Safe Routes to School
Proclamation of Support
For Woodside Elementary School 2011 Infrastructure Application

Whereas, the safety of Hailey children can be improved by improving the pedestrian and cycling infrastructure around our schools.

Whereas, a lack of physical activity plays a leading role in rising rates of obesity, diabetes and other health problems among children and being able to walk or bicycle to school offers an opportunity to build activity into daily routine.

Whereas, driving students to school by private vehicle contributes to traffic congestion and air pollution.

Whereas, it is important to teach children about pedestrian safety and become aware of the difficulties and dangers that children face on their trip to school each day and the health and environmental risks related to physical inactivity and air pollution.

Whereas, our community has been actively involved in making it easier and safer for children to walk and bicycle in our communities, and this project will further these efforts.

Whereas, children, parents and community leaders around the world are joining together to walk and bike to school and evaluate walking and bicycling conditions in their communities.

Now Therefore, Be It Resolved that the undersigned agree to be partners in making it safer to bike and walk to school and, in particular, to the success of the Woodside Elementary 2011 Infrastructure Application.

Rick Davis
Mayor, City of Hailey

Tom Hellen
Director of Public Works, City of Hailey

Jeff Gunter
Chief of Police, City of Hailey

Gary St. George
Principal, Woodside Elementary
