BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

The amendments will allow for design review exemption of certain projects and would establish procedures for review of modifications to design review approval. The Commission recommended approval on April 21, 2008.

The public hearing and first reading of this ordinance was conducted on May 19, 2008. For the second reading the Council requested limiting the authority the Planning and Zoning Commission recommended be given to the administrator to approve minor modifications to design review approval. On June 9, 2008 staff noted that this change will result in a minimum 2 week delay between a request to modify design review and a decision from the city. The Council subsequently decided to keep the language as recommended by the Commission and have another first reading of the ordinance.

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

Following the Council’s review of this ordinance at your last meeting, I have revised language found in Section 2.04.010.06(5), which addresses reconsideration of a decision. The new language is in bold print. There are two revisions. First, the motion for reconsideration is now limited to legal issues. Under this draft, new evidence is not a sufficient reason to seek a reconsideration. Second, I have outlined a two step hearing process if the city wishes to reconsider a decision. The first step does not require a public hearing, while the second step would require a public hearing with adequate notice.

If you have any questions, please contact me. Thanks.

BACKGROUND/SUMMARY OF ALTERNATIVES CONSIDERED:

Following the Council's review of the tree ordinance at your last meeting, I have included some language about notice to property owners and consultation, along with a right of appeal. In addition, I have added some language clarifying when a tree along a public right-of-way boundary is subject to the ordinance. Finally, I have made some formatting revisions.

I forwarded this draft to staff for review and comments. The only expressed concern was the language about consulting. The staff felt we should trust the Tree Committee to balance the preferences of the adjacent owner with the needs of the entire community.

If you have any questions, please contact me. Thanks.
