Recommendations

What to do before Flooding Occurs

- Determine if your property is located in the Floodplain.
- Purchase Flood Insurance: It can take up to 30 days to go into effect!
- Prepare your home!
 - o Keep drainage channels and pipes free of obstructions and debris.
 - o Setup sandbags within 3 feet of your structure.
 - o Make sure your sump pump is working.
 - o Mark your circuit breakers/fuses.
 - o Move or anchor any outdoor furniture/equipment.
- Keep an emergency supply of items such as: of non-perishable food, water, batteries, flashlights, and battery-operated radio.
- Make sure your cell phone is charged.
- Develop and practice an evacuation plan for your family.
- Establish contact point if your family gets separated.
- Take inventory of home and retain this list/video/pictures for potential insurance claims.
- Move valuables, important paperwork, furniture, and HVAC equipment, when possible, to higher areas of the dwelling to minimize damage.
- Sign up for Blaine County Emergency communications: Notify Me and CodeRed.

- In the event of flooding, don't wait to evacuate your family and pets.

What to do During a Flood

- Visit www.blaineemergency.org or tune into the local commercial radio or television stations for Watch and Warning Bulletins.
- Do not walk or drive through flood waters.
- Do not attempt to drive or wade through deep pockets of water or running washes.
- Obey evacuation orders. If able to do so safely, disconnect utilities and appliances.
- Avoid low-lying areas.
- Prepare by filling tubs, sinks, and jugs with water in case water becomes contaminated.
- Keep evacuation plan and emergency supply bag readily available.
