Public Comment:

- Hailey resident Justin McCarthy asked that the City consider using professional services, such as Dreamland, to perform maintenance repairs at the skate park. He suggested moving the port-a-potty to a more flat location, it is currently at an angle. He emphasized that the repair work needs to be completed at the skate park before it is too late to make the repairs.

Skate Park:

- Board reviewed quote from McDowell Concrete to make center area of park usable, and thought that it seemed to be a reasonable quote. The Board noted that a large investment was made in the skate park 20 years ago, and since that time required maintenance has become apparent, especially as additional users are allowed to utilize the park. The Board suggested requesting additional information including: whether all charges are included in the quote, when the work could be performed, and what the additional repairs would cost.
- Andy Andrews helping to coordinate with Alpine Tree Service to grind stumps out

Heagle Park:

- Karen offered to help organize a Heagle Park workday on 7/18 from 4:00-6:00PM

Curtis Park:

- Board recommended reviewing overall master planning for Curtis Park, and taking into account what the Sunbeam Park has to offer

Board will meet at Heagle Park for next meeting.

Meeting adjourned at 6:00.
