(IFAPPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

I am enclosing an ordinance which amends Chapter 12.04 of the Hailey Municipal Code. This ordinance is intended to address two pressing issues. First, as you know, the Woodside Boulevard Reconstruction Project includes a planting strip. We would like to limit the passage of cars over the planting strip. Eventually, the strip will be planted and irrigated. We would like to prevent damage to the irrigation system which can be caused by cars passing over the planting strip and protect the vegetative cover. Second, our special events permit ordinance allows for the closure of public streets if certain standards are met. As presently stated, Chapter 12.04 prohibits closure of streets. The attached ordinance addresses both of these issues. There is urgency to address both of these issues now. Consequently, I would recommend that the council waive the three readings. I am also attaching a summary of this ordinance.

Parking Ticket Ordinance

(IFAPPLICABLE)

____________________________________________________

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

I am enclosing a proposed ordinance which amends Chapter 10.08 of the Hailey Municipal Code to allow for parking tickets. I reviewed the Boise and Ketchum ordinances on parking tickets. The key to this ordinance is that if the operator does not pay a penalty in advance, then the police can issue an infraction ticket. If an infraction ticket is served on an alleged offender, the offender can require the state to prove that the person was responsible for the parking violation. I believe this system will ensure due process.

In addition, the proposed ordinance restricts parking of vehicles on planting strips and allows the impoundment of such vehicles.

5. **Limited Recourse, Collection of Revenue Allocation.** Notwithstanding anything contained in this Note to the contrary, the recourse of City for payment of any amounts due hereunder shall be limited solely to the percentages set forth in Section 2. above, of the Revenue Allocation Proceeds from the Revenue Allocation Area, as the same are generated from time to time for the period necessary to obtain full payment of all principal and interest payable under this Note. Agency shall exercise its best efforts to cause the collection of all Taxes, including the Revenue Allocation Proceeds. As of the termination date of the Urban Renewal Plan (or earlier period if redeemed), and upon Agency’s performance of its obligations to receive and disburse revenue allocation generated during such periods to City, Agency’s obligations under this Note shall cease, and said Note shall be deemed canceled and fully satisfied. In any event, City shall not be entitled to receive more than the outstanding principal and interest balance of this Note; and in the event Revenue Allocation Proceeds generated are in excess of the sums required to satisfy such Note balance during said payment term, then Agency shall be entitled to any and all such surplus or excess revenue allocation. The Agency’s obligations hereunder are specifically limited to the obligations contained in Attachment No. 1 attached hereto and incorporated herein by reference.

6. **Assignment of Revenue Allocation Proceeds.** Agency hereby absolutely, unconditionally, and irrevocably transfers, assigns, and sets over to City for the term of this Note such amount of such Revenue Allocation Proceeds as is required to timely pay amounts becoming due hereunder until such time as all such amounts due hereon are paid in full or until the termination date of the Urban Renewal Plan.
7. **Non-general Obligation.** As provided by Idaho Code Section 50-2910, the obligations of Agency hereunder shall not constitute a general obligation or debt of the Agency, the state of Idaho, or any of its political subdivisions or give rise to a charge against their general credit or taxing powers to be payable out of any funds or properties other than the monies deposited in the special fund or funds provided for herein and pledged hereby to the payment of principal and interest on this Note.

8. **Miscellaneous.** Time is of the essence with respect to all obligations of the parties hereunder. The unenforceability or invalidity of any provisions hereof shall not affect the enforceability or validity of any other provisions hereof. The terms hereof shall bind and inure to the benefit of the parties hereto and their respective successors and assigns. This Note is delivered in Hailey, Idaho, and shall be governed by Idaho law.

9. **General Provisions.** City may delay or forego enforcing any of its rights or remedies under this Note without losing them. Agency, to the extent allowed by law, waives presentment, demand for payment, protest, and notice of dishonor. Upon any change in the terms of this Note, and unless otherwise expressly stated in writing, Agency shall not be released from liability.

IN WITNESS WHEREOF, this Note has been entered into as of the date and year first above written.

A. Obligation of the Agency to Pay to City a Portion of the Revenue Allocation (Tax Increment) Proceeds

Because the Agency administrative expenses are being financed through the City Loan, the Agency covenants and agrees to pay to the City a portion of the revenue allocation (tax increase) monies which the Agency shall actually receive within the proposed Revenue Allocation Area according to the terms and conditions described herein. The Incremental Tax Revenues are to be used to reimburse City for the loan of funds to assist Agency in the payment of administrative expenses related to the adoption of the Urban Renewal Plan.

