Mayor Burke Gives State of the City Report

(Hailey, Idaho) – Mayor Martha Burke gave a State of the City Report to the Hailey City Council and full audience on February 27, 2023. Much like the president's State of the Union address, the State of the City report celebrates the community and government accomplishments, identifies challenges, and sets the stage for policy planning and budgeting for the year ahead.

The 2023 Report builds upon the Mayor and Council's mutually adopted budget goals from 2022. It lists the accomplishments of the City, identifies key challenges facing us, and outlines the top three priorities of each department for the coming year. The Report can be viewed here:

States Mayor Burke: "Hailey is the greatest place I know to live and work, and for one primary reason: the community. Our small size has allowed us to know each other as neighbors and to operate with a small-town, friendly approach. I value above all our sense of community and shared neighborly attitude. We have accomplished many projects with our dedicated, capable and nimble staff, making me proud to serve as the Hailey Mayor."
