Adjourn

Any person requiring special accommodations to participate in the above-noticed meeting may contact Hailey Public Works at (208)788-9830 prior to the meeting.
303 & 305 N. 4\textsuperscript{th} Avenue
(Corner of 4\textsuperscript{th} & Galena)
303 & 305 4\textsuperscript{th} Ave N. Encroachment Request

• 303 & 305 4\textsuperscript{th} Ave N. & Galena have 100’ city rights of way. Property lines are 50’ from center of road or 38’ from the \textit{edge} of road.

• Consistent with neighboring properties in Old Hailey, we are requesting permission to plant 5 conifers and 10 quaking aspen trees 12’ from property line in the city right of way: Maintaining a right or way clearance of 26’ from the edge of road.

• Aspiring to mirror other Old Hailey and neighboring properties we selected Austrian Pine (2), Black Hills Spruce (3) and a mix of single and multi trunk Quaking Aspen trees.

• While we did review the “Recommended Street Tree List”, we did not find the selections consistent with other Old Hailey properties & hoped to better blend into the neighborhood with our selection.

• Additionally, the recommended list is specific to 6’ or 10’ wide planting beds and references limitations due to concerns for overhead power lines and sidewalks – neither exist on our corner of 4\textsuperscript{th} Ave N. & Galena.
Austrian Pine

Black Hills Spruce

Quaking Aspen

Trees to be planted within 10-12' of property line allowing for 26'-28' for City’s “right of way” from edge of pavement on 4th Ave and Galena. Applicant / owner understands trees are the responsibility of property owner.