1. Tax Increment Monies Are Sole Source of Agency Funding

Agency and City agree that the only source of monies available to Agency to pay City are the Incremental Tax Revenues to be received by Agency from the Revenue Allocation Area. Only the Incremental Tax Revenues from the Revenue Allocation Area shall be used to make the payments due to City pursuant to the Memorandum of Understanding. No payments shall be made by Agency to City which Agency may receive from time to time from other redevelopment project areas which have been or may hereinafter be established, designated, or adopted by Agency and City at some future time.

2. Contingencies of Payment

City understands that Agency is entitled to receive Incremental Tax Revenues, which are to be paid by Blaine County. City understands that the Incremental Tax Revenues shall become available to Agency only if and when the new development is constructed within the Revenue Allocation Area or otherwise from other revenues which Agency may receive is completed and has a current year assessed value which is greater than the assessed value of the Revenue Allocation Area “base year” established at the time the Urban Renewal Plan is adopted. City further understands that Agency is not a taxing agency under Idaho law, has no power to levy a property tax on real or personal property located within the Revenue Allocation Area, or to set a mill levy or rate of tax levy on real or personal property within the Revenue Allocation Area. Agency is entitled to receive tax increment funds from the Revenue Allocation Area for the period established by the Act and the Urban Renewal Plan. City has investigated the provisions of Idaho laws governing the receipt of Incremental Tax Revenues by Agency and assumes all risk that the anticipated Incremental Tax Revenues derived from the Revenue Allocation Area and in conformance with the Urban Renewal Plan will be paid to Agency and, if paid, that the amount of Incremental Tax Revenues will be sufficient to repay the obligation of Agency to City according to the terms and conditions contained in this Note. City further assumes the risk that the Agency may not receive any Revenue Allocation Proceeds if the
3. Limitation on Making Payments

It is the intention of the parties that City shall only be paid from the Incremental Tax Revenues, if any, which are paid or are payable to Agency from the Revenue Allocation Area. If, for any reason, the Incremental Tax Revenues anticipated to be received by Agency from the Revenue Allocation Area are reduced, curtailed, or limited in any way by enactments, initiative referendum, or judicial decree, Agency shall have no obligation to pay the tax increment obligation to City as described in this Note from other sources or monies which Agency has or might hereinafter receive.

4. Percentage of Tax Increment Payment

Agency agrees to pay to City seventy-five percent (75%) of the overall Incremental Tax Revenues that Agency receives as set forth in the Act, Agency adopted policy, or Urban Renewal Plan, commencing upon receipt of Incremental Tax Revenues received by Agency from the Revenue Allocation Area and thereafter for a period through the termination date of the Urban Renewal Plan or until the principal amount is retired, whichever occurs first. Because of the limitation on available funds, no amortization schedule shall be prepared or used by the parties. Rather, Agency’s obligation is to pay the applicable percentage of the overall Incremental Tax Revenues as required by the Act, Agency adopted policy, or the Urban Renewal Plan, received as described above, for the time period specified or until the principal amount, plus interest, is paid, whichever occurs first. Agency’s obligation to City shall only be to pay above-described percentages of the amounts of Incremental Tax Revenues received by Agency, notwithstanding said amount may be reduced, curtailed, or limited in any way, and there shall be no interest or amounts added to the principal in the event the Incremental Tax Revenues are reduced, curtailed or limited in any way.

5. Time and Terms of Tax Increment Payments

a. For any funds to which City is entitled, the payments received each year by Agency from the ad-valorem Taxes paid by taxpayers to the County Treasurer on the Revenue Allocation Area shall be paid to City within thirty (30) days following receipt of said funds by Agency. Agency anticipates receipt of these funds in late January and late July of each year from the ad-valorem Taxes from the Revenue Allocation Area paid by property owners each year.

b. The Act, as amended, provides that Agency will be paid tax increment funds contingent on the amount of assessed value as determined by the Blaine County Assessor each year and the rate of tax levy or the percentage of assessment levied by each of the Taxing

Agencies. Agency is not a guarantor of the assessment determination made by Blaine County Assessor or guarantor of collection of Taxes by the Blaine County Treasurer.

c. The Increment Tax Revenues resulting from the incremental increase in assessed value of the Revenue Allocation Area (as determined from the assessment records of the Blaine County Assessor and the payment records of the Blaine County Treasurer) shall be paid to City if and only as they are paid to Agency by Blaine County, the entity which has the legal responsibility to collect property-Taxes.

d. Agency agrees to make semi-annual payments of the Incremental Tax Revenues, commencing from the first date Agency receives tax increment monies from the Revenue Allocation Area for the period as described in Section 5 of this Attachment, or until the principal amount or the amount adjusted, plus interest, has been paid; whichever occurs first. Agency shall have no obligation to make tax increment payments to City for Taxes collected and paid to Agency beyond the term described in Section 5 of this Attachment.

