTOR Default: Failure of the CONTRACTOR, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Contract.

12.4. OWNERDefault: Failure of the OWNER, which has neither been remedied nor waived, to pay the CONTRACTOR as required by the Contract or to perform and complete or comply with the other terms thereof.
Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

Originally prepared through the joint efforts of the Surety Association of America, Engineers Joint Contract Documents Committee, the Associated General Contractors of America, the American Institute of Architects, the American Subcontractors Association, and the Associated Specialty Contractors.
1. The CONTRACTOR and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the OWNER to pay for labor, materials and equipment furnished for use in the performance of the Contract, which is incorporated herein by reference.

2. With respect to the OWNER, this obligation shall be null and void if the CONTRACTOR:

   2.1. Promptly makes payment, directly or indirectly, for all sums due
   and

   2.2. Defends, indemnifies and holds harmless the OWNER from all claims, demands, liens or suits by any person or entity who furnished labor, materials or equipment for use in the performance of the Contract, provided the OWNER has promptly notified the CONTRACTOR and the Surety (at the addresses described in paragraph 12) of any claims, demands, liens or suits and tendered defense of such claims, demands, liens or suits to the CONTRACTOR and the Surety, and provided there is no OWNER Default.

3. With respect to the Claimants, this obligation shall be null and void if the CONTRACTOR promptly makes payment, directly or indirectly, for all sums due.

4. The Surety shall have no obligation to the Claimants under this Bond until:

   4.1. Claimants who are employed by the CONTRACTOR or have a direct contract with the CONTRACTOR have given notice to the Surety (at the addresses described in paragraph 12) and sent a copy, or notice thereof, to the OWNER, stating that a claim is being made under this Bond and, with substantial accuracy, the amount of the claim.

   4.2. Claimants who do not have a direct contract with the CONTRACTOR:

   1. Have furnished written notice to the CONTRACTOR and sent a copy, or notice thereof, to the OWNER, within 90 days after having last performed labor or last furnished materials or equipment included in the claim, stating, with substantial accuracy, the amount of the claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and

   2. Have either received a rejection in whole or in part from the CONTRACTOR, or not received within 30 days of furnishing the above notice any communication from the CONTRACTOR by which the CONTRACTOR had indicated the claim will be paid directly or indirectly; and

   3. Not having been paid within the above 30 days, have sent a written notice to the Surety and sent a copy, or notice thereof, to the OWNER, stating that a claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the CONTRACTOR.

5. If a notice required by paragraph 4 is given by the OWNER to the CONTRACTOR or to the Surety, that is sufficient compliance.

6. When the Claimant has satisfied the conditions of paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:

   6.1. Send an answer to the Claimant, with a copy to the OWNER, within 45 days after receipt of the claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.

   6.2. Pay or arrange for payment of any undisputed amounts.

7. The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

8. Amounts owed by the OWNER to the CONTRACTOR under the Contract shall be used for the performance of the Contract and to satisfy claims, if any, under any Performance Bond. By the CONTRACTOR furnishing and the OWNER accepting this Bond, they agree that all funds earned by the CONTRACTOR in the performance of the Contract are dedicated to satisfy obligations of the CONTRACTOR and the Surety under this Bond, subject to the OWNER's priority to use the funds for the completion of the Work.

9. The Surety shall not be liable to the OWNER, Claimants or others for obligations of the CONTRACTOR that are unrelated to the Contract. The OWNER shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.

10. The Surety hereby waives notice of any change, including changes of time, to the Contract or to related Subcontracts, purchase orders and other obligations.

11. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the Work or part of the Work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by paragraph 4.1 or paragraph 4.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

12. Notice to the Surety, the OWNER or the CONTRACTOR shall be mailed or delivered to the addresses shown on the signature page. Actual receipt of notice by Surety, the OWNER or the CONTRACTOR, however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.

13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Contract was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is, that this Bond shall be construed as a statutory Bond and not as a common law bond.

14. Upon request of any person or entity appearing to be a potential beneficiary of this Bond, the CONTRACTOR shall promptly furnish a copy of this Bond or shall permit a copy to be made.

15. DEFINITIONS

15.1. Claimant: An individual or entity having a direct contract with the CONTRACTOR or with a Subcontractor of the CONTRACTOR to furnish labor, materials or equipment for use in the performance of the Contract. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Contract, architectural and engineering services required for performance of the Work of the CONTRACTOR and the CONTRACTOR's Subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

15.2. Contract: The agreement between the OWNER and the CONTRACTOR identified on the signature page, including all Contract Documents and changes thereto.

15.3. OWNER Default: Failure of the OWNER, which has neither been remedied nor waived, to pay the CONTRACTOR as required by the Contract or to perform and complete or comply with the other terms thereof.
