AGENDA ITEM SUMMARY

DATE: 8/20/12 DEPARTMENT: PW – Streets/Capital DEPT. HEAD SIGNATURE: 

SUBJECT: Contract for Sidewalk Construction on Bullion St

AUTHORITY: □ ID Code □ IAR □ City Ordinance/Code (IF APPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

The sidewalk along Bullion St west of Main St (New Luke’s Pharmacy location) has been identified as in disrepair and requiring replacement. In addition to the damaged nature of this sidewalk its current design does not allow for snow removal by city crews with the current ADA access ramps. The new design will assist with snow removal as well as provide better ADA access to the business.

The new business has an October 1, 2012 opening planned. The contractor has stated that beginning after Labor Day the project can be completed before that date.

All such payments will be measured by the schedule of values established in paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements:

1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER may determine or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions:

   b. 95% of cost of materials and equipment not incorporated in the Work (with the balance being retainage).

2. Upon Substantial Completion, OWNER shall pay an amount sufficient to increase total payments to CONTRACTOR to 95% of the Work completed, less such amounts as ENGINEER shall determine in accordance with Article 14 of the General Conditions and less 100% of ENGINEER’s estimate of the value of Work to be completed or corrected as shown on the tentative list of items to be completed or corrected attached to the certificate of Substantial Completion. If, at Substantial Completion, the character and progress of the work has been satisfactory, the OWNER may, at the OWNER’s sole discretion, reduce the amount of retainage being held.

6.03 Prompt Payment

A. The Contractor shall pay each subcontractor for satisfactory performance of its contract no later than 20 calendar days from receipt of each payment the Contractor receives from the Department. The Contractor shall return retainage to each Subcontractor within 20 calendar days after the Subcontractor’s work is satisfactorily completed.

The Contractor shall certify with each estimate payment that payment to Subcontractors has been made within the prescribed time frames. The certification will be made on forms provided by the Department, and returned within 20 calendar days of receiving the estimate payment.

These requirements shall also apply to first or lower tier subcontractors.

AGENDA ITEM SUMMARY

SUBJECT: Discussion of Resolution and Agreement with Lytle Signs to design and install awnings on City Hall. **Resolution 2012-60**

AUTHORITY:  □ ID Code  □ IAR  □ City Ordinance/Code  
(If Applicable)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:
In May 2012, City staff advertised a bid for awning design and install for City Hall and received no responses. Staff then pursued 3 different awning manufacturers to solicit proposals. Lytle sign was the only respondent. Lytle Signs submitted the following proposal for three different scenarios, to be completed by December 1st with final payment by December 31st 2012:

The Community Development Department has stated that no building permit is required. On August 14 2012, the Planning and Zoning Commission approved the project for Design Review exemption. The plans have been shared with the Hailey Historical Preservation Commission and the State Historical Preservation Office (SHPO). Both have approved the proposed project for awnings on all of City Hall. If awnings are only installed on the south side and southern corners, historical reviews are not needed (only the northern portion of City Hall is historical). The City Treasurer is reviewing the city’s budget to determine if additional funding is available to install awnings in addition to the 1st floor’s south side and southern corners only.

FISCAL IMPACT / PROJECT FINANCIAL ANALYSIS:
The City Administrator and Treasurer are in the process of analyzing the fiscal impacts and will be available during the meeting to discuss further.

A. CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

6.02 Progress Payments; Retainage

A. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR’s Applications for Payment on or about the 1st day of each month during performance of the Work as provided in paragraphs 6.02.A.1 and 6.02.A.2 below. All such payments will be measured by the schedule of values established in paragraph 2.07.A of the General Conditions (and in the case of Unit Price Work based on the number of units completed) or, in the event there is no schedule of values, as provided in the General Requirements:

1. Prior to Substantial Completion, progress payments will be made in an amount equal to the percentage indicated below but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER may determine or OWNER may withhold, in accordance with paragraph 14.02 of the General Conditions:

   a. 95% of Work completed (with the balance being retainage); and

   b. 95% of cost of materials and equipment not incorporated in the Work (with the balance being retainage).

2. Upon Substantial Completion, OWNER shall pay an amount sufficient to increase total payments to CONTRACTOR to 95% of the Work completed, less such amounts as ENGINEER shall determine in accordance with Article 14 of the General Conditions and less 100% of ENGINEER’s estimate of the value of Work to be completed or corrected as shown on the tentative list of items to be completed or corrected attached to the certificate of Substantial Completion. If, at Substantial Completion, the character and progress of the work has been satisfactory, the OWNER may, at the OWNER’s sole discretion, reduce the amount of retainage being held.
6.03 Prompt Payment

A. The Contractor shall pay each subcontractor for satisfactory performance of its contract no later than 20 calendar days from receipt of each payment the Contractor receives from the Department. The Contractor shall return retainage to each Subcontractor within 20 calendar days after the Subcontractor’s work is satisfactorily completed.

The Contractor shall certify with each estimate payment that payment to Subcontractors has been made within the prescribed time frames. The certification will be made on forms provided by the Department, and returned within 20 calendar days of receiving the estimate payment.

These requirements shall also apply to first or lower tier subcontractors.

6.04 Final Payment

A. Upon final completion and acceptance of the Work in accordance with paragraph 14.07 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER as provided in said paragraph 14.07.