6. Interest & Fees

Agency shall pay interest at the Interest Rate set forth above but shall not be subject to any additional fees or charges resulting from any default of this Note.

5. **Limited Recourse, Collection of Revenue Allocation.** Notwithstanding anything contained in this Note to the contrary, the recourse of City for payment of any amounts due hereunder shall be limited solely to the percentages set forth in Section 2, above, of the Revenue Allocation Proceeds from the Revenue Allocation Area, as the same are generated from time to time for the period necessary to obtain full payment of all principal and interest payable under this Note. Description of Financing of Agency-Funded Improvements

A. Obligation of the Agency to Pay to City a Portion of the Revenue Allocation (Tax Increment) Proceeds

Because the Agency administrative expenses are being financed through the City Loan, the Agency covenants and agrees to pay to the City a portion of the revenue allocation (tax increment) monies which the Agency shall actually receive within the proposed Revenue Allocation Area according to the terms and conditions described herein. The Incremental Tax Revenues are to be used to reimburse City for the loan of funds to assist Agency in the payment of administrative expenses related to the adoption of the Urban Renewal Plan.

1. Tax Increment Monies Are Sole Source of Agency Funding

Agency and City agree that the only source of monies available to Agency to pay City are the Incremental Tax Revenues to be received by Agency from the Revenue Allocation Area. Only the Incremental Tax Revenues from the Revenue Allocation Area shall be used to make the payments due to City pursuant to the Memorandum of Understanding. No payments shall be made by Agency to City which Agency may receive from time to time from other redevelopment project areas which have been or may hereinafter be established, designated, or adopted by Agency and City at some future time.

2. Contingencies of Payment

City understands that Agency is entitled to receive Incremental Tax Revenues, which are to be paid by Blaine County. City understands that the Incremental Tax Revenues shall become available to Agency only if and when the new development is constructed within the Revenue Allocation Area or other development from other revenues which Agency may receive is completed and has a current year assessed value which is greater than the assessed value of the Revenue Allocation Area “base year” established at the time the Urban Renewal Plan is adopted. Agency is entitled to receive tax increment funds from the Revenue Allocation Area for the period established by the Act and the Urban Renewal Plan. City has investigated the provisions of Idaho laws governing the receipt of Incremental Tax Revenues by Agency and assumes all risk that the anticipated Incremental Tax Revenues derived from the Revenue Allocation Area and in conformance with the Urban Renewal Plan will be paid to Agency and, if paid, that the amount of Incremental Tax Revenues will be sufficient to repay the obligation of Agency to City according to the terms and conditions contained in this Note. City further assumes the risk that the Agency may not receive any Revenue Allocation Proceeds if the proposed Urban Renewal Plan is not approved or declared invalid. City further assumes the risk
that no changes or amendments will be made in the provisions of the Act or other tax statutes which would affect or impair either Agency's right or ability to receive the aforesaid Incremental Tax Revenues and to pay the indebtedness created by execution of the Note, the length of time said monies can be received, or the percentage or the amount of the Incremental Tax Revenues paid to or anticipated to be received by Agency based upon the current statutes.

3. **Limitation on Making Payments**

   It is the intention of the parties that City shall only be paid from the Incremental Tax Revenues, if any, which are paid or are payable to Agency from the Revenue Allocation Area. If, for any reason, the Incremental Tax Revenues anticipated to be received by Agency from the Revenue Allocation Area are reduced, curtailed, or limited in any way by enactments, initiative referendum, or judicial decree, Agency shall have no obligation to pay the tax increment obligation to City as described in this Note from other sources or monies which Agency has or might hereinafter receive.

