https://marketplace.uidaho.edu/C20272_ustores/web/store_cat.jsp?STOREID=57&CATID=295

Trees – conifers:

1. *Ponderosa Pine (native)
2. *Douglas fir (native)
3. *Pinyon Pine (native to Utah/Colorado)
4. Western White Pine (state tree, fast growing native)
5. Western Larch (deciduous, native)
6. White ('concolor') fir (some are native near McCall)

Trees – deciduous:

1. Paper birch (less likely to have borers than non-native, good option to replace aspen)
2. *Black Hawthorn (native)
3. *Bur-Gamble Oak (small tree/shrub, native to Utah/Colorado, hardy hybrid)

Shrubs:

1. Lewis Syringa (native, state flower)
2. Greene's Mountain Ash (native)
3. *Serviceberry
4. *Oakleaf Sumac

(* drought-tolerant)
