MEMORANDUM

TO: Hailey Mayor and City Council Members
FROM: Ned C. Williamson
DATE: November 18, 2013
RE: LOT Ordinance

As you know, the voters have approved of a one percent (1%) increase on the local option tax on hotel/motel occupancy and car rentals. With this approval, I would suggest that Hailey takes the following actions:

1. Adopt Ordinance No. 1133 and conduct the first reading. Ordinance No. 1133 has an effective date of January 1, 2014. Consequently, there will be ample opportunity to conduct three readings of the ordinance and publish the ordinance before the effective date. I will present a summary of Ordinance No. 1133 for approval at the last meeting.

2. Adopt Resolution No. 2013-82 to proclaim the results of the election. See attached resolution.

3. Hailey will need to adopt criteria for the selection of its member on the Air Service Board ("Board"). We have already adopted a Joint Powers Agreement ("JPA") which will govern the operations of the Board. A copy of the JPA is attached. Under the JPA, Hailey needs to adopt criteria for the selection of the Board member subject to certain minimal qualifications established by the JPA. The JPA requires that a) the Board member be eighteen years or older, b) the Board member be appointed without consideration of political affiliation or religious denomination, c) the Board member serve without compensation and d) the Board member not have a financial interest in contracts with or be employed by the Board. See JPA, Section 2. As recognized by the JPA, the Board will have a limited scope of operation. See JPA, Section 6. In light of these parameters, I have drafted criteria for the selection of the Board member. As you can tell by the criteria, I have essentially used the same criteria set forth in the JPA as criteria to be used in the selection of the Hailey representative.

4. Once the criteria are adopted, then Hailey should select its member on the Board.

An organizational meeting was conducted on November 13. Heather Dawson and Micah Austin attended, and report the information from that meeting on Page 3 of this memo.

SELECTION CRITERIA FOR AIR SERVICE BOARD

Hailey's representative on the Sun Valley Air Service Board ("Board") shall be appointed by the Hailey Mayor with the consent and approval of the Hailey City Council. The Board member shall be appointed for a one (1) year term and shall serve without compensation.

Criteria:

1. The Board member shall be eighteen years or older.

2. The Board member shall be appointed without consideration of political affiliation or religious denomination.

3. At the time of appointment, the Board member shall not have and shall not reasonably be expected to have a conflict of interest as a member on the Board. Consistent with the Ethics in Government Act (Idaho Code §§ 59-701 et seq.), a conflict of interest shall be defined as any official action or any decision or recommendation by the member on the Board, the effect of which would be to the private pecuniary benefit of the member or a person within member's household, or a business with which the member or a person within the member's household is associated, unless the pecuniary benefit arises out of the following:

   (a) An interest or membership in a particular business, industry, occupation or class required by law as a prerequisite to the holding by the person of the office or position;

   (b) Any action in the member's official capacity which would affect to the same degree a class consisting of an industry or occupation group in which the member or a person within the member's household or business with which the member is associated, is a member or is engaged;

   (c) Any interest which the member has by virtue of his/her profession, trade or occupation where his/her interest would be affected to the same degree as that of a substantial group or class of others similarly engaged in the profession, trade or occupation;

   (d) Any action by the member upon any revenue measure, any appropriation measure or any measure imposing a tax, when similarly situated members of the general public are affected by the outcome of the action in a substantially similar manner and degree.

Hailey Ordinance No. 1141 (Adoption of 2012 International Building Code)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

I am enclosing a proposed ordinance which will only adopt the 2012 International Building Code and make it effective on January 1, 2014. At the last meeting, you approved an ordinance and conducted the first reading of an ordinance which adopted the 2012 International Building Code and which made several amendments to the building codes. Since that time, I discovered a provision in the Idaho Code which requires a 30 day advance notice to local chapters of several entities (e.g., Idaho contractors, realtors, etc.) when a municipality wishes to amend the building codes approved by the State of Idaho. I would recommend that we adopt the 2012 International Building Code making it effective on January 1, 2014, and then at a later date adopt the amendments which were in the earlier ordinance after appropriate notice has been provided under Idaho law.

SUBJECT:
Adoption of 2012 International Fire Code and International Wildland-Urban Interface Code (Ordinance No. 1142)

AUTHORITY: □ ID Code □ IAR □ City Ordinance/Code (IFAPPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:
I am enclosing a proposed ordinance which will adopt the 2012 International Fire Code and International Wildland-Urban Interface Code. For the most part, this ordinance accomplishes the goals of the Mayor and Council stated at the last meeting. As explained below, there is one issue which will need to be addressed in the future. As we do every three years, Hailey adopts the most recent version of the International Fire Code. In the past, we have also adopted the International Wildland-Urban Interface Code. This ordinance also requires ignition-resistant building materials on roofs, roof valleys, unenclosed underfloors (i.e., decks), gutters and downspouts. In addition, this ordinance prohibits fire retardant treated roofs. Lastly, for a roof replacement, this ordinance will require an ignition resistant roof if more than 25% of the roof is replaced in a one year period.

After reviewing the 2012 International Wildland-Urban Interface Code, I discovered that there is a process which we need to follow if we want to require the standards of the Wildland-Urban Interface Code throughout Hailey. The 2012 International Wildland-Urban Interface Code requires the legislative body for the City to declare the Wildland-Urban Interface area based on findings of fact. The findings of fact need to correspond to natural or man-made features. As it stands now, the fire department in conjunction with the Wood River Fire District have mapped the Wildland-Urban Interface area. Although I have not seen the map, it is my understanding that the map shows part of the perimeter of the city as the Wildland-Urban Interface area. Since we are outside of the wildland fire season, I would suggest that we get a recommendation from the fire department and then have a discussion about the scope of the Wildland-Urban Interface area. Long before the next fire season, we can adopt a Wildland-Urban Interface area.