4. **Percentage of Tax Increment Payment**

Because of the limitation on available funds, no amortization schedule shall be prepared or used by the parties. Rather, Agency's obligation is to pay the applicable percentage of the overall Incremental Tax Revenues as required by the Act, Agency adopted policy, or the Urban Renewal Plan, received as described above, for the time period specified or until the principal amount, plus interest, is paid, whichever occurs first. Agency's obligation to City shall only be to pay above-described percentages of the amounts of Incremental Tax Revenues received by Agency, notwithstanding said amount may be reduced, curtailed, or limited in any way, and there shall be no interest or amounts added to the principal in the event the Incremental Tax Revenues are reduced, curtailed or limited in any way.

5. **Time and Terms of Tax Increment Payments**

   a. For any funds to which City is entitled, the payments received each year by Agency from the Taxes paid by taxpayers to the County Treasurer on the Revenue Allocation Area shall be paid to City within thirty (30) days following receipt of said funds by Agency. Agency anticipates receipt of these funds in late January and late July of each year from the Taxes from the Revenue Allocation Area paid by property owners each year.

   b. The Act, as amended, provides that Agency will be paid tax increment funds contingent on the amount of assessed value as determined by the Blaine County Assessor each year and the rate of tax levy or the percentage of assessment levied by each of the Taxing Agencies. Agency is not a guarantor of the assessment determination made by Blaine County Assessor or guarantor of collection of Taxes by the Blaine County Treasurer.

THIS MEMORANDUM OF UNDERSTANDING ("MOU") is effective on the date last executed below by and between the city of Hailey ("City") and the Hailey Urban Renewal Agency ("Agency").

RECITALS

A. City is a duly organized and existing municipal corporation of the state of Idaho, located in Blaine County, Idaho.

B. Agency is an independent public body corporate and politic, organized and existing pursuant to Idaho Code § 50-2001 et seq.

C. Pursuant to Idaho Code §§ 50-2007(f) and 50-2015, City and Agency are authorized and empowered to enter into such contracts as may be necessary to carry out the purposes of the Idaho Urban Renewal Law, including contracts for the furnishing of financial assistance by City to Agency.

D. Pursuant to Idaho Code § 50-2015, City has authorized financial assistance to Agency (the "City Loan") for costs in the amount of $50,000 (the "Loan Amount") for which Agency agrees to reimburse City as outlined herein.

E. The Agency intends to use the funds from the City Loan to pay for those certain administrative, legal, consultant, and other related expenses for the preparation of the necessary eligibility report, urban renewal plan, and other related documents for the activities of the Agency leading to the consideration and approval of an urban renewal plan, which plan will include a revenue allocation provision by the Hailey City Council.

F. City and Agency acknowledge that the sole source of Agency funds for reimbursement of the City Loan will be revenue allocation funds generated from new development within the proposed and contemplated urban renewal project area (the "Proposed Project Area") after the approval of the urban renewal plan.

G. Nothing herein shall be deemed to impede, hinder, or prevent either the Agency or the City to render its discretion in the approval process for consideration of the proposed urban renewal plan.

H. The City and the Agency have, during duly noticed public meetings, authorized execution of this MOU.

AGREEMENT

NOW, THEREFORE, it is understood between City and Agency as follows:

2. Interest shall accrue on the Loan Amount at the rate of three percent (3%) per year.

3. Agency's reimbursement payments under this MOU may be made in equal semi-annual installments on or before the 15th day of February and August of each year.

4. The term of this MOU shall be twenty (20) years, or until City is reimbursed in full, whichever occurs first.

The parties hereto may, at any time hereafter, modify or amend this MOU by a subsequent written agreement executed by both parties. This MOU may not, however, be modified or amended orally, nor shall this MOU be deemed modified or amended in any way by any act of either of the parties hereto.

8. All parties hereto are or have been afforded the opportunity to be represented by counsel in the course of the negotiations for and the preparation of this MOU; accordingly, in all cases, the language of this MOU will be construed simply, according to its fair meaning, and not strictly for or against any party.

9. No covenant, term, or condition, or breach thereof, shall be deemed waived, except by written consent of the party against whom waiver is claimed, and any waiver of the breach of any covenant, term, or condition shall not be deemed to be a waiver of any other covenant, term, or condition herein or of any future breach of the provision in question. Acceptance by a party of any performance by another party after the time the same shall have become due shall not constitute a waiver by the first party of the breach or default of any such covenant, term, or condition unless otherwise expressly agreed to in writing by the first party.

10. This MOU may be executed in counterparts, and once so executed by both parties hereto, each such counterpart shall be deemed to be an original, but all such counterparts together shall constitute but one agreement.

11. If any provision of this MOU or its application to any person or circumstance is held invalid, the remainder of this MOU or the application to other persons or circumstances shall not be affected.

Third Amendment to Sweetwater PUD Agreement and Resolution No. 2012-84

AUTHORITY: ☐ ID Code ________ ☐ IAR ________ ☐ City Ordinance/Code ________
(IF APPLICABLE)

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

I am enclosing a proposed Third Amendment to Planned Unit Development Agreement (Sweetwater). The present Sweetwater PUD agreement provides that Sweetwater is responsible for constructing new curb, gutter and sidewalk adjacent to Woodside along the owner's property to the south of Countryside. We presented the cost of doing the work under the present contract to the Sweetwater owner and proposed that Sweetwater pay that amount now and be relieved of doing the work in the future. Sweetwater has agreed to this suggestion. The enclosed Third Amendment provides that Hailey receives $17,000 now and that Sweetwater is relieved of the obligation to construct curb, gutter and sidewalk in the future.

In the event any improvements referenced herein are not completed within the timeframe set forth in this Agreement, unless the pertinent timeframe has been extended with the approval of City, City shall have the discretion to withhold the issuance of building permits for subsequent buildings or require the posting of sufficient security to ensure the completion of such improvements prior to the issuance of such permits.

Pursuant to the First Amendment, Sweetwater deposited Ninety Six Thousand Five Hundred Ninety Two and 50/100 Dollars ($96,592.50) as security for the re-vegetation/seeded of the property located within the areas identified as Phases II, III and IV on Exhibit B— with native—drought—resistant—grasses ("Landscaping"), as a result of the delay in developing these areas. If Sweetwater fails to complete the Landscaping as required, the City has the right, but not the obligation, after first giving Sweetwater notice and a sixty (60) day period within which to complete the Landscaping, to utilize the security to complete the Landscaping. In such event, if the cost to complete the Landscaping is greater than the amount of the security, Sweetwater agrees to reimburse the City within ten (10)
days of demand by the City and hold harmless the City for any and all reasonable additional costs incurred by the City when completing the Landscaping. Notwithstanding the foregoing, the security posted shall be reduced on a pro rata basis to reflect the partial completion of said Landscaping, such that the amount of the security shall at all times be equal to at least 150% of the cost to complete the remaining Landscaping.

Within each Block, separate individual townhouse plats may be recorded for groups of buildings and condominium plats may be recorded for individual buildings. Said plats may be recorded in an orderly and reasonable fashion in groupings identified at the discretion of Sweetwater, without regard to phases identified on Exhibit B, to be approved by the City Planning Administrator, such approval not to be unreasonably withheld, so long as all essential services are available to a completed townhouse or condominium structure prior to the recording of a final plat encompassing that building, all infrastructure is completed in accordance with the schedule described herein and a certificate of occupancy has been issued for all the units within the plat encompassing such building, or sufficient security pledged to ensure completion of the same. Prior to the commencement of any building, Sweetwater shall submit to the City Planning Administrator for approval a schedule for the plat encompassing said building showing proposed groupings of buildings within individual plats. In the event Sweetwater and the planning administrator cannot agree on such groupings, Sweetwater shall be entitled request relief from the City Council with respect to groupings of buildings included on plats. Notwithstanding the foregoing, the parties agree that reasonable changes may be made to such groupings as a result of unanticipated changes in construction schedules.

2. **Construction.** This Third Amendment and the PUD Agreement, as amended by the First Amendment and the Second Amendment, constitute one agreement between the City and Sweetwater. In the event of any inconsistency between this Third Amendment and the PUD Agreement as amended by the First Amendment and the Second Amendment, the terms of this Third Amendment shall govern. All capitalized terms in this Third Amendment shall have the respective meanings in the PUD Agreement when used in this Third Amendment, unless otherwise defined herein.

3. **Ratification.** The PUD Agreement, as amended by the First Amendment, the Second Amendment and this Third Amendment, is hereby ratified and affirmed. This Third Amendment remains valid and effective even if the City fails to fully complete the improvements specified in the Woodside Project.
4. **Counterparts.** This Third Amendment may be executed in counterparts, all of which together shall constitute an agreement binding on all the Parties hereto, notwithstanding that all such Parties are not signatories to the original or the same counterpart.

IN WITNESS WHEREOF, the parties, having been duly authorized, have hereunto caused this Second Amendment to be executed, on the day and year first above written, the same being done after public hearing, notice and statutory requirements having been fulfilled.
